(3) By approval of the proposal upon the recommendation of the commissioner, the board shall be deemed to have authorized all necessary equivalencies and waivers of regulations enumerated in the proposal.

(4) The commissioner may specify an authorization period for the recovery high school, which shall be no less than four years. Before July first of each year the recovery high school is in operation, the [school district or group of school districts] **sponsoring entity**, in consultation with the recovery high school, shall submit to the commissioner an analysis of the recovery high school's educational, recovery, and other related outcomes as specified in the proposal. The commissioner shall review the analysis and renew any recovery high school meeting the requirements of this section and the requirements of the school's proposal and may include terms and conditions to address areas needing correction or improvement. The commissioner may revoke or suspend the authorization of a recovery high school not meeting the requirements of this section or the requirements of the school's proposal.

(5) Pupil attendance, dropout rate, student performance on statewide assessments, and other data considered in the Missouri school improvement program and school accreditation shall not be attributed to the general accreditation of either a sending district or the [district or districts] **sponsoring entity** operating the recovery high school and may be used by the commissioner only in the renewal process for the recovery high school as provided in this subsection.

3. (1) A school district may enter into an agreement with a [district or districts] **sponsoring entity** operating a recovery high school for the enrollment of an eligible student who is currently enrolled in or resides in the sending district.

(2) A parent or guardian may seek to enroll an eligible student residing in a sending district in a recovery high school created under this section. A student over eighteen years of age residing in a sending district may seek to enroll in a recovery high school.

(3) An "eligible student" shall mean a student who is in recovery from substance use disorder or substance dependency, or such a condition along with co-occurring disorders such as anxiety, depression, and attention deficit hyperactivity disorder, and who is determined by the recovery high school to be a student who would academically and clinically benefit from placement in the recovery high school and is

committed to working on the student's recovery. The recovery high school shall consider available information including, but not limited to, any recommendation of a drug counselor, alcoholism counselor, or substance abuse counselor licensed or certified under applicable laws and regulations.

(4) A recovery high school shall not limit or deny admission to an eligible student based on race, ethnicity, national origin, disability, income level, proficiency in the English language, or athletic ability.

4. (1) The recovery high school shall annually adopt a policy establishing a tuition rate for its students no later than February first of the preceding school year.

(2) The sending district of an eligible student who is enrolled in and attending a recovery high school shall pay tuition to the recovery high school equal to the lesser of:

(a) The tuition rate established under subdivision (1) of this subsection; or

(b) The state adequacy target, as defined in section 163.011, plus the average sum produced per child by the local tax effort above the state adequacy target of the sending district.

(3) If costs associated with the provision of special education and related disability services to the student exceed the tuition to be paid under subdivision (2) of this subsection, the sending district shall remain responsible for paying the excess cost to the recovery high school.

(4) The commissioner may enter into an agreement with the appropriate official or agency of another state to develop a reciprocity agreement for otherwise eligible, nonresident students seeking to attend a recovery high school in this state. A recovery high school may enroll otherwise eligible students residing in a state other than this state as provided in such reciprocity agreement. Such reciprocity agreement shall require the out-of-state student's district of residence to pay to the recovery high school an annual amount equal to one hundred five percent of the tuition rate for the recovery high school established under this subsection. If an otherwise eligible student resides in a state that is not subject to a reciprocity agreement, such student may attend a recovery high school provided such student pays to the school one hundred five percent of the tuition rate for the recovery high school established under this subsection. No student enrolled and attending a recovery high school under this subdivision shall be included as a resident pupil for any state aid purpose under chapter 163.

5. The board, in consultation with the department of mental health, may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 11

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate

Bill No. 68, Page 79, Section 168.331, Line 31, by inserting after all of the said section and line the following:

"169.070. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or who has attained age fifty-five and whose creditable service is twenty-five years or more or whose creditable service is thirty years or more regardless of age, may be the sum of the following items, not to exceed one hundred percent of the member's final average salary:

(1) Two and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years.

In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

(3) Two and four-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years, and the member has not attained age fifty-five;

(4) Two and thirty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained age fifty-five;

(5) Two and three-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years, and the member has not attained age fifty-five;

(6) Two and twenty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years, and the member has not attained age fifty-five;

(7) Two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five;

(8) Two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is thirty-two years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was

in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

- (1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;
- (2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;
- (3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;
- (4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

- (1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;
- (2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;
- (3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section [169.580 or] 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. (1) If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case

of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections.

(2) Notwithstanding any other provision of this chapter to the contrary, the limitation on the total of the increases granted to a retired member or beneficiary as provided by subdivision (1) of this subsection shall be subject to an annual increase approved by the board of trustees beginning on December 31, 2025, and on each December thirty-first thereafter, except that such annual increase shall not exceed one percent per year. Any increase to the limitation shall depend on the performance of the system's investments. If the system's investments earn two percent or greater returns in excess of the investment return rate adopted by the board of trustees in the immediately prior fiscal year, then the percentage of the retirement allowance for the total of increases granted to a retired member or beneficiary shall be increased by one percent. The one percent increase shall be incorporated in the calculation applicable to the retirement allowances in the calendar year that immediately follows the fiscal year in which the system's investments met or exceeded by two percent the investment return rate. The total of the increases granted to a retired member or beneficiary shall not exceed one hundred percent of the retirement allowance established at retirement or as previously adjusted by other sections. The percentage of the retirement allowance for the total of increases granted to a retired member or beneficiary shall not be decreased. Any reference to the limitation on the total of increases granted to a retired member or beneficiary in any other section of this chapter shall be construed to be the percentage of the retirement allowance in effect as increased pursuant to this subdivision, unless such increase to the percentage of the retirement allowance is otherwise expressly excluded.

(3) If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued

retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

- (1) Thirty or more years of service, one thousand two hundred dollars;
- (2) At least twenty-five years but less than thirty years, one thousand dollars;
- (3) At least twenty years but less than twenty-five years, eight hundred dollars;
- (4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of

two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

169.670. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals

eighty years or more, or whose creditable service is thirty years or more regardless of age, shall be the sum of the following items:

(1) For each year of membership service, one and sixty-one hundredths percent of the member's final average salary;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service;

(3) Eighty-five one-hundredths of one percent of any amount by which the member's average compensation for services rendered prior to July 1, 1973, exceeds the average monthly compensation on which federal Social Security taxes were paid during the period over which such average compensation was computed, for each year of membership service credit for services rendered prior to July 1, 1973, plus six-tenths of the amount payable for a year of membership service for each year of prior service credit;

(4) In lieu of the retirement allowance otherwise provided by subdivisions (1) to (3) of this subsection, a member may elect to receive a retirement allowance of:

(a) One and fifty-nine hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years and the member has not attained the age of fifty-five;

(b) One and fifty-seven hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained the age of fifty-five;

(c) One and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years and the member has not attained the age of fifty-five;

(d) One and fifty-three hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years and the member has not attained the age of fifty-five;

(e) One and fifty-one hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years and the member has not attained the age of fifty-five; and

(5) In addition to the retirement allowance provided in subdivisions (1) to (3) of this subsection, a member retiring on or after July 1, 2001, whose creditable service is thirty years or more or whose sum of age and creditable service is eighty years or more, shall receive a temporary retirement allowance equivalent to eight-tenths of one percent of the member's final average salary multiplied by the member's years of service until such time as the member reaches the minimum age for Social Security retirement benefits.

2. (1) If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases five percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by five percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board; provided that, the increase provided in this subsection shall not become effective until the

fourth January first following a member's retirement or January 1, 1982, whichever occurs later, and the total of the increases granted to a retired member or the beneficiary after December 31, 1981, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other provisions of law.

(2) Notwithstanding any other provision of this chapter to the contrary, the limitation on the total of the increases granted to a retired member or beneficiary as provided by subdivision (1) of this subsection shall be subject to an annual increase approved by the board of trustees beginning on December 31, 2025, and on each December thirty-first thereafter, except that such annual increase shall not exceed one percent per year. Any increase to the limitation shall depend on the performance of the system's investments. If the system's investments earn two percent or greater returns in excess of the investment return rate adopted by the board of trustees in the immediately prior fiscal year, then the percentage of the retirement allowance for the total of increases granted to a retired member or beneficiary shall be increased by one percent. The one percent increase shall be incorporated in the calculation applicable to the retirement allowances in the calendar year that immediately follows the fiscal year in which the system's investments met or exceeded by two percent the investment return rate. The total of the increases granted to a retired member or beneficiary shall not exceed one hundred percent of the retirement allowance established at retirement or as previously adjusted by other sections. The percentage of the retirement allowance for the total of increases granted to a retired member or beneficiary shall not be decreased. Any reference to the limitation on the total of increases granted to a retired member or beneficiary in any other section of this chapter shall be construed to be the percentage of the retirement allowance in effect as increased pursuant to this subdivision, unless such increase to the percentage of the retirement allowance is otherwise expressly excluded.

(3) If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

3. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 2 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; provided that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1981.

4. (1) In lieu of the retirement allowance provided in subsection 1 of this section, called option 1, a member whose creditable service is twenty-five years or more or who has attained age fifty-five with five or more years of creditable service may elect, in the application for retirement, to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death, the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have

nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the reserve for the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the reserve for the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 7.

A plan of variable monthly benefit payments which provides, in conjunction with the member's retirement benefits under the federal Social Security laws, level or near-level retirement benefit payments to the member for life during retirement, and if authorized, to an appropriate beneficiary designated by the member. Such a plan shall be actuarially equivalent to the retirement allowance under option 1 and shall be available for election only if established by the board of trustees under duly adopted rules.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after attaining age fifty-five and acquiring five or more years of creditable service or after acquiring twenty-five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship payments under option 2 or a payment of the member's accumulated contributions. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 of this section.

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the beneficiary has an insurable interest in the life of the deceased member or disability retiree, the designated beneficiary may elect to receive either a payment of the person's accumulated contributions or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the person's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 of this section.

5. If the total of the retirement or disability allowances paid to an individual before the person's death is less than the person's accumulated contributions at the time of the person's retirement, the difference shall be paid to the person's beneficiary or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or person's estate, in that order of precedence; provided, however, that if an optional benefit, as provided in option 2, 3 or 4 in subsection 4 of this section, had been elected and the beneficiary dies after receiving the optional benefit, then, if the total retirement allowances paid to the retired individual and the individual's beneficiary are less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

6. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the

beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

7. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the member's death shall be paid to the member's beneficiary or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the member's estate; provided, however, that no such payment shall be made if the beneficiary elects option 2 in subsection 4 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

8. If a member ceases to be an employee as defined in section 169.600 and certifies to the board of trustees that such cessation is permanent or if the person's membership is otherwise terminated, the person shall be paid the person's accumulated contributions with interest.

9. Notwithstanding any provisions of sections 169.600 to 169.715 to the contrary, if a member ceases to be an employee as defined in section 169.600 after acquiring five or more years of creditable service, the member may, at the option of the member, leave the member's contributions with the retirement system and claim a retirement allowance any time after the member reaches the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.600 to 169.715 on the basis of the member's age and years of service.

10. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty.

11. Notwithstanding any provisions of sections 169.600 to 169.715 to the contrary, any member who is a member prior to October 13, 1969, may elect to have the member's retirement allowance computed in accordance with sections 169.600 to 169.715 as they existed prior to October 13, 1969.

12. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

13. Notwithstanding any other provision of law, any person retired prior to August 14, 1984, who is receiving a reduced retirement allowance under option 1 or 2 of subsection 4 of this section, as the option existed prior to August 14, 1984, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have the person's retirement allowance increased to the amount the person would have been receiving had the person not elected the option actuarially adjusted to recognize any excessive benefits which would have been paid to the person up to the time of the application.

14. Benefits paid pursuant to the provisions of the public education employee retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code, except as

provided under this subsection. Notwithstanding any other law, the board of trustees may establish a benefit plan under Section 415(m) of Title 26 of the United States Code. Such plan shall be credited solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

15. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a deceased retired member upon request shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging. As compensation for such duties the person shall receive a payment equivalent to seven and four-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 2 and 3 of this section for the purposes of the limit on the total amount of increases which may be received.

16. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member upon request shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging. As compensation for such duties the person shall receive a payment equivalent to three and four-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 2 and 3 of this section for the purposes of the limit on the total amount of increases which may be received.

17. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member upon request shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging. As compensation for such duties the person shall receive a payment equivalent to seven and one-tenth percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 2 and 3 of this section for the purposes of the limit on the total amount of increases which may be received."; and

4. The director shall issue [an annual] **a biennial** commercial driver's license containing a school bus endorsement to an applicant who is [seventy] **seventy-five** years of age or older. The fee for such license shall be seven dollars and fifty cents.

5. A commercial driver's license containing a hazardous materials endorsement issued to an applicant who is seventy years of age or older shall not be issued for a period exceeding three years. The director shall not require such drivers to obtain a security threat assessment more frequently than such assessment is required by the Transportation Security Administration under the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act (USA PATRIOT ACT) of 2001.

(1) The state shall immediately revoke a hazardous materials endorsement upon receipt of an initial determination of threat assessment and immediate revocation from the Transportation Security Administration as defined by 49 CFR 1572.13(a).

(2) The state shall revoke or deny a hazardous materials endorsement within fifteen days of receipt of a final determination of threat assessment from the Transportation Security Administration as required by CFR 1572.13(a).

6. The fee for a commercial driver's license or renewal commercial driver's license issued for a period greater than three years shall be forty dollars.

7. The fee for a commercial driver's license or renewal commercial driver's license issued for a period of three years or less shall be twenty dollars.

8. The fee for a duplicate commercial driver's license shall be twenty dollars.

9. In order for the director to properly transition driver's license requirements under the Motor Carrier Safety Improvement Act of 1999 and the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act (USA PATRIOT ACT) of 2001, the director is authorized to stagger expiration dates and make adjustments for any fees, including driver examination fees that are incurred by the driver as a result of the initial issuance of a transitional license required to comply with such acts.

10. Within thirty days after moving to this state, the holder of a commercial driver's license shall apply for a commercial driver's license in this state. The applicant shall meet all other requirements of sections 302.700 to 302.780, except that the director may waive the driving test for a commercial driver's license as required in section 302.720 if the applicant for a commercial driver's license has a valid commercial driver's license from a state which has requirements for issuance of such license comparable to those in this state.

11. Any person who falsifies any information in an application or test for a commercial driver's license shall not be licensed to operate a commercial motor vehicle, or the person's commercial driver's license shall be cancelled, for a period of one year after the director discovers such falsification.

12. Beginning July 1, 2005, the director shall not issue a commercial driver's license under this section unless the director verifies that the applicant is lawfully present in the United States before accepting the application. If lawful presence is granted for a temporary period, no commercial driver's license shall be

issued. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant and establish the duration of any commercial driver's license issued under this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

(1) Effective December 19, 2005, notwithstanding any provisions of subsections 1 and 5 of this section to the contrary, the director may issue a nondomiciled commercial driver's license or commercial driver's instruction permit to a resident of a foreign jurisdiction if the United States Secretary of Transportation has determined that the commercial motor vehicle testing and licensing standards in the foreign jurisdiction do not meet the testing standards established in 49 CFR 383.

(2) Any applicant for a nondomiciled commercial driver's license or commercial driver's instruction permit must present evidence satisfactory to the director that the applicant currently has employment with an employer in this state. The nondomiciled applicant must meet the same testing, driver record requirements, conditions, and is subject to the same disqualification and conviction reporting requirements applicable to resident commercial drivers.

(3) The nondomiciled commercial driver's license will expire on the same date that the documents establishing lawful presence for employment expire. The word "nondomiciled" shall appear on the face of the nondomiciled commercial driver's license. Any applicant for a Missouri nondomiciled commercial driver's license or commercial driver's instruction permit must first surrender any nondomiciled commercial driver's license issued by another state.

The planning process shall include public, private, and private not-for-profit agencies which have provided such services for this population. The school district, or school districts, or special school district, shall be responsible for designing an efficient service delivery system which uses the present resources of the local community which may be funded by the department of elementary and secondary education or the department of mental health. School districts may coordinate with public, private, and private not-for-profit agencies presently in existence. The service delivery system shall be consistent with the requirements of the department of elementary and secondary education to provide appropriate special education services in the least restrictive environment.

2. (2) The category of young child with a developmental delay shall not be used to determine continuing eligibility for special educational services for a student who is seven years of age before

August first of a given school year, but eligibility for special educational services may be determined for such students through any other disability category.

9. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void."; and

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 754, Page 1, Section A, Line 6, by inserting after all of said line the following:

“143.081. 1. A resident individual, resident estate, and resident trust shall be allowed a credit against the tax otherwise due pursuant to sections 143.005 to 143.998 for the amount of any income tax imposed for the taxable year by another state of the United States (or a political subdivision thereof) or the District of Columbia on income derived from sources therein and which is also subject to tax pursuant to sections 143.005 to 143.998. For purposes of this subsection, the phrase “income tax imposed” shall be that amount of tax before any income tax credit allowed by such other state or the District of Columbia if the other state or the District of Columbia authorizes a reciprocal benefit for residents of this state.

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other jurisdiction bears to the taxpayer's Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction. The provisions of this subsection shall apply to any credit allowed under this section, **provided that such credit shall be allowed under this section with respect to any estate or trust to the extent its Missouri adjusted gross income is excluded from Missouri taxable income pursuant to the subtraction set forth in subsection 3 of section 143.341.**

3. (1) For the purposes of this section, in the case of an S corporation, each resident S shareholder shall be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state which does not measure the income of shareholders on an S corporation by reference to the income of the S corporation or where a composite return and composite payments are made in such state on behalf of the S shareholders by the S corporation.

(2) A resident S shareholder shall be eligible for a credit issued pursuant to this section in an amount equal to the individual income tax imposed pursuant to this chapter on such shareholder's share of the S corporation's income derived from sources in another state of the United States or the District of Columbia, and which is subject to income tax pursuant to this chapter but is not subject to income tax in such other jurisdiction or a political subdivision thereof.

4. For purposes of subsection 3 of this section, in the case of an S corporation that is a bank chartered by a state, the Office of Thrift Supervision, or the comptroller of currency, each Missouri resident S shareholder of such out-of-state bank shall qualify for the shareholder's pro rata share of any net tax paid, including a bank franchise tax based on the income of the bank, by such S corporation where bank payment of taxes are made in such state on behalf of the S shareholders by the S bank to the extent of the tax paid.

143.341. 1. The Missouri taxable income of a resident estate or trust means its federal taxable income subject to the modifications in this section.

2. There shall be subtracted the amount if any that the federal personal exemption deduction allowable to the estate or trust exceeds its federal taxable income without its personal exemption deduction.

3. For all tax years beginning on or after January 1, 2026, there shall be subtracted that amount included in Missouri taxable income of the estate or trust that would not be included as Missouri taxable income if said estate or trust were considered a nonresident estate or trust as defined in section 143.371. This subtraction shall only apply to the extent it is not a determinant of the federal distributable net income of the estate or trust.

[3.] 4. There shall be added or subtracted, as the case may be, the modifications described in sections 143.121 and 143.141, and there shall be subtracted the federal income tax deduction provided in section 143.171. These additions and subtractions shall only apply to the extent that they are not determinants of the federal distributable net income of the estate or trust.

[4.] 5. There shall be added or subtracted, as the case may be, the share of the estate or trust in the fiduciary adjustment determined under section 143.351.

Further amend said bill, page 30, section 427.300, line 317, by inserting after all of said line the following:

“456.1-108. 1. Without precluding other means for establishing a sufficient connection with the designated jurisdiction, terms of a trust designating the principal place of administration are valid and controlling if:

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 754, Page 1, Section A, Line 6, by inserting after all of said line the following:

“143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after

July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection;

(10) For all tax years beginning on or after January 1, 2014, the amount of any income received as payment from any program which provides compensation to agricultural producers who have suffered a loss as the result of a disaster or emergency, including the:

(11) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in the current taxable year, but not deducted as a result of the limitation imposed under 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist;

(12) One hundred percent of any retirement benefits received by any taxpayer as a result of the taxpayer's service in the Armed Forces of the United States, including reserve components and the National Guard of this state, as defined in 32 U.S.C. Sections 101(3) and 109, and any other military force organized under the laws of this state; [and]

(13) For all tax years beginning on or after January 1, 2022, one hundred percent of any federal, state, or local grant moneys received by the taxpayer if the grant money was disbursed for the express purpose of providing or expanding access to broadband internet to areas of the state deemed to be lacking such access; **and**

(14) For all tax years beginning on or after January 1, 2026, the portion of capital gains on the sale or exchange of specie, as that term is defined in section 408.010, that are otherwise included in the taxpayer's federal adjusted gross income.

The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. 2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

Senator McCreery offered SA 5:

SENATE AMENDMENT NO. 5

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 754, Page 1, Section A, Line 6, by inserting after all of said line the following:

“32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

- (a) An area that is not part of a standard metropolitan statistical area;
- (b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or
- (c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any

subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that

the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year. **For any fiscal year in which the total amount of tax credits authorized for programs approved pursuant to section 32.111 is less than ten million dollars, such amount not authorized may be authorized for programs approved pursuant to section 32.112 during the same fiscal year, provided that the total combined amount of tax credits for programs approved pursuant to sections 32.111 and 32.112 during the fiscal year does not exceed eleven million dollars.**

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.”; and

"135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) "Claimant", a person or persons claiming a credit under sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the Armed Forces of the United States or this state who became one hundred percent disabled as a result of such service, or the claimant or spouse is disabled as defined in subdivision (2) of this section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require, or if the claimant has reached the age of sixty on or before the last day of the calendar year and such claimant received surviving spouse Social Security benefits during the calendar year and the claimant provides proof, as required by the director of revenue, that the claimant received surviving spouse Social Security benefits during the calendar year for which the credit will be claimed. A claimant shall not be allowed a property tax credit if the claimant filed a valid claim for a credit under section 137.106 in the year following the year for which the property tax credit is claimed. The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;

(2) "Disabled", the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

(3) "Gross rent", amount paid by a claimant to a landlord for the rental, at arm's length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then he shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

(4) "Homestead", the dwelling in Missouri owned or rented by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

(5) "Income", Missouri adjusted gross income as defined in section 143.121 less two thousand dollars **for all calendar years ending on or before December 31, 2025**, or in the case of a homestead owned and occupied, for the entire year, by the claimant, less four thousand dollars as an exemption for the claimant's spouse residing at the same address[,] **for all calendar years ending on or before December 31, 2025, or for all calendar years beginning on or after January 1, 2026, less two thousand eight hundred dollars, or in the case of a homestead owned and occupied, for the entire year, by the claimant, less five thousand eight hundred dollars, as an exemption for the claimant's spouse residing at the same address;** and increased, where necessary, to reflect the following:

(a) Social Security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-

connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

(6) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part;

(7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year.

135.025. The property taxes accrued and rent constituting property taxes accrued on each return shall be totaled. This total, up to seven hundred fifty dollars in rent constituting property taxes actually paid or eleven hundred dollars in actual property tax paid, shall be used in determining the property tax credit **for all calendar years ending on or before December 31, 2025. For all calendar years beginning on or after January 1, 2026, this total, up to one thousand fifty-five dollars in rent constituting property taxes actually paid or one thousand five hundred fifty dollars in actual property tax paid, shall be**

used in determining the property tax credit. The director of revenue shall prescribe regulations providing for allocations where part of a claimant's homestead is rented to another or used for nondwelling purposes or where a homestead is owned or rented or used as a dwelling for part of a year.

135.030. 1. As used in this section:

(1) The term "maximum upper limit" shall, for each calendar year after December 31, 1997, but before calendar year 2008, be the sum of twenty-five thousand dollars. For all calendar years beginning on or after January 1, 2008, **but ending on or before December 31, 2025**, the maximum upper limit shall be the sum of twenty-seven thousand five hundred dollars. In the case of a homestead owned and occupied for the entire year by the claimant, **for all calendar years ending on or before December 31, 2025**, the maximum upper limit shall be the sum of thirty thousand dollars. **For all calendar years beginning on or after January 1, 2026, the maximum upper limit shall be the sum of:**

(a) Thirty-eight thousand two hundred dollars for claimants with a filing status of single;

(b) Forty-two thousand two hundred dollars for claimants with a filing status of single and who owned and occupied a homestead for the entire year;

(d) Forty-eight thousand dollars for claimants with a filing status of married filing combined and who owned and occupied a homestead for the entire year.

(2) The term "minimum base" shall, for each calendar year after December 31, 1997, but before calendar year 2008, be the sum of thirteen thousand dollars. For all calendar years beginning on or after January 1, 2008, the minimum base shall be the sum of fourteen thousand three hundred dollars.

2. **(1)** If the income on a return is equal to or less than the maximum upper limit for the calendar year for which the return is filed, the property tax credit shall be determined from a table of credits based upon the amount by which the total property tax described in section 135.025 exceeds the percent of income in the following list:

If the income on the return is:

The percent is:

Not over the minimum base

0 percent with credit not to exceed \$1,100 in actual property tax or rent equivalent paid up to \$750

Over the minimum base but not	1/16 percent accumulative per
over the maximum upper limit	\$300 from 0 percent to 4 percent.

(2) The director of revenue shall prescribe a table based upon [the preceding sentences] **subdivision (1) of this subsection**. The property tax shall be in increments of twenty-five dollars and the income in increments of three hundred dollars. The credit shall be the amount rounded to the nearest whole dollar computed on the basis of the property tax and income at the midpoints of each increment. As used in this subsection, the term "accumulative" means an increase by continuous or repeated application of the percent to the income increment at each three hundred dollar level.

3. (1) For all calendar years beginning on or after January 1, 2026, if the income on a return is equal to or less than the maximum upper limit for the calendar year for which the return is filed, the property tax credit shall be determined from a table of credits based upon the amount by which the total property tax described in section 135.025 exceeds the percent of income in the following list:

If the income on the return is:	The percent is:
--	------------------------

Not over the minimum base	0 percent with credit not to exceed \$1,550 in actual property tax or rent equivalent paid up to \$1,055.
----------------------------------	--

Over the minimum base but not	1/16 percent accumulative per
over the maximum upper limit	\$495, from 0 percent to 2 percent.

(2) The director of revenue shall prescribe a table based upon subdivision (1) of this subsection. The property tax shall be in increments of twenty-five dollars and the income in increments of four hundred ninety-five dollars. The credit shall be the amount rounded to the nearest whole dollar computed on the basis of the property tax and income at the midpoints of each increment. As used in this subsection, the term "accumulative" means an increase by continuous or repeated application of the percent to the income increment at each four hundred ninety-five dollar level.

4. Notwithstanding subsection 4 of section 32.057, the department of revenue or any duly authorized employee or agent shall determine whether any taxpayer filing a report or return with the department of revenue who has not applied for the credit allowed pursuant to section 135.020 may qualify for the credit, and shall notify any qualified claimant of the claimant's potential eligibility, where the department determines such potential eligibility exists."; and

Further amend said bill, Pages 4-11, Section 143.121, Lines 1-248, by deleting all of said section and lines and inserting in lieu thereof following:

"143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries

backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection;

(10) For all tax years beginning on or after January 1, 2014, the amount of any income received as payment from any program which provides compensation to agricultural producers who have suffered a loss as the result of a disaster or emergency, including the:

Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist;

(12) One hundred percent of any retirement benefits received by any taxpayer as a result of the taxpayer's service in the Armed Forces of the United States, including reserve components and the National Guard of this state, as defined in 32 U.S.C. Sections 101(3) and 109, and any other military force organized under the laws of this state; [and]

(13) For all tax years beginning on or after January 1, 2022, one hundred percent of any federal, state, or local grant moneys received by the taxpayer if the grant money was disbursed for the express purpose of providing or expanding access to broadband internet to areas of the state deemed to be lacking such access; **and**

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

6. In addition to the modifications to a taxpayer's federal adjusted gross income in this section, to calculate Missouri adjusted gross income there shall be subtracted from the taxpayer's federal adjusted gross income any gain recognized pursuant to 26 U.S.C. Section 1033 of the Internal Revenue Code of 1986, as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of revenue with proof of the amount of qualified health insurance premiums paid.

8. (1) Beginning January 1, 2014, in addition to the subtractions provided in this section, one hundred percent of the cost incurred by a taxpayer for a home energy audit conducted by an entity certified by the department of natural resources under section 640.153 or the implementation of any energy efficiency recommendations made in such an audit shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for any such activity is included in federal taxable income. The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. The taxpayer shall also provide a copy of the summary of any recommendations made in a qualified home energy audit to the department of natural resources.

(2) At no time shall a deduction claimed under this subsection by an individual taxpayer or taxpayers filing combined returns exceed one thousand dollars per year for individual taxpayers or cumulatively exceed two thousand dollars per year for taxpayers filing combined returns.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

(4) A deduction shall not be claimed for any otherwise eligible activity under this subsection if such activity qualified for and received any rebate or other incentive through a state-sponsored energy program or through an electric corporation, gas corporation, electric cooperative, or municipally owned utility.

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 67, Page 4, Section 32.115, Line 121, by inserting after all of said section and line the following:

"143.081. 1. A resident individual, resident estate, and resident trust shall be allowed a credit against the tax otherwise due pursuant to sections 143.005 to 143.998 for the amount of any income tax imposed for the taxable year by another state of the United States (or a political subdivision thereof) or the District of Columbia on income derived from sources therein and which is also subject to tax pursuant to sections 143.005 to 143.998. For purposes of this subsection, the phrase "income tax imposed" shall be that amount of tax before any income tax credit allowed by such other state or the District of Columbia if the other state or the District of Columbia authorizes a reciprocal benefit for residents of this state.

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other jurisdiction bears to the taxpayer's Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction. The provisions of this subsection shall apply to any credit allowed under this section, **provided that such credit shall be allowed under this section with respect to any estate or trust to the extent its Missouri adjusted gross income is excluded from Missouri taxable income pursuant to the subtraction set forth in subsection 3 of section 143.341.**

3. (1) For the purposes of this section, in the case of an S corporation, each resident S shareholder shall be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state which does not measure the income of shareholders on an S corporation by reference to the income of the S corporation or where a composite return and composite payments are made in such state on behalf of the S shareholders by the S corporation.

(2) A resident S shareholder shall be eligible for a credit issued pursuant to this section in an amount equal to the individual income tax imposed pursuant to this chapter on such shareholder's share of the S corporation's income derived from sources in another state of the United States or the District of Columbia, and which is subject to income tax pursuant to this chapter but is not subject to income tax in such other jurisdiction or a political subdivision thereof.

4. For purposes of subsection 3 of this section, in the case of an S corporation that is a bank chartered by a state, the Office of Thrift Supervision, or the comptroller of currency, each Missouri resident S shareholder of such out-of-state bank shall qualify for the shareholder's pro rata share of any net tax paid, including a bank franchise tax based on the income of the bank, by such S corporation where bank payment of taxes are made in such state on behalf of the S shareholders by the S bank to the extent of the tax paid."; and

Further amend said bill, Page 11, Section 143.121, Line 248, by inserting after all of said section and line the following:

"143.341. 1. The Missouri taxable income of a resident estate or trust means its federal taxable income subject to the modifications in this section.

2. There shall be subtracted the amount if any that the federal personal exemption deduction allowable to the estate or trust exceeds its federal taxable income without its personal exemption deduction.

3. For all tax years beginning on or after January 1, 2026, there shall be subtracted that amount included in Missouri taxable income of the estate or trust that would not be included as Missouri taxable income if said estate or trust were considered a nonresident estate or trust as defined in section 143.371. This subtraction shall only apply to the extent it is not a determinant of the federal distributable net income of the estate or trust.

[3.] 4. There shall be added or subtracted, as the case may be, the modifications described in sections 143.121 and 143.141, and there shall be subtracted the federal income tax deduction provided in section 143.171. These additions and subtractions shall only apply to the extent that they are not determinants of the federal distributable net income of the estate or trust.

[4.] 5. There shall be added or subtracted, as the case may be, the share of the estate or trust in the fiduciary adjustment determined under section 143.351."; and

The five years of tuition award eligibility starts once the individual applies for and receives the tuition award for the first time and is available to such individual for the next five consecutive years or the individual's achievement of one hundred twenty credit hours, whichever occurs first.

5. Subject to appropriation, a legal dependent of public safety personnel with at least ten years of service shall be entitled to a tuition award worth up to one hundred percent of the resident tuition charges of an institution of higher education for an associate or baccalaureate degree program if such public safety personnel satisfies the provisions of subdivisions (1), (5), and (6) of subsection 3 of this section and the legal dependent:

7. The tuition award shall be worth:

(1) Up to one hundred percent of the public safety personnel's or the legal dependent's tuition remaining due after subtracting awarded federal financial aid grants and state scholarships and grants for the eligible public safety personnel or legal dependent during the time the public safety personnel or legal dependent is enrolled. To remain eligible, the public safety personnel or legal dependent shall comply with all requirements of the institution for continued attendance and award of an associate degree or a baccalaureate degree; or

(2) The death of public safety personnel in the line of duty which occurs after submission of an application for a tuition award shall not disqualify such individual's otherwise eligible legal dependent from receiving the tuition award. In such case, in lieu of submitting the certificate of verification provided for in subdivision (1) of this subsection, the legal dependent shall submit a statement attesting that:

(a) At the time of death, such public safety personnel satisfied the requirements of subdivision (1) of this subsection; and

10. All applicants for a tuition award shall submit their applications to the department no later than December fifteenth annually. No later than March first annually, the department shall send written notice of the applicant's eligibility or ineligibility for the tuition award and state whether the application has been approved or denied. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.

12. (1) There is hereby created in the state treasury the "Public Safety Recruitment and Retention Fund", which shall consist of moneys appropriated by the general assembly or any gifts, donations, or bequests for the purpose of implementing the provisions of this section and section 173.2660. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. 14. The tuition awards provided for in this section and section 173.2660 are subject to appropriation. If there are no moneys in the fund established in subsection 12 of this section, no tuition awards shall be granted.

173.2660. 1. Each legal dependent who is a tuition award recipient pursuant to the provisions of section 173.2655 shall execute an agreement as provided in this section. Such agreement shall include the following terms, as appropriate:

(1) The tuition award recipient agrees to reside within the state of Missouri for a period of five years following the use of the tuition award;

(2) Each year during the five-year period following use of the tuition award, the tuition award recipient agrees to file a state income tax return and provide a copy of such tax return to the department to document that such recipient still resides in the state of Missouri;

(3) If the tuition award recipient fails to annually file a tax return to prove residency in the state of Missouri for the five-year period following the use of the tuition award or fails to remain a resident of Missouri for the five-year period following the use of the tuition award, the tuition award recipient agrees that the tuition award shall be treated as a loan to such recipient, subject to the following conditions:

(a) Interest shall be charged on the unpaid balance of the amount received from the date the recipient ceases to reside in Missouri until the amount received is paid back to the state. The interest rate shall be adjusted annually and shall be equal to one percentage point over the prevailing United States prime rate in effect on January first of such year; and

(b) The servicer of such loans shall be the higher education loan authority of the state of Missouri created pursuant to sections 173.350 to 173.445; and

(4) Any residency, filing, or payment obligation incurred by the tuition award recipient under section 173.2655 is canceled in the event of the tuition award recipient's total and permanent disability or death.

“163.048. 1. As used in this section, the following terms mean:

(1) “Athletics”, any interscholastic athletic games, contests, programs, activities, exhibitions, or other similar competitions organized and provided for students;

(2) “Sex”, the two main categories of male and female into which individuals are divided based on an individual's reproductive biology at birth and the individual's genome.

2. (1) The general assembly hereby finds the following:

(a) A noticeable disparity continues between the athletics participation rates of students who are male and students who are female; and

(b) Courts have recognized that classification by sex is the only feasible classification to promote the governmental interest of providing opportunities for athletics for females.

(2) The general assembly hereby declares that it is the public policy of this state to further the governmental interest of ensuring that sufficient opportunities for athletics remain available for females to remedy past discrimination on the basis of sex.

3. (1) Except as provided under subdivision (2) of this subsection, no private school, public school district, public charter school, or public or private institution of postsecondary education shall allow any student to compete in an athletics competition that is designated for the biological sex opposite to the student's biological sex as correctly stated on the student's official birth certificate as described in subsection 4 of this section or, if the student's official birth certificate is unobtainable, another government record.

(2) A private school, public school, public charter school, or public or private institution of postsecondary education may allow a female student to compete in an athletics competition that is designated for male students if no corresponding athletics competition designated for female students is offered or available.

4. For purposes of this section, a statement of a student's biological sex on the student's official birth certificate or another government record shall be deemed to have correctly stated the student's biological sex only if the statement was:

(1) Entered at or near the time of the student's birth; or

(2) Modified to correct any scrivener's error in the student's biological sex.

5. A private school, public school district, public charter school, or public or private institution of postsecondary education that violates subdivision (1) of subsection 3 of this section shall not receive any state aid under this chapter or chapter 173 or any other revenues from the state.

6. The parent or guardian of any student, or any student who is over eighteen years of age, who is deprived of an athletic opportunity as a result of a violation of this section shall have a cause of action for injunctive or other equitable relief, as well as payment of reasonable attorney's fees, costs, and expenses of the parent, guardian, or student. The relief and remedies set forth shall not be deemed exclusive and shall be in addition to any other relief or remedies permitted by law.

7. The department of elementary and secondary education and the department of higher education and workforce development shall each promulgate all necessary rules and regulations for the

implementation and administration of this section. Such rules and regulations shall ensure compliance with state and federal law regarding the confidentiality of student medical information. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

8. [The provisions of this section shall expire on August 28, 2027.]

[9.] If any provision of this section or the application thereof to anyone or to any circumstance is held invalid, the remainder of this section and the application of such provisions to others or other circumstances shall not be affected thereby.”; and

"190.241. 1. Except as provided for in subsection 4 of this section, the department shall designate a hospital as an adult, pediatric or adult and pediatric trauma center when a hospital, upon proper application submitted by the hospital and site review, has been found by the department to meet the applicable level

of trauma center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. Site review may occur on-site or by any reasonable means of communication, or by any combination thereof. Such rules shall include designation as a trauma center without site review if such hospital is verified by a national verifying or designating body at the level which corresponds to a level approved in rule. In developing trauma center designation criteria, the department shall use, as it deems practicable, peer-reviewed and evidence-based clinical research and guidelines including, but not limited to, the most recent guidelines of the American College of Surgeons. **The department shall not deny a qualified hospital designation as a level I, II, or III trauma center based solely on the distance or mileage between trauma centers.**

2. Except as provided for in subsection 4 of this section, the department shall designate a hospital as a STEMI or stroke center when such hospital, upon proper application and site review, has been found by the department to meet the applicable level of STEMI or stroke center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. Site review may occur on-site or by any reasonable means of communication, or by any combination thereof. In developing STEMI center and stroke center designation criteria, the department shall use, as it deems practicable, peer-reviewed and evidence-based clinical research and guidelines including, but not limited to, the most recent guidelines of the American College of Cardiology, the American Heart Association, or the American Stroke Association. Such rules shall include designation as a STEMI center or stroke center without site review if such hospital is certified by a national body.

3. The department of health and senior services shall, not less than once every three years, conduct a site review of every trauma, STEMI, and stroke center through appropriate department personnel or a qualified contractor, with the exception of trauma centers, STEMI centers, and stroke centers designated pursuant to subsection 4 of this section; however, this provision is not intended to limit the department's ability to conduct a complaint investigation pursuant to subdivision (3) of subsection 2 of section 197.080 of any trauma, STEMI, or stroke center. Site reviews shall be coordinated for the different types of centers to the extent practicable with hospital licensure inspections conducted under chapter 197. No person shall be a qualified contractor for purposes of this subsection who has a substantial conflict of interest in the operation of any trauma, STEMI, or stroke center under review. The department may deny, place on probation, suspend or revoke such designation in any case in which it has determined there has been a substantial failure to comply with the provisions of this chapter or any rules or regulations promulgated pursuant to this chapter. Centers that are placed on probationary status shall be required to demonstrate compliance with the provisions of this chapter and any rules or regulations promulgated under this chapter within twelve months of the date of the receipt of the notice of probationary status, unless otherwise provided by a settlement agreement with a duration of a maximum of eighteen months between the department and the designated center. If the department of health and senior services has determined that a hospital is not in compliance with such provisions or regulations, it may conduct additional announced or unannounced site reviews of the hospital to verify compliance. If a trauma, STEMI, or stroke center fails two consecutive site reviews because of substantial noncompliance with standards prescribed by sections 190.001 to 190.245 or rules adopted by the department pursuant to sections 190.001 to 190.245, its center designation shall be revoked.

4. (1) Instead of applying for trauma, STEMI, or stroke center designation under subsection 1 or 2 of this section, a hospital may apply for trauma, STEMI, or stroke center designation under this subsection.

Upon receipt of an application on a form prescribed by the department, the department shall designate such hospital at a state level that corresponds to a similar national designation as set forth in rules promulgated by the department. The rules shall be based on standards of nationally recognized organizations and the recommendations of the time-critical diagnosis advisory committee.

(2) Except as provided by subsection 5 of this section, the department shall not require compliance with any additional standards for establishing or renewing trauma, STEMI, or stroke designations under this subsection. The designation shall continue if such hospital remains certified or verified. The department may remove a hospital's designation as a trauma center, STEMI center, or stroke center if the hospital requests removal of the designation or the department determines that the certificate or verification that qualified the hospital for the designation under this subsection has been suspended or revoked. Any decision made by the department to withdraw its designation of a center pursuant to this subsection that is based on the revocation or suspension of a certification or verification by a certifying or verifying organization shall not be subject to judicial review. The department shall report to the certifying or verifying organization any complaint it receives related to the center designated pursuant to this subsection. The department shall also advise the complainant which organization certified or verified the center and provide the necessary contact information should the complainant wish to pursue a complaint with the certifying or verifying organization.

5. Any hospital receiving designation as a trauma center, STEMI center, or stroke center pursuant to subsection 4 of this section shall:

(1) Within thirty days of any changes or receipt of a certificate or verification, submit to the department proof of certification or verification and the names and contact information of the center's medical director and the program manager; and

(2) Participate in local and regional emergency medical services systems for purposes of providing training, sharing clinical educational resources, and collaborating on improving patient outcomes.

Any hospital receiving designation as a level III stroke center pursuant to subsection 4 of this section shall have a formal agreement with a level I or level II stroke center for physician consultative services for evaluation of stroke patients for thrombolytic therapy and the care of the patient post-thrombolytic therapy.

6. Hospitals designated as a trauma center, STEMI center, or stroke center by the department shall submit data by one of the following methods:

(1) Entering hospital data into a state registry; or

(2) Entering hospital data into a national registry or data bank. A hospital submitting data pursuant to this subdivision shall not be required to collect and submit any additional trauma, STEMI, or stroke center data elements. No hospital submitting data to a national data registry or data bank under this subdivision shall withhold authorization for the department to access such data through such national data registry or data bank. Nothing in this subdivision shall be construed as requiring duplicative data entry by a hospital that is otherwise complying with the provisions of this subsection. Failure of the department to obtain access to data submitted to a national data registry or data bank shall not be construed as hospital noncompliance under this subsection.

7. When collecting and analyzing data pursuant to the provisions of this section, the department shall comply with the following requirements:

(1) Names of any health care professionals, as defined in section 376.1350, shall not be subject to disclosure;

(2) The data shall not be disclosed in a manner that permits the identification of an individual patient or encounter;

(3) The data shall be used for the evaluation and improvement of hospital and emergency medical services' trauma, stroke, and STEMI care; and

(4) Trauma, STEMI, and stroke center data elements shall conform to national registry or data bank data elements, and include published detailed measure specifications, data coding instructions, and patient population inclusion and exclusion criteria to ensure data reliability and validity.

8. The department shall not have authority to establish additional education requirements for physicians who are emergency medicine board-certified or board-eligible through the American Board of Emergency Medicine (ABEM) or the American Osteopathic Board of Emergency Medicine (AOBEM) and who are practicing in the emergency department of a facility designated as a trauma center, STEMI center, or stroke center by the department under this section. The department shall deem the education requirements promulgated by ABEM or AOBEM to meet the standards for designations under this section. Education requirements for non-ABEM or non-AOBEM certified physicians, nurses, and other providers who provide care at a facility designated as a trauma center, STEMI center, or stroke center by the department under this section shall mirror but not exceed those established by national designating or verifying bodies of trauma centers, STEMI centers, or stroke centers.

9. The department of health and senior services may establish appropriate fees to offset only the costs of trauma, STEMI, and stroke center surveys.

10. No hospital shall hold itself out to the public as a STEMI center, stroke center, adult trauma center, pediatric trauma center, or an adult and pediatric trauma center unless it is designated as such by the department of health and senior services.

11. Any person aggrieved by an action of the department of health and senior services affecting the trauma, STEMI, or stroke center designation pursuant to this chapter, including the revocation, the suspension, or the granting of, refusal to grant, or failure to renew a designation, may seek a determination thereon by the administrative hearing commission under chapter 621. It shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department."; and

(1) Nonspecific recommendations for doula services;

(2) A medical standing order for prenatal vitamins; or

(3) A medical standing order for any other purpose, other than for controlled substances, that is promulgated by rule in compliance with chapter 536.

2. Any standing order issued under this section shall:

(1) Be made available on the relevant department's website while in effect;

(2) Terminate upon removal of the issuing medical professional's authority under this section by vacancy of his or her position or otherwise; and

(3) If not terminated sooner under subdivision (2) of this subsection, expire within one year of issuance unless renewed.

3. The chief medical officer, chief medical director, or other authorized and licensed physician described in subsection 1 of this section shall be immune from criminal prosecution, disciplinary action from his or her professional licensing board, and civil liability for issuing a medical standing order or recommendation in accordance with this section, including for any outcome related to the standing order or recommendation."; and

2. Upon denial of any application for a license, the department shall so notify the applicant in writing, setting forth therein the reasons and grounds for denial.
 3. The department may inspect any facility and any records and may make copies of records, at the facility, at the department's own expense, required to be maintained by sections 198.003 to 198.096 or by the rules and regulations promulgated thereunder at any time if a license has been issued to or an application for a license has been filed by the operator of such facility. 3. Any person required in subsection 1 of this section to report or cause a report to be made to the department who knowingly fails to make a report within a reasonable time after the act of abuse or neglect as required in this subsection is guilty of a class A misdemeanor.

4. In addition to the penalties imposed by this section, any administrator who knowingly conceals any act of abuse or neglect resulting in death or serious physical injury, as defined in section 556.061, is guilty of a class E felony.

5. In addition to those persons required to report pursuant to subsection 1 of this section, any other person having reasonable cause to believe that a resident has been abused or neglected may report such information to the department.

6. Upon receipt of a report, the department shall initiate an investigation within twenty-four hours and, as soon as possible during the course of the investigation, shall notify the resident's next of kin or responsible party of the report and the investigation and further notify them whether the report was substantiated or unsubstantiated unless such person is the alleged perpetrator of the abuse or neglect. As provided in section 192.2425, substantiated reports of elder abuse shall be promptly reported by the department to the appropriate law enforcement agency and prosecutor.

7. If the investigation indicates possible abuse or neglect of a resident, the investigator shall refer the complaint together with the investigator's report to the department director or the director's designee for appropriate action. If, during the investigation or at its completion, the department has reasonable cause to believe that immediate removal is necessary to protect the resident from abuse or neglect, the department or the local prosecuting attorney may, or the attorney general upon request of the department shall, file a petition for temporary care and protection of the resident in a circuit court of competent jurisdiction. The circuit court in which the petition is filed shall have equitable jurisdiction to issue an ex parte order granting the department authority for the temporary care and protection of the resident, for a period not to exceed thirty days.

8. Reports shall be confidential, as provided pursuant to section 192.2500.

9. Anyone, except any person who has abused or neglected a resident in a facility, who makes a report pursuant to this section or who testifies in any administrative or judicial proceeding arising from the report shall be immune from any civil or criminal liability for making such a report or for testifying except for liability for perjury, unless such person acted negligently, recklessly, in bad faith or with malicious purpose. It is a crime under section 565.189 for any person to knowingly file a false report of elder abuse or neglect.

10. Within five working days after a report required to be made pursuant to this section is received, the person making the report shall be notified in writing of its receipt and of the initiation of the investigation.

11. No person who directs or exercises any authority in a facility shall evict, harass, dismiss or retaliate against a resident or employee because such resident or employee or any member of such resident's or employee's family has made a report of any violation or suspected violation of laws, ordinances or regulations applying to the facility which the resident, the resident's family or an employee has reasonable cause to believe has been committed or has occurred. Through the existing department information and referral telephone contact line, residents, their families and employees of a facility shall be able to obtain information about their rights, protections and options in cases of eviction, harassment, dismissal or retaliation due to a report being made pursuant to this section.

12. Any person who abuses or neglects a resident of a facility is subject to criminal prosecution under section 565.184.

The department shall maintain the employee disqualification list and place on the employee disqualification list the names of any persons who are or have been employed in any facility and who have been finally determined by the department pursuant to section 192.2490 to have knowingly or recklessly abused or neglected a resident. For purposes of this section only, "knowingly" and "recklessly" shall have the meanings that are ascribed to them in this section. A person acts "knowingly" with respect to the person's conduct when a reasonable person should be aware of the result caused by his or her conduct. A person acts "recklessly" when the person consciously disregards a substantial and unjustifiable risk that the person's conduct will result in serious physical injury and such disregard constitutes a gross deviation from the standard of care that a reasonable person would exercise in the situation.

14. The timely self-reporting of incidents to the central registry by a facility shall continue to be investigated in accordance with department policy, and shall not be counted or reported by the department as a hot-line call but rather a self-reported incident. If the self-reported incident results in a regulatory violation, such incident shall be reported as a substantiated report.

15. If a facility that is exempted from an annual inspection under subsection 6 of section 198.022 has one or more violations of a Class I standard under section 198.085, such facility shall be subject to a full survey by a state under section 198.022."; and

The department of social services shall study the impact that the childbirth education classes provided under subdivision (26) of subsection 1 of this section have on infant and maternal mortality among pregnant women. The department of social services shall submit a report to the general assembly with the results of the study before January 1, 2028.

208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth, **including childbirth education classes**. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. (1) Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

(2) (a) Subject to approval of any necessary state plan amendments or waivers, beginning on July 6, 2023, mothers eligible to receive coverage under this section shall receive medical assistance benefits during the pregnancy and during the twelve-month period that begins on the last day of the woman's pregnancy and ends on the last day of the month in which such twelve-month period ends, consistent with the provisions of 42 U.S.C. Section 1397gg(e)(1)(J). The department shall seek any necessary state plan amendments or waivers to implement the provisions of this subdivision when the number of ineligible MO HealthNet participants removed from the program in 2023 pursuant to section 208.239 exceeds the projected number of beneficiaries likely to enroll in benefits in 2023 under this subdivision and subdivision (28) of subsection 1 of section 208.151, as determined by the department, by at least one hundred individuals.

(b) The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1397gg(e)(1)(J), as amended, or any successor statutes or implementing regulations, is in effect.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after August 28, 2014, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, preterm births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state.

208.1400. Sections 208.1400 to 208.1425 shall be known and may be cited as the "Missouri Doula Reimbursement Act".

208.1405. For purposes of sections 208.1400 to 208.1425, the following terms mean:

(1) "Community-based network", a network that is representative of a community or significant segments of a community and engaged in meeting that community's needs in the area of social, human, or health services;

(2) "Community navigation services", services that connect pregnant individuals and their families with available resources using a community-based approach including, but not limited to, an approach that understands the services and supports available to pregnant and postpartum individuals receiving MO HealthNet benefits and facilitates access to those resources based upon an assessment of social service needs;

(3) "Doula", a trained professional providing continuous physical, emotional, and informational support to a pregnant individual, from the prenatal, the intrapartum, and up to the first twelve months of the postpartum periods. Doulas also provide assistance by referring pregnant individuals to community-based networks and certified and licensed perinatal professionals in multiple disciplines;

(8) "Postpartum", the one-year period after a pregnancy ends;

(9) "Prenatal", the period of pregnancy before labor or childbirth. Services provided during this period are rendered to the pregnant individual.

208.1410. The following doula services shall be covered by the MO HealthNet program:

(1) A combined total of six prenatal and postpartum support sessions;

(2) One birth attendance;

(3) Up to two visits for general consultation on lactation at any time during the prenatal and postpartum periods; and

(4) Community navigation services, except that any community navigation services provided outside any visit or session billed under subdivisions (1) to (3) of this section shall be billed only up to ten times total over the course of the pregnancy and postpartum period.

208.1415. A doula shall be eligible for participation as a provider of doula services covered by the MO HealthNet program only if the doula:

(1) Is enrolled as a MO HealthNet provider;

(2) Is eighteen years of age or older;

(3) Holds liability insurance as an individual or through a supervising organization; and

(4) Either:

(a) Possesses a current certificate issued by a national or Missouri-based doula training organization whose curriculum meets guidelines established by the MO HealthNet division by rule; or

208.1420. 1. Once enrolled as a MO HealthNet provider, a doula shall be eligible to enroll as a provider with fee-for-service and managed care payers affiliated with the MO HealthNet program.

2. Doula services shall be reimbursed on a fee-for-service schedule.

208.1425. The MO HealthNet division shall promulgate all necessary rules and regulations for the administration of sections 208.1400 to 208.1425. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void."; and

(1) Possesses a valid license granted by another state pursuant to legal standards comparable to those which must be met by a wholesale drug distributor, pharmacy distributor, drug [outsourcers] **outsourcer**, or third-party logistics provider of this state as prerequisites for obtaining a license under the laws of this state. **If a state license is not issued by their resident state, out-of-state wholesale drug distributors and third-party logistics providers with a current and valid drug distributor accreditation from the National Association of Boards of Pharmacy or its successor may be eligible for licensure as provided by the board by rule; and**

2. The articles of agreement may designate the number of directors necessary to constitute a quorum, and may provide for the number of years the corporation is to continue, or may provide that the existence of the corporation shall continue until the corporation shall be dissolved by consent of the stockholders or by proceedings instituted by the state under any statute now in force or hereafter enacted.

362.247. 1. A majority of the full board of directors shall constitute a quorum for the transaction of business unless another number is required by the articles of agreement, the bylaws or by law. The act of a majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors unless the act of a greater number is required by the articles of agreement, the bylaws or by law.

2. Unless otherwise prohibited by statute or [regulation,] **an order or memorandum of understanding entered into with the director of finance related to bank safety and soundness**, directors may attend board meetings by telephonic conference call or video conferencing, and the bank or trust company may include in a quorum directors who are not physically present but are allowed to vote[, provided the bank or trust company has a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System of the Federal Financial Institution Examination Counsel (FFIEC)].

There shall be submitted to the meeting a list giving the aggregate of loans, discounts, acceptances and advances, including overdrafts, to each individual, partnership, corporation or person whose liability to the bank or trust company has been created, extended, renewed or increased since the cut-off date prior to the regular meeting by more than an amount to be determined by the board of directors, which minimum amount shall not exceed five percent of the bank's legal loan limit, except the minimum amount shall in no case be less than ten thousand dollars; a second list of the aggregate indebtedness of each borrower whose aggregate indebtedness exceeds five times such minimum amount, except the aggregate indebtedness shall in no case be less than fifty thousand dollars; **and** a third list showing all paper past due thirty days or more or alternatively, the third list shall report the total past-due ratio for loans thirty days or more past due, nonaccrual loans divided by total loans, and a listing of past-due loans in excess of the minimum amount

The information called for in the second[, and third[, and fourth] lists shall be submitted as of the date of the regular meeting or as of a reasonable date prior thereto. No bills payable shall be made, and no bills shall be rediscounted by the bank or trust company except with the consent or ratification of the board of directors; provided, however, that if the bank or trust company is a member of the federal reserve system, rediscounts may be made to it by the officers in accordance with its rules, a list of all rediscounts to be submitted to the next regular meeting of the board. The director of finance may require, by order, that the board of directors of a bank or trust company approve or disapprove every purchase or sale of securities and every discount, loan, acceptance, renewal or other advance including every overdraft over an amount to be specified in the director's order and may also require that the board of directors review, at each monthly meeting, a list of the aggregate indebtedness of each borrower whose aggregate indebtedness exceeds an amount to be specified in the director's order. The minutes of the meeting shall indicate the compliance with the requirements of this section. Furthermore, the debtor's identity on the information required in this subsection may be masked by code to conceal the actual debtor's identity only for information mailed to or otherwise provided directors who are not physically present at the board meeting. 143.341. 1. The Missouri taxable income of a resident estate or trust means its federal taxable income subject to the modifications in this section.

3. For all tax years beginning on or after January 1, 2026, there shall be subtracted that amount included in Missouri taxable income of the estate or trust that would not be included as Missouri taxable income if said estate or trust were considered a nonresident estate or trust as defined in section 143.371. This subtraction shall only apply to the extent it is not a determinant of the federal distributable net income of the estate or trust.

Journal of the Senate

FIRST REGULAR SESSION

SIXTIETH DAY - WEDNESDAY, APRIL 30, 2025

The Senate met pursuant to adjournment.

President Wasinger in the Chair.

The Reverend Stephen George offered the following prayer:

“With God all things are possible.” (Mark 10:27 NKJV)

Almighty God, we come before You acknowledging that human wisdom alone cannot resolve all of the great questions that come before us—but with You, all obstacles can be overcome. Help us to trust not in our own might but in Your divine wisdom and providence. Let our efforts today lean upon Your provision, and may our vision not shrink before obstacles, but expand through faith. We ask this in Jesus’ name, Amen.

The Pledge of Allegiance to the Flag was recited.

PROTEST OF SS NO. 2 FOR HB 419

Pursuant to Missouri Senate Rule 93, I submit my protest to Senate Substitute No. 2 for House Bill 419.

When introduced, the purpose of House Bill (HB) 419 related to tuition for military personnel. Specifically, the bill provided that “military service personnel, their spouses, and unemancipated children under the age of 24, individuals serving the Missouri National Guard, and any individuals serving in U.S. Armed Forces, be considered Missouri residents for the purposes of any undergraduate or graduate degree in Missouri institutions of higher education.”

House Bill 419 was heard in the Senate Veterans and Military Affairs committee and was passed unchanged by the committee.

A Senate Substitute was adopted which changed the purpose from the original (relating to tuition for military personnel) to relating to education. This change included a provision to allow Missouri State University to offer doctoral programs, the observance of Veterans Day as a holiday for the University of Missouri employees, bonds held by the state treasurer, the acceptance of International Baccalaureate scores by Missouri Universities, the Public Safety Recruitment and Retention Act, and the ‘boots to business’ program.

Missouri’s Constitution states, in Article III, section 21, “. . . no bill shall be so amended through its passage through either house as to change its original purpose.” In my understanding of the changes made to HB 419, it appears to be evident the bill violates the state constitution. Therein lies the reason for my vote against the bill.

14. The tuition awards provided for in this section and section 173.2660 are subject to appropriation. If there are no moneys in the fund established in subsection 12 of this section, no tuition awards shall be granted."; and

"173.2660. 1. Each legal dependent who is a tuition award recipient pursuant to the provisions of section 173.2655 shall execute an agreement as provided in this section. Such agreement shall include the following terms, as appropriate:

(1) The tuition award recipient agrees to reside within the state of Missouri for a period of five years following the use of the tuition award;

(2) Each year during the five-year period following use of the tuition award, the tuition award recipient agrees to file a state income tax return and provide a copy of such tax return to the department to document that such recipient still resides in the state of Missouri;

The interest rate shall be adjusted annually and shall be equal to one percentage point over the prevailing United States prime rate in effect on January first of such year; and

2. If each portion of a member's credited service is not covered by the same benefit program, then the member's total allowance for life shall be the total of the allowance for life determined under each applicable benefit program.

3. Each employer shall have the credited service of each of its members covered by benefit program L-1 provided for in this section unless such employer shall have elected another benefit program provided for in this section.

4. Except as otherwise provided in this subsection, each political subdivision, by majority vote of its governing body, may elect from time to time to cover its members, whose political subdivision employment is concurrently covered by federal Social Security, under one of the benefit programs provided for in this section. Each political subdivision, by majority vote of its governing body, may elect from time to time to cover its members, whose political subdivision employment is not concurrently covered by federal Social Security, under one of the benefit programs provided for in this section. The clerk or secretary of the political subdivision shall certify the election of the benefit program to the board within ten days after such vote. The effective date of the political subdivision's benefit program is the first day of the calendar month specified by such governing body, or the first day of the calendar month next following receipt by the board of the certification of election of benefit program, or the effective date of the political subdivision becoming an employer, whichever is the latest. Such election of benefit program may be changed from time to time by such vote, but not more often than biennially. If such changed benefit program provides larger allowances than the benefit program previously in effect, then such larger benefit program shall be applicable to the past and future employment with the employer by present and future employees. If such changed benefit program provides smaller allowances than the benefit program previously in effect, then such changed benefit program shall be applicable only to credited service for employment rendered from and after the effective date of such change. After August 28, 1994, political subdivisions shall not elect coverage under benefit program LT-4, benefit program LT-5, or benefit program LT-8. After August 28, 2005, political subdivisions shall not elect coverage under benefit program L-9 or benefit program LT-10(65).

5. Should an employer change its election of benefit program as provided in this section, the employer contributions shall be correspondingly changed effective the same date as the benefit program change.

6. The limitation on increases in an employer's contribution provided by subsection 6 of section 70.730 shall not apply to any contribution increase resulting from an employer electing a benefit program which provides larger allowances.

7. Subject to the provisions of subsections **8 and 9** [and 10] of this section, for an allowance becoming effective on September 28, 1975, or later, and beginning with the October first which is at least twelve full months after the effective date of the allowance, the amount of the allowance shall be redetermined effective each October first and such redetermined amount shall be payable for the ensuing year. Subject to the limitations stated in the next sentence, such redetermined amount shall be the amount of the allowance otherwise payable multiplied by the following percent: one hundred percent, plus two percent for each full year (excluding any fraction of a year) in the period from the effective date of the allowance to the current October first. In no event shall such redetermined amount (1) be less than the amount of the allowance otherwise payable nor (2) be more than the amount of the allowance otherwise payable multiplied by the following fraction: the numerator shall be the Consumer Price Index for the month of

June immediately preceding such October first (but in no event an amount less than the denominator below) and the denominator shall be the Consumer Price Index for the month of June immediately preceding the effective date of the allowance. As used herein, "Consumer Price Index" means **a measure of the Consumer Price Index [for Urban Wage Earners and Clerical Workers,]** as determined by the United States Department of Labor and **adopted by the board of trustees** [in effect January 1, 1975; provided, should such Consumer Price Index be restructured subsequent to 1974 in a manner materially changing its character, the board shall change the application of the Consumer Price Index so that as far as is practicable the 1975 intent of the use of the Consumer Price Index shall be continued]. As used herein "the amount of the allowance otherwise payable" means the amount of the allowance which would be payable without regard to these provisions redetermining allowance amounts after retirement.

8. [Subject to the provisions of subsections 9 and 10 of this section, for an allowance becoming effective on September 28, 1975, or later, the maximum allowance payable under the provisions of section 70.685 shall be redetermined each October first in the same manner as an allowance is redetermined under the provisions of subsection 7 of this section.

9.] (1) The system establishes reserves for the payment of future allowances to retirants and beneficiaries. Should the board determine, after consulting with the actuary, that the established reserves are more than sufficient to provide such allowances, the board may increase the annual increase rate provided for in [subsections] **subsection 7** [and 8] of this section, as it applies to any allowance payable, but in no event shall the total of all redetermined amounts as of October first of any year be greater than one hundred four percent of the allowances which would have been payable that October first without such redeterminations; provided, as of any redetermination date the same annual increase rate shall be applied to all allowances with effective dates in the range of November first to October first of the following year. The board may extend the provisions of [subsections] **subsection 7** [and 8] of this section to allowances which became effective before September 28, 1975; provided such an action by the board shall not increase an employer contribution rate then in effect;

(2) After August 28, 1993, the annual increase rate established by this subsection shall be a compound rate, compounded annually, and the four percent annual maximum rate shall also be a compound rate, compounded annually; provided, the use of such compounding shall not begin until October 1, 1993, and shall not affect redeterminations made prior to that date.

[10.] **9.** Should the board determine that the provisions of subsections 7[, 8] and [9] **8** of this section are jeopardizing the financial solvency of the system, the board shall suspend these provisions redetermining allowance amounts after retirement for such periods of time as the board deems appropriate.

70.680. 1. Any member in service with five or more years of credited service who has not attained the age and service requirements of section 70.645 and who becomes totally and permanently physically or mentally incapacitated for his duty as an employee, as the result of a personal injury or disease, may be retired by the board upon written application filed with the board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a medical committee consisting of three physicians, one of whom shall be selected by the board, one by or on behalf of such member, and the third by the first two physicians so named, the medical committee reports to the board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for the

further performance of duty, that such incapacity will probably be permanent and that such member should be retired.

2. Upon disability retirement, as provided in subsection 1 of this section, a member shall receive an allowance for life provided for in section 70.655 and shall have the right to elect an option provided for in section 70.660. His or her disability retirement and allowance shall be subject to the provisions of subsection 5 of this section [and to the provisions of section 70.685].

3. Any member in service who becomes totally and permanently physically or mentally incapacitated for his duty as an employee, as the natural and proximate result of a personal injury or disease which the board finds to have arisen out of and in the course of his actual performance of duty as an employee, may be retired by the board upon written application filed with the board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a medical committee consisting of three physicians, one of whom shall be selected by the board, one by or on behalf of such member, and the third by the first two physicians so named, the medical committee reports to the board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for the further performance of duty, that such incapacity will probably be permanent, and that such member should be retired.

4. Upon disability retirement as provided in subsection 3 of this section, a member shall receive an allowance for life provided for in section 70.655; provided, that for the sole purpose of computing the amount of such allowance, he or she shall be given credited service for the period from the date of his or her disability retirement to the date he or she would attain age sixty. He or she shall have the right to elect an option provided for in section 70.660. His or her disability retirement and allowance shall be subject to the provisions of subsection 5 of this section [and to the provisions of section 70.685].

5. At least once each year during the first five years following a member's retirement on account of disability, and at least once in each three-year period thereafter, the board shall require any disability retirant who has not attained his minimum service retirement age to undergo a medical examination to be made by a physician designated by the board. If the retirant refuses to submit to medical examination in any such period, his disability allowance shall be suspended by the board until his withdrawal of such refusal. If such refusal continues for one year, all his rights in and to a disability allowance shall be revoked by the board. If, upon medical examination of the retirant, the physician reports to the board that the retirant is physically and mentally able and capable of resuming his duty as an employee in the position held by him at the time of his disability retirement, then the board shall, if demanded by the retirant, arrange a further medical examination of such member made by or under the direction of a medical committee consisting of three physicians, one of whom shall be selected by the board, one by or on behalf of the member, and the third by the first two physicians named. Should the medical committee concur, by majority opinion in writing to the board, the disability retirant is capable of resumption of duty, his disability retirement shall terminate and he shall be returned to duty and he shall immediately again become a member of the system, his credited service at the time of disability retirement shall be restored to his credit, and the amount of his accumulated contributions at the time of his disability retirement shall be restored to his credit in the members deposit fund. If he was in receipt of a duty disability allowance provided for in subsection 3 of this section, he shall also be given service credit for the period he was in receipt of the duty disability allowance.

70.690. 1. In the event a member ceases to be a member other than by death before the date he becomes entitled to retire with an allowance payable by the system, he shall be paid, upon his written application filed with the board, his accumulated contributions standing to his credit in the members deposit fund.

2. In the event a member dies, and no allowance becomes or will become payable by the system on account of his death, his accumulated contributions standing to his credit in the members deposit fund at the time of his death shall be paid to such person or persons as he shall have nominated by written designation duly executed and filed with the board. If there be no such designated person or persons surviving such member, such accumulated contributions shall be paid to his surviving spouse, or to his estate if there is no surviving spouse.

3. In the event a member's membership in the system terminates, and no allowance becomes or will become payable on his account, any accumulated contributions standing to his credit in the members deposit fund unclaimed by such member or his legal representative within [three] **ten** years after the date his membership terminated, shall be transferred to the income-expense fund. If thereafter proper application is made for such accumulated contributions, the board shall pay them from the income-expense fund, but without interest after the date payment was first due.

70.745. 1. The board shall be the trustees of the funds of the system. Subject to the provisions of any applicable federal or state laws, the board shall have full power to invest and reinvest the moneys of the system, and to hold, purchase, sell, assign, transfer or dispose of any of the securities and investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys.

2. The board of trustees may deliberate about, or make tentative or final decisions on, investments or other financial matters in a closed meeting under chapter 610 if disclosure of the deliberations or decisions would jeopardize the ability to implement a decision or to achieve investment objectives. A record of the retirement system that discloses deliberations about, or a tentative decision on, investments or other financial matters is not a public record under chapter 610 to the extent and so long as its disclosure would jeopardize the ability to implement a decision or to achieve investment objectives.

70.746. Notwithstanding any other provision of law to the contrary, the board of trustees may delegate to its duly appointed investment counselor authority to act in place of the board in the investment and reinvestment of all or part of the moneys of the system, and may also delegate to such counselor the authority to act in place of the board in the holding, purchasing, selling, assigning, transferring, or disposing of any or all of the securities and investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys. [Such investment counselor shall be registered as an investment advisor with the United States Securities and Exchange Commission.] In exercising or delegating its investment powers and authority, members of the board shall exercise ordinary business care and prudence under the facts and circumstances prevailing at the time of the action or decision. In so doing, the board shall consider the long- and short-term needs of the system in carrying out its purposes, the system's present and anticipated financial requirements, the expected total return on the system's investment, general economic conditions, income, growth, long-term net appreciation, and probable safety of funds. No member of the board shall be liable for any action taken or omitted with respect to the exercise of or delegation of these powers and authority if such member shall have discharged

the duties of his or her position in good faith and with that degree of diligence, care, and skill which prudent men and women would ordinarily exercise under similar circumstances in a like position.

70.747. Notwithstanding any other provision of law to the contrary, the board shall have full power to invest and reinvest the funds and moneys of the system in improved real estate, including collective real estate funds and real estate investment trusts, wherever situated[]; provided, however, that not more than one-tenth of the funds and moneys of the system at the time of such investment shall be so invested[].

70.748. 1. Notwithstanding the provisions of section 105.662 to the contrary, the board may set up and maintain a local government employee retirement systems of Missouri investment fund account in which investment and reinvestment of all or part of the moneys of the retirement system may be placed and be available for investment purposes.

2. For the purpose of investing the funds of the retirement system, the funds may be combined with the funds of any retirement plan that is administered by the retirement system under section 70.621 and any retirement plan established for the purpose of providing benefits for employees of the system, but the funds of each plan shall be accounted for separately and for all other reporting purposes shall be separate.

3. The board of trustees may promulgate such rules and regulations consistent with the provisions of this section as deemed necessary for its proper administration, pursuant to the provisions of this section and this chapter. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.

"105.688. The assets of a system may be invested, reinvested and managed by an investment fiduciary subject to the terms, conditions and limitations provided in sections 105.687 to 105.689. An investment fiduciary shall discharge his or her duties in the interest of the participants in the system and their beneficiaries and shall:

(2) Act with due regard for the management, reputation, and stability of the issuer and the character of the particular investments being considered;

(3) Make investments for the purposes of providing benefits to participants and participants' beneficiaries, and of defraying reasonable expenses of investing the assets of the system;

(4) Give appropriate consideration to those facts and circumstances that the investment fiduciary knows or should know are relevant to the particular investment or investment course of action involved, including the role of the investment or investment course of action plays in that portion of the system's investments for which the investment fiduciary has responsibility. For purposes of this subdivision, "appropriate consideration" shall include, but is not necessarily limited to a determination by the investment fiduciary that a particular investment or investment course of action is reasonably designed, as part of the investments of the system, to further the purposes of the system, taking into consideration the risk of loss and the opportunity for gain or other return associated with the investment or investment course of action; and consideration of the following factors as they relate to the investment or investment course of action:

(a) The diversification of the investments of the system;

(b) The liquidity and current return of the investments of the system relative to the anticipated cash flow requirements of the system; and

(c) The projected return of the investments of the system relative to the funding objectives of the system;

(5) Give appropriate consideration to investments which would enhance the general welfare of this state and its citizens if those investments offer the safety and rate of return comparable to other investments available to the investment fiduciary at the time the investment decision is made; **and**

Further amend said bill, Page 14, Section 190.106, Line 20, by inserting after said section and line the following:

"191.227. 1. All physicians, chiropractors, hospitals, dentists, and other duly licensed practitioners in this state, herein called "providers", shall, upon written request of a patient, or guardian or legally authorized representative of a patient, furnish a copy of his or her record of that patient's health history and treatment rendered to the person submitting a written request, except that such right shall be limited to access consistent with the patient's condition and sound therapeutic treatment as determined by the provider. Beginning August 28, 1994, such record shall be furnished within a reasonable time of the receipt of the request therefor and upon payment of a fee as provided in this section.

2. Health care providers may condition the furnishing of the patient's health care records to the patient, the patient's authorized representative or any other person or entity authorized by law to obtain or reproduce such records upon payment of a fee for:

(1) (a) Search and retrieval, in an amount not more than twenty-four dollars and eighty-five cents plus copying in the amount of fifty-seven cents per page for the cost of supplies and labor plus, if the health care provider has contracted for off-site records storage and management, any additional labor costs of outside storage retrieval, not to exceed twenty-three dollars and twenty-six cents, as adjusted annually pursuant to subsection 6 of this section; or

(b) The records shall be furnished electronically upon payment of the search, retrieval, and copying fees set under this section at the time of the request or one hundred eight dollars and eighty-eight cents total, whichever is less, if such person:

a. Requests health records to be delivered electronically in a format of the health care provider's choice;

b. The health care provider stores such records completely in an electronic health record; and

c. The health care provider is capable of providing the requested records and affidavit, if requested, in an electronic format;

(2) Postage, to include packaging and delivery cost;

(3) Notary fee, not to exceed two dollars, if requested.

Such fee shall be the fee in effect on February 1, 2018, increased or decreased annually under this section.

3. For purposes of subsections 1 and 2 of this section, "a copy of his or her record of that patient's health history and treatment rendered" or "the patient's health care records" includes a statement or record that no such health history or treatment record responsive to the request exists.

4. Notwithstanding provisions of this section to the contrary, providers may charge for the reasonable cost of all duplications of health care record material or information which cannot routinely be copied or duplicated on a standard commercial photocopy machine.

5. The transfer of the patient's record done in good faith shall not render the provider liable to the patient or any other person for any consequences which resulted or may result from disclosure of the patient's record as required by this section.

6. Effective February first of each year, the fees listed in subsection 2 of this section shall be increased or decreased annually based on the annual percentage change in the unadjusted, U.S. city average, annual average inflation rate of the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U). The current reference base of the index, as published by the Bureau of Labor Statistics of the United States Department of Labor, shall be used as the reference base. For purposes of this subsection, the annual average inflation rate shall be based on a twelve-month calendar year beginning in January and ending in December of each preceding calendar year. The department of health and senior services shall report the annual adjustment and the adjusted fees authorized in this section on the department's internet website by February first of each year.

7. A health care provider may disclose a deceased patient's health care records or payment records to the executor or administrator of the deceased person's estate, or pursuant to a valid, unrevoked power of attorney for health care that specifically directs that the deceased person's health care records be released to the agent after death. If an executor, administrator, or agent has not been appointed, the deceased prior to death did not specifically object to disclosure of his or her records in writing, and such disclosure is not inconsistent with any prior expressed preference of the deceased that is known to the health care provider, a deceased patient's health care records may be released upon written request of a person who is deemed as the personal representative of the deceased person under this subsection. Priority shall be given to the deceased patient's spouse and the records shall be released on the affidavit of the surviving spouse that he or she is the surviving spouse. If there is no surviving spouse, the health care records may be released to one of the following persons:

(1) The acting trustee of a trust created by the deceased patient either alone or with the deceased patient's spouse;

(2) An adult child of the deceased patient on the affidavit of the adult child that he or she is the adult child of the deceased;

(3) A parent of the deceased patient on the affidavit of the parent that he or she is the parent of the deceased;

(4) An adult brother or sister of the deceased patient on the affidavit of the adult brother or sister that he or she is the adult brother or sister of the deceased;

(5) A guardian or conservator of the deceased patient at the time of the patient's death on the affidavit of the guardian or conservator that he or she is the guardian or conservator of the deceased; or

(6) A guardian ad litem of the deceased's minor child based on the affidavit of the guardian that he or she is the guardian ad litem of the minor child of the deceased.

8. (1) Records containing a patient's health history and treatment created by an emergency care provider, as defined in section 191.630, or a telecommunicator first responder, as defined in section 650.320, in the course of the provider's or responder's official duties while responding to a formal request for assistance shall be made available, upon written request, to any person authorized to obtain the patient's health care records under the provisions of this section, or in response to a subpoena or court order.

(2) The furnishing of health care records under this subsection may be conditioned upon the payment of a fee in an amount equal to the fee allowed for the furnishing of any other health care record under this section.

(3) Personal health information, including patient health history and treatment, shall not be considered a public record, as described under chapter 610. Nothing in this section shall limit the release of information or public records with personal health information that is redacted regarding the general nature of the event.

(4) Nothing in this subsection shall limit the release of information to facilitate the normal delivery of patient care or to evaluate the quality of care as part of an established quality improvement program."; and

Further amend said bill, Page 24, Section 287.243, Line 175, by inserting after all of said section and line the following:

"292.606. 1. Fees shall be collected for a period of six years from August 28, [2018] **2025**.

2. (1) Any employer required to report under subsection 1 of section 292.605, except local governments and family-owned farm operations, shall submit an annual fee to the commission of one hundred dollars along with the Tier II form. Owners or operators of petroleum retail facilities shall pay a fee of no more than fifty dollars for each such facility. Any person, firm or corporation selling, delivering or transporting petroleum or petroleum products and whose primary business deals with petroleum products or who is covered by the provisions of chapter 323, if such person, firm or corporation is paying fees under the provisions of the federal hazardous materials transportation registration and fee assessment program, shall deduct such federal fees from those fees owed to the state under the provisions of this subsection. If the federal fees exceed or are equal to what would otherwise be owed under this subsection, such employer shall not be liable for state fees under this subsection. In relation to petroleum products "primary business" shall mean that the person, firm or corporation shall earn more than fifty percent of hazardous chemical revenues from the sale, delivery or transport of petroleum products. For the purpose of calculating fees, all grades of gasoline are considered to be one product, all grades of heating oils, diesel fuels, kerosenes, naphthas, aviation turbine fuel, and all other heavy distillate products except for grades of gasoline are considered to be one product, and all varieties of motor lubricating oil are considered to be one product. For the purposes of this section "facility" shall mean all buildings, equipment, structures and other stationary items that are located on a single site or on contiguous or adjacent sites and which are

owned or operated by the same person. If more than three hazardous substances or mixtures are reported on the Tier II form, the employer shall submit an additional twenty-dollar fee for each hazardous substance or mixture. Fees collected under this subdivision shall be for each hazardous chemical on hand at any one time in excess of ten thousand pounds or for extremely hazardous substances on hand at any one time in excess of five hundred pounds or the threshold planning quantity, whichever is less, or for explosives or blasting agents on hand at any one time in excess of one hundred pounds. However, no employer shall pay more than ten thousand dollars per year in fees. Moneys acquired through litigation and any administrative fees paid pursuant to subsection 3 of this section shall not be applied toward this cap.

(2) Employers engaged in transporting hazardous materials by pipeline except local gas distribution companies regulated by the Missouri public service commission shall pay to the commission a fee of two hundred fifty dollars for each county in which they operate.

(3) Payment of fees is due each year by March first. A late fee of ten percent of the total owed, plus one percent per month of the total, may be assessed by the commission.

(4) If, on March first of each year, fees collected under this section and natural resources damages made available pursuant to section 640.235 exceed one million dollars, any excess over one million dollars shall be proportionately credited to fees payable in the succeeding year by each employer who was required to pay a fee and who did pay a fee in the year in which the excess occurred. The limit of one million dollars contained herein shall be reviewed by the commission concurrent with the review of fees as required in subsection 1 of this section.

3. Beginning January 1, 2013, any employer filing its Tier II form pursuant to subsection 1 of section 292.605 may request that the commission distribute that employer's Tier II report to the local emergency planning committees and fire departments listed in its Tier II report. Any employer opting to have the commission distribute its Tier II report shall pay an additional fee of ten dollars for each facility listed in the report at the time of filing to recoup the commission's distribution costs. Fees shall be deposited in the chemical emergency preparedness fund established under section 292.607. An employer who pays the additional fee and whose Tier II report includes all local emergency planning committees and fire departments required to be notified under subsection 1 of section 292.605 shall satisfy the reporting requirements of subsection 1 of section 292.605. The commission shall develop a mechanism for an employer to exercise its option to have the commission distribute its Tier II report.

4. Local emergency planning committees receiving funds under section 292.604 shall coordinate with the commission and the department in chemical emergency planning, training, preparedness, and response activities. Local emergency planning committees receiving funds under this section, section 260.394, sections 292.602, 292.604, 292.605, 292.615 and section 640.235 shall provide to the commission an annual report of expenditures and activities.

5. Fees collected by the department and all funds provided to local emergency planning committees shall be used for chemical emergency preparedness purposes as outlined in sections 292.600 to 292.625 and the federal act, including contingency planning for chemical releases; exercising, evaluating, and distributing plans, providing training related to chemical emergency preparedness and prevention of chemical accidents; identifying facilities required to report; processing the information submitted by facilities and making it available to the public; receiving and handling emergency notifications of chemical releases; operating a local emergency planning committee; and providing public notice of chemical

preparedness activities. Local emergency planning committees receiving funds under this section may combine such funds with other local emergency planning committees to further the purposes of sections 292.600 to 292.625, or the federal act.

6. The commission shall establish criteria and guidance on how funds received by local emergency planning committees may be used.

7. A one-time fee shall be assessed in accordance with subsection 2 of this section and shall be calculated based on the filing due on March 1, 2025, and shall be paid by November 1, 2025."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Almighty God, as we begin this week’s work, grant us the strength to lead with integrity and honor. May our words and actions reflect our belief in You, may our example inspire others, and may our work bear fruit that lasts. We ask this in Your Holy Name, Amen.

For the purposes of this subsection, a school administrator shall not be eligible for the positions established pursuant to this subdivision and shall be eligible for the position established pursuant to subdivision (4) of this subsection;

(3) Two trustees, who shall be retired members, to be elected for terms of four years by and from the retired members of the retirement system; provided, however, that the terms of office of the first two trustees so elected shall begin immediately upon their election and shall expire two and four years from the date of their election, respectively; and provided further, that not more than one of such persons shall be a teacher and one shall be a nonteacher;

The appointment of the trustees shall be subject to the same rules and regulations applicable to other trustees, including, but not limited to, taking an oath of office as provided in subsection 5 of this section.

2. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled. No vacancy or vacancies on the board of trustees shall impair the power of the remaining trustees to administer the retirement system pending the filling of such vacancies.

3. In the event of a lapse of a school district's corporate organization as described in subsections 1 and 4 of section 162.081, or for any other reason, the general administration and the responsibility for the proper operation of the retirement system shall continue to be fully vested in the trustees then currently serving and such trustees shall continue to serve and be elected in the same manner as set forth in this statute as if no lapse had occurred, except that in the event of vacancies occurring in the office of trustees appointed by the board of education prior to the lapse, the board of trustees shall appoint a qualified person or persons to fill such vacancy or vacancies for terms of up to four years.

The compensation of all persons engaged by the board of trustees and all other expenses of the board necessary for the operation of the retirement system shall be paid at such rates and in such amounts as the board of trustees shall approve.

10. The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuations of the assets of the retirement system and for checking the experience of the system.

The board of trustees shall also prepare or cause to be prepared an annual report concerning the

operation of the retirement system herein provided for, which report shall be sent by the chairman of the board of trustees to the board of education.

12. The board of trustees shall arrange for necessary legal advice for the operation of the retirement system.

Such person shall be qualified as an actuary by membership as a fellow in the Society of Actuaries or by objective standards which are no less stringent than those established by the Society of Actuaries.

15. At least once in each five-year period the actuary shall make an investigation into the actuarial experience of the retirement system, and taking into account the results of such investigation of the experience, the board of trustees shall adopt for the retirement system such actuarial assumptions as shall be deemed necessary.

16. On the basis of such actuarial assumptions as the board of trustees shall adopt, the actuary shall make an annual valuation of the assets and liabilities of the funds of the retirement system.

17. On the basis of the valuation the board of trustees shall certify the rates of contribution payable by the board of education.

169.490. 1. All the assets of the retirement system shall be held as one fund.

2. (1) For any member hired before January 1, 2018, the employing board shall cause to be deducted from the compensation of each member at every payroll period five percent of his or her compensation.

(2) Beginning January 1, 2018, the percentage in subdivision (1) of this subsection shall increase one-half of one percent annually until such time as the percentage equals nine percent.

(3) For any member hired for the first time on or after January 1, 2018, the employing board shall cause to be deducted from the compensation of each member at every payroll period nine percent of such member's compensation.

(4) The amounts so deducted shall be transferred to the board of trustees and credited to the individual account of each member from whose compensation the deduction was made. In determining the amount earnable by a member in any payroll period, the board of trustees may consider the rate of earnable compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period; it may omit deduction from compensation for any period less than a full payroll period if the employee was not a member on the first day of the payroll period; and to facilitate the making of the

deductions, it may modify the deduction required of any member by such amount as shall not exceed one-tenth of one percent of the compensation upon the basis of which such deduction was made.

(5) The deductions provided for herein are declared to be a part of the salary of the member and the making of such deductions shall constitute payments by the member out of his or her salary or earnings and such deductions shall be made notwithstanding that the minimum compensation provided by law for any member shall be reduced thereby. Every member shall be deemed to consent to the deductions made and provided for herein, and shall receipt for his or her full salary or compensation, and the making of said deductions and the payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered during the period covered by the payment except as to benefits provided by sections 169.410 to 169.540.

(6) The employing board may elect to pay member contributions required by this section as an employer pick up of employee contributions under Section 414(h)(2) of the Internal Revenue Code of 1986, as amended, and such contributions picked up by the employing board shall be treated as contributions made by members for all purposes of sections 169.410 to 169.540.

3. If a retired member receiving a pension pursuant to sections 169.410 to 169.540 is restored to active service and again becomes an active member of the retirement system, there shall be credited to his or her individual account an amount equal to the excess, if any, of his or her accumulated contributions at retirement over the total pension benefits paid to him or her.

4. [Annually, the actuary for the retirement system shall calculate each employer's contribution as an amount equal to a certain percentage of the total compensation of all members employed by that employer. The percentage shall be fixed on the basis of the liabilities of the retirement system as shown by the annual actuarial valuation. The annual actuarial valuation shall be made on the basis of such actuarial assumptions and the actuarial cost method adopted by the board of trustees, provided that the actuarial cost method adopted shall be in accordance with generally accepted actuarial standards and that the unfunded actuarial accrued liability, if any, shall be amortized by level annual payments over a period not to exceed thirty years. The provisions of this subsection shall expire on December 31, 2017; thereafter subsection 5 of this section shall apply.

5.] For calendar year 2018, the rate of contribution payable by each employer shall equal sixteen percent of the total compensation of all members employed by that employer. For each calendar year thereafter, the percentage rate of contribution payable by each employer of the total compensation of all members employed by that employer shall decrease one-half of one percent annually until calendar year [2032] **2025** when the rate of contribution payable by each employer shall equal [nine] **twelve and one-half** percent of the total compensation of all members employed by that employer. For [subsequent] calendar [years] **year 2026 and each calendar year** after [2032] **2026**, the rate of contribution payable by each employer shall equal [nine] **fourteen** percent of the total compensation of all members employed by that employer.

[6.] **5.** The expense and contingency reserve shall be a reserve for investment contingencies and estimated expenses of administration of the retirement system as determined annually by the board of trustees.

[7.] 6. Gifts, devises, bequests and legacies may be accepted by the board of trustees to be held and invested as a part of the assets of the retirement system and shall not be separately accounted for except where specific direction for the use of a gift is made by a donor.”; and

Further amend the title and enacting clause accordingly.

- (3) Offers child care for children of enrolled students attending the school; and
- (4) Is not eligible to receive funding under section 160.415 or 163.031.

160.2705. 1. The department of social services shall authorize Missouri-based nonprofit organizations meeting the criteria of this section to establish and operate up to five adult high schools, with:

- (1) One adult high school to be located in a city not within a county;
- (2) One adult high school to be located in a county of the third classification without a township form of government and with more than forty-one thousand but fewer than forty-five thousand inhabitants or a county contiguous to that county;
- (3) One adult high school to be located in a county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or a county contiguous to that county;

- (5) One adult high school to be located in a county with more than seven hundred thousand but fewer than eight hundred thousand inhabitants, or a contiguous county.

2. The department of social services shall administer funding to adult high schools subject to appropriations. The department shall be responsible for granting and maintaining authorization for adult high schools. For adult high schools in operation prior to January 1, 2023, the department shall maintain authorization for the nonprofit organization to operate the schools, subject to compliance with this section. No more than one organization shall be authorized to operate an adult high school at each location described in subsection 1 of this section. An organization may establish satellite campuses for any adult high school it is authorized to operate. The department shall administer funding for satellite campuses subject to appropriations.

3. On or before January 1, 2024, the department of social services shall select an eligible Missouri-based nonprofit organization to operate in a location described in subdivision (5) of subsection 1 of this section. An eligible organization shall:

(2) Demonstrate the ability to commit at least five hundred thousand dollars for the purpose of establishing the necessary infrastructure at the adult high school;

(2) Requirements for a high school diploma shall be based on an adult student's prior high school achievement and the remaining credits and coursework that would be necessary for the student to receive a high school diploma if such student were in a traditional high school setting. The adult student shall meet the requirements with the same level of academic rigor as would otherwise be necessary to attain such credits.

(3) The adult high school authorized under this section shall award high school diplomas to students who successfully meet the established academic requirements. The adult high school authorized under this section shall confer the diploma as though the student earned the diploma at a traditional high school. They shall not be required to satisfy any specific number of class minutes. The adult high school may also make classes available to students online as may be appropriate. 5. An adult high school shall be deemed a secondary school system for the purposes of subdivision [(15)] **(16)** of subsection 1 of section 210.211.

160.2710. 1. Any person who is [twenty-one] **eighteen** years of age or older may enroll in an adult high school if he or she has not earned a high school diploma.

2. An adult high school shall give a preference in admission to those students who receive any local, state, or federal assistance in which a person or family is required not to exceed a certain income level in order to qualify for the assistance.

3. For the purposes of compiling and tracking dropout rates of a local education agency by the department of elementary and secondary education, a student transferring from a local education agency to an adult high school shall be considered a transfer student and not a dropout student from the local education agency.

161.264. 1. Subject to appropriation, the department of elementary and secondary education shall establish a statewide program to be known as the "STEM Career Awareness Activity Program" to increase STEM career awareness among students in grades nine through twelve. 4. Notwithstanding the provisions of subsections 2 and 3 of this section to the contrary, the department of elementary and secondary education may choose a third-party nonprofit entity to implement the statewide program, solicit proposals, and select a provider as described under subsection 3 of this section.

5. There is hereby created in the state treasury the "STEM Career Awareness Activity Fund". The fund shall consist of any appropriations, gifts, bequests, or public or private donations to such fund. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements of public moneys in accordance with distribution requirements and procedures developed by the department of elementary and secondary education. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely for the administration of this section. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this act shall be invalid and void."; and

There is hereby created a "Department of Higher Education and Workforce Development", and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education may approve, not approve, or provisionally approve proposed new degree programs to be offered by the state institutions of higher education. The coordinating board may authorize a degree program outside an institution's coordinating board-approved mission only when the coordinating board has received clear evidence that the institution proposing to offer the program:

(a) Made a good-faith effort to explore the feasibility of offering the program in collaboration with an institution the mission of which includes offering the program;

(b) Is contributing substantially to the goals in the coordinating board's coordinated plan for higher education;

(c) Has the existing capacity to ensure the program is delivered in a high-quality manner;

- (d) Has demonstrated that the proposed program is needed;
- (e) Has a clear plan to meet the articulated workforce need; and
- (f) Such other factors deemed relevant by the coordinating board;

(2) The governing board of each public institution of higher education in the state shall have the power and authority to confer degrees in chiropractic, osteopathic medicine, and podiatry only in collaboration with the University of Missouri, provided that such collaborative agreements are approved by the governing board of each institution and that in these instances the University of Missouri will be the degree-granting institution. Should the University of Missouri decline to collaborate in the offering of such programs, any of these institutions may seek approval of the program through the coordinating board for higher education's comprehensive review process when doing so would not unnecessarily duplicate an existing program, collaboration is not feasible or a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high quality manner;

(3) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(4) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, and institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(5) No new [state-supported senior] **public** colleges or [residence centers] **universities** shall be established except as provided by law and with approval of the coordinating board for higher education;

(6) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(7) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

(8) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(9) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

(10) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(11) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(12) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or

knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly;

(13) In recognition of institutions that meet the requirements of subdivision (2), (3), or (4) of subsection 1 of section 173.616, are established by name as an educational institution in Missouri, and are authorized to operate programs beyond secondary education for purposes of authorization under 34 CFR 600.9, the coordinating board for higher education shall maintain and publish on its website a list of such postsecondary educational institutions; and

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and

b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one

Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a postsecondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval.

(1) The claimant has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the division may prescribe;

(2) The claimant is able to work and is available for work. No person shall be deemed available for work unless such person has been and is actively and earnestly seeking work. Upon the filing of an initial or renewed claim, and prior to the filing of each weekly claim thereafter, the deputy shall notify each claimant of the number of work search contacts required to constitute an active search for work. Unless the deputy directs otherwise, a claimant shall make a minimum of three work search contacts during any week for which he or she claims benefits. No person shall be considered not available for work, pursuant to this subdivision, solely because he or she is a substitute teacher or is on jury duty. A claimant shall not be determined to be ineligible pursuant to this subdivision because of not actively and earnestly seeking work if:

(a) The claimant is participating in training approved pursuant to Section 236 of the Trade Act of 1974, as amended, (19 U.S.C.A. Sec. 2296, as amended);

(b) The claimant is temporarily unemployed through no fault of his or her own and has a definite recall date within eight weeks of his or her first day of unemployment; however, upon application of the employer responsible for the claimant's unemployment, such eight-week period may be extended not to exceed a total of sixteen weeks at the discretion of the director;

(3) The claimant has reported to an office of the division as directed by the deputy, but at least once every four weeks, except that a claimant shall be exempted from the reporting requirement of this subdivision if:

(a) The claimant is claiming benefits in accordance with division regulations dealing with partial or temporary total unemployment; or

(b) The claimant is temporarily unemployed through no fault of his or her own and has a definite recall date within eight weeks of his or her first day of unemployment; or

(c) The director of the division of employment security has determined that the claimant belongs to a group or class of workers whose opportunities for reemployment will not be enhanced by reporting, or is prevented from reporting due to emergency conditions that limit access by the general public to an office that serves the area where the claimant resides, but only during the time such circumstances exist.

Ineligibility pursuant to this subdivision shall begin on the first day of the week which the claimant was scheduled to claim and shall end on the last day of the week preceding the week during which the claimant does report to the division's office;

(4) Prior to the first week of a period of total or partial unemployment for which the claimant claims benefits he or she has been totally or partially unemployed for a waiting period of one week. No more than one waiting week will be required in any benefit year. During calendar year 2008 and each calendar year thereafter, the one-week waiting period shall become compensable once his or her remaining balance on the claim is equal to or less than the compensable amount for the waiting period. No week shall be counted as a week of total or partial unemployment for the purposes of this subsection unless it occurs within the benefit year which includes the week with respect to which the claimant claims benefits;

(5) The claimant has made a claim for benefits within fourteen days from the last day of the week being claimed. The fourteen-day period may, for good cause, be extended to twenty-eight days;

(6) The claimant has reported to an employment office to participate in a reemployment assessment and reemployment services as directed by the deputy or designated staff of an employment office, unless the deputy determines that good cause exists for the claimant's failure to participate in such reemployment assessment and reemployment services. For purposes of this section, "reemployment services" may include, but not be limited to, the following:

- (a) Providing an orientation to employment office services;
- (b) Providing job search assistance; and
- (c) Providing labor market statistics or analysis;

Ineligibility under this subdivision shall begin on the first day of the week which the claimant was scheduled to report for the reemployment assessment or reemployment services and shall end on the last day of the week preceding the week during which the claimant does report in person to the employment office for such reemployment assessment or reemployment services;

(7) The claimant is participating in reemployment services, such as job search assistance services, as directed by the deputy if the claimant has been determined to be likely to exhaust regular benefits and to need reemployment services pursuant to a profiling system established by the division, unless the deputy determines that:

- (a) The individual has completed such reemployment services; or
- (b) There is justifiable cause for the claimant's failure to participate in such reemployment services.

2. A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds he or she is or has been suspended by his or her most recent employer for misconduct connected with his or her work. Suspensions of four weeks or more shall be treated as discharges.

3. (1) Benefits based on "service in employment", described in subsections 7 and 8 of section 288.034, shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this law; except that:

(a) With respect to service performed in an instructional, research, or principal administrative capacity for an educational institution, benefits shall not be paid based on such services for any week of unemployment commencing during the period between two successive academic years or terms, or during a similar period between two regular but not successive terms, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual if such individual performs such services in the first of such academic years (or terms) and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms;

(b) With respect to services performed in any capacity (other than instructional, research, or principal administrative capacity) for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two successive academic years or terms if such individual performs such services in the first of such academic years or terms and there is a contract or a reasonable assurance that such individual will perform such services in the second of such academic years or terms;

(c) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits shall not be paid on the basis of such services to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performed such services in the period immediately before such vacation period or holiday recess, and there is reasonable assurance that such individual will perform such services immediately following such vacation period or holiday recess;

(d) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits payable on the basis of services in any such capacity shall be denied as specified in paragraphs (a), (b), and (c) of this subdivision to any individual who performed such services at an educational institution while in the employ of an educational service agency, and for this purpose the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(2) If compensation is denied for any week pursuant to paragraph (b) or (d) of subdivision (1) of this subsection to any individual performing services at an educational institution in any capacity (other than

instructional, research or principal administrative capacity), and such individual was not offered an opportunity to perform such services for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of paragraph (b) or (d) of subdivision (1) of this subsection.

4. (1) A claimant shall be ineligible for waiting week credit, benefits or shared work benefits for any week for which he or she is receiving or has received remuneration exceeding his or her weekly benefit amount or shared work benefit amount in the form of:

(a) Compensation for temporary partial disability pursuant to the workers' compensation law of any state or pursuant to a similar law of the United States;

(b) A governmental or other pension, retirement or retired pay, annuity, or other similar periodic payment which is based on the previous work of such claimant to the extent that such payment is provided from funds provided by a base period or chargeable employer pursuant to a plan maintained or contributed to by such employer; but, except for such payments made pursuant to the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law), the provisions of this paragraph shall not apply if the services performed for such employer by the claimant after the beginning of the base period (or remuneration for such services) do not affect eligibility for or increase the amount of such pension, retirement or retired pay, annuity or similar payment.

(2) If the remuneration referred to in this subsection is less than the benefits which would otherwise be due, the claimant shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration, and, if such benefit is not a multiple of one dollar, such amount shall be lowered to the next multiple of one dollar.

(3) Notwithstanding the provisions of subdivisions (1) and (2) of this subsection, if a claimant has contributed in any way to the Social Security Act or the Railroad Retirement Act of 1974, or the corresponding provisions of prior law, no part of the payments received pursuant to such federal law shall be deductible from the amount of benefits received pursuant to this chapter.

5. A claimant shall be ineligible for waiting week credit or benefits for any week for which or a part of which he or she has received or is seeking unemployment benefits pursuant to an unemployment insurance law of another state or the United States; provided, that if it be finally determined that the claimant is not entitled to such unemployment benefits, such ineligibility shall not apply.

6. (1) A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds that such claimant's total or partial unemployment is due to a stoppage of work which exists because of a labor dispute in the factory, establishment or other premises in which such claimant is or was

last employed. In the event the claimant secures other employment from which he or she is separated during the existence of the labor dispute, the claimant must have obtained bona fide employment as a permanent employee for at least the major part of each of two weeks in such subsequent employment to terminate his or her ineligibility. If, in any case, separate branches of work which are commonly conducted as separate businesses at separate premises are conducted in separate departments of the same premises, each such department shall for the purposes of this subsection be deemed to be a separate factory, establishment or other premises. This subsection shall not apply if it is shown to the satisfaction of the deputy that:

(a) The claimant is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(b) The claimant does not belong to a grade or class of workers of which, immediately preceding the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute.

(2) "Stoppage of work" as used in this subsection means a substantial diminution of the activities, production or services at the establishment, plant, factory or premises of the employing unit. This definition shall not apply to a strike where the employees in the bargaining unit who initiated the strike are participating in the strike. Such employees shall not be eligible for waiting week credit or benefits during the period when the strike is in effect, regardless of diminution, unless the employer has been found guilty of an unfair labor practice by the National Labor Relations Board or a federal court of law for an act or actions preceding or during the strike.

7. On or after January 1, 1978, benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

8. Benefits shall not be payable on the basis of services performed by an alien, unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 212(d)(5) of the Immigration and Nationality Act).

(1) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(2) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of such individual's alien status shall be made except upon a preponderance of the evidence.

9. A claimant shall be ineligible for waiting week credit or benefits for any week such claimant has an outstanding penalty which was assessed based upon an overpayment of benefits, as provided for in subsection 9 of section 288.380.

10. The directors of the division of employment security and the [division] **office** of workforce development shall submit to the governor, the speaker of the house of representatives, and the president pro tem of the senate no later than October 15, 2006, a report outlining their recommendations for how to improve work search verification and claimant reemployment activities. The recommendations shall include, but not limited to how to best utilize "greathires.org", and how to reduce the average duration of unemployment insurance claims. Each calendar year thereafter, the directors shall submit a report containing their recommendations on these issues by December thirty-first of each year.

11. For purposes of this section, a claimant may satisfy reporting requirements provided under this section by reporting by internet communication or any other means deemed acceptable by the division of employment security.

[173.115. 1. After the department has paid a loss on a defaulted loan and has entered a statement of claim in which it determines and sets forth the existence, nature and amount of the money due it by the defaulting borrower and a proposed payment schedule, the department may issue an order directing any employer of the borrower to withhold or pay over to the department money due or to become due to the department.

2. Before issuing the order as provided in subsection 1 of this section, the department shall serve on the borrower the statement of claim and shall inform the borrower that the department intends to initiate proceedings to collect the debt through deductions from earnings. The department shall also provide a copy of this section or an explanation of the borrower's rights under this section.

The department shall provide the borrower with the opportunity to have a hearing before an impartial hearing officer appointed by the department but who is not under the control or supervision of the board or department. The procedures for the hearing shall be the same as those for contested cases under chapter 536. Upon the borrower's filing of a request for a hearing in compliance with the rules of the board, the department shall stay the commencement of collection proceedings for the debt described in the statement of claim until the department issues an order provided for in subsection 6, 7, or 8, of this section.

6. The hearing officer shall also determine and include in his decision the terms of the repayment schedule which shall be the same as that set forth by the department in its statement of claim unless he finds no good cause to enter that schedule. 7. When a borrower properly requests a hearing under the board's rules and when the hearing officer does not issue a decision within sixty days of the department's having received the request for the hearing, the department shall issue an order withdrawing the statement of claim and serve it upon the borrower with a copy of this subsection. The employer shall withhold from the earnings the amount specified in the order, except that the total amount withheld shall not exceed ten percent of the borrower's earnings after deduction from those earnings of any amount required by law to be withheld. When the borrower voluntarily makes a written request that money due or to become due him be withheld or applied to the debt or that more than the ten percent maximum be withheld from his earnings, the employer shall comply with that request as if so ordered by the department.

11. Subject to the provisions of section 454.505, an order to withhold earnings shall have the same force and effect in regard to the employer as any other garnishment.

12. No employer or other payor who complies with an order to withhold earnings shall be liable to the borrower, or to any other person claiming rights derived from the borrower, for wrongful withholding. An employer who fails or refuses to withhold or pay the amounts as ordered under this section shall be liable to the department in an amount equal to the amount which became due the department during the relevant period and which, under the order, should have been withheld and paid over.

13. An employer shall not discharge, refuse to hire or otherwise discipline an employee as a result of an order to withhold and pay over certain money authorized by this section. Any employer who does so is guilty of an infraction.

In awarding renewal grants, the coordinating board may increase or decrease the amount of financial assistance to an applicant if such action is warranted by a change in the financial condition of the applicant, the applicant's spouse or parents, or the availability of funds for that year. As a condition to consideration for initial or renewed assistance, the coordinating board may require the applicant, the applicant's spouse and parents to execute forms of consent authorizing the director of revenue of Missouri to compare financial information submitted by the applicant with the Missouri individual income tax returns of the applicant, the applicant's spouse and parents for the taxable year immediately preceding the year for which application is made, and to report any discrepancies to the coordinating board.

3. There is hereby created in the state treasury the "Access Missouri Financial Assistance Fund". The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely to provide financial assistance to qualified applicants as provided by sections 173.1101 to 173.1107. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

173.1105. 1. An applicant who is an undergraduate postsecondary student at an approved private, public, or virtual institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

(1) For academic years 2010-11, 2011-12, 2012-13, and 2013-14:

(a) One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector;

(b) Two thousand one hundred fifty dollars maximum and one thousand dollars minimum for students attending institutions classified as part of the public four-year sector, including State Technical College of Missouri; and

(c) Four thousand six hundred dollars maximum and two thousand dollars minimum for students attending approved private institutions;

(2) For the 2014-15 academic year [and subsequent years] **through the 2024-25 academic year:**

(a) One thousand three hundred dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector; and

2. All students with [an expected family contribution] **a student aid index** of twelve thousand dollars or less shall receive at least the minimum award amount for his or her institution. Maximum award amounts for an eligible student with [an expected family contribution] **a student aid index** above seven thousand dollars shall be reduced by ten percent of the maximum [expected family contribution] **student aid index** for his or her increment group. Any award amount shall be reduced by the amount of a student's

payment from the A+ schools program or any successor program to it. For purposes of this subsection, the term "increment group" shall mean a group organized by [expected family contribution] **student aid index** in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by **either extending the deadline for filing an application or** raising the cutoff for the [expected family contribution] **student aid index** rather than by increasing the size of the award, **as determined by the department.**

4. Every three years, beginning with **the 2025-26** academic year [2009-10], the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly."; and

A person commits the offense of hazing if he or she knowingly, actively, and not under duress participates in, solicits another person to participate in, or causes or plans a willful act, occurring on or off the campus of a public or private college or university, directed against a student or a prospective member, current member, or former member of an organization operating under the sanction of a public or private college or university, that recklessly endangers the mental or physical health or safety of a student or prospective member, current member, or former member for the purpose of initiation or admission into or continued membership in any such organization to the extent that such person is knowingly placed at probable risk of the loss of life or probable bodily or psychological harm. Acts of hazing include:

(1) Any activity which recklessly endangers the physical health or safety of the student or prospective member, current member, or former member, including but not limited to physical brutality, whipping, beating, branding, exposure to the elements, forced consumption of any food, liquor, drug or other substance, or forced smoking or chewing of tobacco products;

(3) Any activity that requires the student or prospective member, current member, or former member to perform a duty or task which involves a violation of the criminal laws of this state or any political subdivision in this state.

[2.] 3. Public or private colleges or universities in this state shall adopt a written policy prohibiting hazing by any organization operating under the sanction of the institution.

[3.] **4.** Nothing in this section shall be interpreted as creating a new private cause of action against any educational institution.

[4.] **5.** Consent is not a defense to hazing. Section 565.010 does not apply to hazing cases or to homicide cases arising out of hazing activity.

[5.] **6.** The offense of hazing is a class A misdemeanor, unless the act creates a substantial risk to the life of the student [or], prospective member, **current member, or former member**, in which case it is a class D felony.

7. A person shall not be guilty of the offense of hazing if the person establishes all of the following:

(1) That he was present at an event where, as a result of hazing, a person appeared to be in need of immediate medical assistance;

(2) That he was the first person to call 911 or campus security to report the need for immediate medical assistance;

8. Notwithstanding subsection 7 of this section to the contrary, a person shall be immune from prosecution under this section if the person establishes that the person rendered aid to the hazing victim before medical assistance, law enforcement, or campus security arrived on the scene of the hazing event. For purposes of this subsection, the term "aid" includes, but is not limited to, rendering cardiopulmonary resuscitation to the victim, clearing an airway for the victim to breathe, using a defibrillator to assist the victim, or rendering any other assistance to the victim that the person intended in good faith to stabilize or improve the victim's condition while waiting for medical assistance, law enforcement, or campus security to arrive.

9. For purposes of this section, the term "former member" means a person who is no longer affiliated with the chapter of the organization operating under the sanction of the public or private college or university, but who may be affiliated with the national chapter of the organization."; and

(8) "Remediation", decreasing the lead concentration in water from a drinking water outlet to less than five parts per billion [without relying solely on flushing practices, or] using methods such as the replacement of lead-containing pipes, solder, fittings, or fixtures with lead-free components **or filtering when the water supply is the source of contamination**. Flushing [as a stand alone action] shall not be considered remediation;

(9) "School", any public school, private school, or provider of an early childhood education program that receives state funding.

3. Beginning in the 2023-24 school year and for each subsequent school year, each school shall provide drinking water with a lead concentration level below five parts per billion in sufficient amounts to meet the drinking water needs of all students and staff as provided in this section.

4. (1) On or before January 1, 2024, each school shall:

(a) Conduct an inventory of all drinking water outlets [and all outlets that are used for dispensing water for cooking or for cleaning cooking and eating utensils] in each of the school's buildings;

(b) Develop a plan for testing each outlet inventoried under paragraph (a) of this subdivision and make such plan available to the public; and

(c) Upon request, provide general information on the health effects of lead contamination and additional informational resources for employees and parents of children at each school.

(2) Each school shall make buildings housing early childhood education programs, kindergartens, and elementary schools the priority when complying with paragraphs (a) and (b) of subdivision (1) of this subsection.

(3) Before August 1, 2024, or the first day on which students will be present in the building, whichever is later, each school shall:

(a) Perform all testing as required by subsection 5 of this section and within two weeks after receiving test results, make all testing results and any lead remediation plans available on the school's website;

(b) Remove and replace any drinking water coolers or drinking water outlets that the United States Environmental Protection Agency has determined are not lead-free under the federal Lead Contamination Control Act of 1988, as amended; except the school shall not be required to replace those drinking water outlets or water coolers that tested under the requirements of this section and have been determined to be dispensing drinking water with a lead concentration less than five part per billion; however, such drinking water outlet or water cooler shall be subject to all testing requirements and shall not be excluded from testing under **subdivision (3) of subsection [10] 5** of this section.

(4) If testing indicates that the water source is causing the contamination and until such time that the source of the contamination has been remediated, the school shall:

(a) Install a filter **that reduces lead in drinking water** at each point at which the water supply enters the building **in accordance with any relevant requirements set forth by the department of natural resources to ensure lead concentrations are below the standard set in subsection 3 of this section;**

(b) Install a filter that reduces lead in drinking water on each water outlet inventoried under paragraph (a) of subdivision (1) of this subsection to ensure lead concentrations are below five parts per billion; or

(c) Provide purified water at each water outlet inventoried under paragraph (a) of subdivision (1) of this subsection.

(5) If testing indicates that the internal building piping is causing the contamination and until such time that the source of the contamination has been remediated, the school shall:

(a) Install a filter that reduces lead in drinking water on each water outlet inventoried under paragraph (a) of subdivision (1) of this subsection to ensure lead concentrations are below five parts per billion; [or]

(b) Provide purified water at each water outlet inventoried under paragraph (a) of subdivision (1) of this subsection; **or**

(c) Remove the outlet from service.

(6) If a pipe, solder, fitting, or fixture is replaced as part of remediation, the replacement shall be lead free, as such term is defined in 40 CFR 143.12, as amended.

(7) If a test result exceeds five parts per billion, the affected school shall:

(a) Contact parents and staff via written notification within seven business days after receiving the test result. The notification shall include at least:

a. The test results and a summary that explains such results;

b. A description of any remedial steps taken; and

c. A description of general health effects of lead contamination and community specific resources; and

(b) Provide bottled water if there is not enough water to meet the drinking water needs of the students, teachers, and staff.

(8) School districts shall submit such annual testing results to the department.

(9) This subsection shall not be construed to prevent a school from conducting more frequent testing than required under this section.

5. (1) Before August 1, 2024, or the first day on which students will be present in the building, whichever is later, and annually thereafter, each school shall conduct testing for lead by first-draw and follow-up flush samples of a random sampling of at least twenty-five percent of remediated drinking water outlets until all remediated sources have been tested as recommended by the 2018 version of the United States Environmental Protection Agency's Training, Testing, and Taking Action program. The testing shall be conducted and the results analyzed for both types of tests by an entity or entities approved by the

department. **All drinking water outlets with test results of less than five parts per billion for lead shall be retested at intervals described in subdivision (3) of this subsection.**

(2) If, in the ten years prior to the 2023-24 school year, a fixture tested above five parts per billion for lead, such fixture does not need to be repeat tested for lead, but instead remediation shall begin on such fixture.

(3) A school that tests and does not find a drinking water outlet with a lead concentration above the standard described in subsection 3 of this section shall be required to test only every five years. This subdivision shall not be construed to prevent a school from conducting more frequent testing than required under this subsection.

6. (1) In addition to the apportionments payable to a school district under chapter 163, the department of natural resources, with support from the department of elementary and secondary education and the department of health and senior services, is hereby authorized to apportion to any school additional funding for the filtration, testing, and other remediation of drinking water systems required under this section, subject to appropriation.

(2) To the extent permitted by federal law, a school district may seek reimbursement or other funds for compliance incurred under this section under any applicable federal law including, but not limited to, the America's Water Infrastructure Act of 2018 and the Water Infrastructure Finance and Innovation Act of 2014, 33 U.S.C. Section 3901 et seq.

(3) Disadvantaged school districts shall receive funding priority under this subsection.

7. The department, in conjunction with the department of elementary and secondary education, shall publish a report biennially based on the findings from the water testing conducted under this section. Such report shall be published on the department of natural resources website.

8. For public schools, the department shall ensure compliance with this section. Each school district shall be responsible for ensuring compliance within each school within the school district's jurisdiction.

10. A school that tests and does not find a drinking water source with a lead concentration above the acceptable level as described in subsection 3 of this section shall be required to test only every five years.

11.] The department may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the

authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

Further amend said bill, Page 13, Section 178.787, Line 48, by inserting after all of said section and line the following:

Subject to appropriations, each school district, as such term is defined in section 160.011, may test a sample of a source of potable water in a public school building in that district serving students under first grade and constructed before 1996 for lead contamination in accordance with guidance provided by the department of health and senior services. The school district may submit the samples to a department-approved laboratory for analysis for lead and provide the written sampling results to the department within seven days of receipt.

2. The department shall develop guidance for schools in collecting and testing first-draw samples of potable water. The department shall develop and make publicly available a list of approved laboratories for lead analysis.

3. If any of the samples taken in the building exceed current standards for parts-per-billion of lead established by the United States Environmental Protection Agency, the school district shall promptly provide individual notification of the sampling results, by written or electronic communication, to the parents or legal guardians of all enrolled students and include the following information: the corresponding sampling location within the building and the U.S. Environmental Protection Agency's website for information about lead in drinking water. If any of the samples taken in the building are at or below five parts-per-billion, notification may be made as provided in this subsection or by posting on the school's website.

4. The department may promulgate rules and regulations necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

"Therefore, do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own." (Matthew 6:34 NIV)

Help us to focus on the work before us, center our thoughts, and make us attentive to the present needs of this day. May we trust that each moment, faithfully lived, builds toward the future for which we are working. We ask this in Jesus' name, Amen.

(2) "Informed consent", the protected person is given the following information before consenting to participate in electronic monitoring with victim notification:

(a) The protected person's right to refuse to participate in such monitoring and the process for requesting the court to terminate his or her participation after it has been ordered;

(b) The manner in which the electronic monitoring technology functions and the risks and limitations of that technology;

(c) The boundaries imposed on the person being monitored during the electronic monitoring;

(d) The sanctions that the court may impose for violations of the order issued by the court;

(e) The procedure that the protected person is to follow if the monitored person violates an order or if the electronic monitoring equipment fails;

(5) Whether the person has threatened suicide or homicide;

(6) Whether the person has a history of mental illness or has been civilly committed; and

(7) Whether the person has a history of alcohol or substance abuse.

5. Unless the person is determined to be indigent by the court, a person ordered to be placed on electronic monitoring with victim notification shall be ordered to pay the related costs and expenses. If the court determines the person is indigent, the person may be placed on electronic monitoring with victim notification, and the clerk of the court in which the case was determined shall notify the department of corrections that the person was determined to be indigent and shall include in a bill to the department the costs associated with the monitoring. The department shall establish by rule a procedure to determine the portion of costs each indigent person is able to pay based on a person's income, number of dependents, and other factors as determined by the department and shall seek reimbursement of such costs.

9. Nothing in this section shall be construed as limiting a court's ability to place a person on electronic monitoring without victim notification under section 544.455 or 557.011.

10. A person shall be found guilty of the offense of tampering with electronic monitoring equipment under section 575.205 if he or she commits the actions prohibited under such section with any equipment that a court orders the person to wear under this section.

11. The department of corrections shall promulgate rules and regulations for the implementation of subsection 5 of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

[12. The provisions of this section shall expire on August 28, 2024.]"; and

"57.280. 1. Sheriffs shall receive a charge for service of any summons, writ, or other order of court, in connection with any civil case, and making on the same either a return indicating service, a non est

return or a nulla bona return, the sum of twenty dollars for each item to be served, except that a sheriff shall receive a charge for service of any subpoena, and making a return on the same, the sum of ten dollars; however, no such charge shall be collected in any proceeding when [court] costs **for service** are to be paid by the state, county, or municipality. In addition to such charge, the sheriff shall be entitled to receive for each mile actually traveled in serving any summons, writ, subpoena, or other order of court the rate prescribed by the Internal Revenue Service for all allowable expenses for motor vehicle use expressed as an amount per mile, provided that such mileage shall not be charged for more than one subpoena or summons or other writ served in the same cause on the same trip. All of such charges shall be received by the sheriff who is requested to perform the service. Except as otherwise provided by law, all charges made pursuant to this section shall be collected by the [court clerk as court costs] **sheriff's office responsible for service** and are payable prior to the time the service is rendered; provided that if the amount of such charge cannot be readily determined, then the sheriff shall receive a deposit based upon the likely amount of such charge, and the balance of such charge shall be payable immediately upon ascertainment of the proper amount of said charge. A sheriff may refuse to perform any service in any action or proceeding, other than when [court] costs **for service** are waived as provided by law, until the charge provided by this section is paid. Failure to receive the charge shall not affect the validity of the service.

2. The sheriff shall receive for receiving and paying moneys on execution or other process, where lands or goods have been levied and advertised and sold, five percent on five hundred dollars and four percent on all sums above five hundred dollars, and half of these sums, when the money is paid to the sheriff without a levy, or where the lands or goods levied on shall not be sold and the money is paid to the sheriff or person entitled thereto, his agent or attorney. The party at whose application any writ, execution, subpoena, or other process has issued from the court shall pay the sheriff's costs for the removal, transportation, storage, safekeeping and support of any property to be seized pursuant to legal process before such seizure. The sheriff shall be allowed for each mile, going and returning from the courthouse of the county in which he resides to the place where the court is held, the rate prescribed by the Internal Revenue Service for all allowable expenses for motor vehicle use expressed as an amount per mile. The provisions of this subsection shall not apply to garnishment proceeds.

3. The sheriff upon the receipt of the charge herein provided for shall pay into the treasury of the county any and all charges received pursuant to the provisions of this section. The funds collected pursuant to this section, not to exceed [fifty] **seventy-five** thousand dollars in any calendar year, shall be held in a fund established by the county treasurer, which may be expended at the discretion of the sheriff for the furtherance of the sheriff's set duties. Any such funds in excess of [fifty] **seventy-five** thousand dollars in any calendar year shall be placed to the credit of the general revenue fund of the county. Moneys in the fund shall be used only for the procurement of services and equipment to support the operation of the sheriff's office. Moneys in the fund established pursuant to this subsection shall not lapse to the county general revenue fund at the end of any county budget or fiscal year.

4. **(1)** Notwithstanding the provisions of subsection 3 of this section to the contrary, [the sheriff shall receive ten dollars] for service of any summons, writ, subpoena, or other order of the court included under subsection 1 of this section, in addition to the charge for such service that each sheriff receives under subsection 1 of this section, **the sheriff of any county of the first, second, or fourth classification or with a charter form of government shall receive twenty dollars and the sheriff of any county of the third classification shall receive fifteen dollars.** The money received by the sheriff under this subsection

shall be paid into the county treasury and the county treasurer shall make such money payable to the state treasurer.

(2) For any moneys received by the state treasurer from the county treasurer of any county of the first, second, or fourth classification or with a charter form of government, the state treasurer shall deposit ten dollars of such moneys in the deputy sheriff salary supplementation fund created under section 57.278 and ten dollars of such moneys in the sheriffs' retirement fund created under section 57.952, except that any moneys received from a county that does not have a sheriff that participates in the sheriffs' retirement system authorized by sections 57.949 to 57.997 shall be deposited in full in the deputy sheriff supplementation fund. Any other person specially appointed to serve in a county shall execute and deliver to the circuit clerk, along with the confirmation of service, a signed and notarized affidavit of confirmation, made under penalty of perjury, that includes the amount, check number, and date of payment to evidence payment was made to the sheriff for the deputy sheriff salary supplementation fund **and the sheriffs' retirement fund** as required by this subsection.

(3) For any moneys received by the state treasurer from the county treasurer of any county of the third classification, the state treasurer shall deposit ten dollars of such moneys in the deputy sheriff salary supplementation fund created under section 57.278 and five dollars of such moneys in the sheriffs' retirement fund created under section 57.952, except that any moneys received from a county that does not have a sheriff that participates in the sheriffs' retirement system authorized by sections 57.949 to 57.997 shall be deposited in full in the deputy sheriff supplementation fund. Any other person specially appointed to serve in a county shall execute and deliver to the circuit clerk, along with the confirmation of service, a signed and notarized affidavit of confirmation, made under penalty of perjury, that includes the amount, check number, and date of payment to evidence payment was made to the sheriff for the deputy sheriff salary supplementation fund **and the sheriffs' retirement fund** as required by this subsection.

5. Notwithstanding the provisions of subsection 3 of this section, the court clerk shall collect ten dollars as a court cost for service of any summons, writ, subpoena, or other order of the court included under subsection 1 of this section if any person other than a sheriff is specially appointed to serve in a county that receives funds under section 57.278. The moneys received by the court clerk under this subsection shall be paid into the county treasury and the county treasurer shall make such moneys payable to the state treasurer. The state treasurer shall deposit such moneys in the deputy sheriff salary supplementation fund created under section 57.278.

6. Sheriffs shall receive up to fifty dollars for service of any summons, writ, or other order of the court in connection with any eviction proceeding, in addition to the charge for such service that each sheriff receives under this section. All of such charges shall be received by the sheriff who is requested to perform the service and shall be paid to the county treasurer in a fund established by the county treasurer, which may be expended at the discretion of the sheriff for the furtherance of the sheriff's set duties. All charges shall be payable prior to the time the service is rendered; provided that if the amount of such charge cannot be readily determined, then the sheriff shall receive a deposit based upon the likely amount of such charge, and the balance of such charge shall be payable immediately upon ascertainment of the proper amount of said charge.

57.952. 1. There is hereby authorized a "Sheriffs' Retirement Fund" which shall be under the management of [a] **the board [of directors]** as described in section 57.958. The board [of directors] shall be responsible for the administration and the investment of the funds of such sheriffs' retirement fund. The general assembly and the governing body of a county may appropriate funds for deposit in the sheriffs' retirement fund. [If insufficient funds are generated to provide the benefits payable pursuant to the provisions of sections 57.949 to 57.997, the board shall proportion the benefits according to the funds available.]

2. The board may accept gifts, donations, grants, and bequests from public or private sources to the sheriffs' retirement fund.

3. Each county shall make the payroll deductions for member contributions mandated under section 57.961, and the county shall transmit such moneys to the board for deposit into the sheriffs' retirement fund.

57.956. 1. Notwithstanding any other provision of law to the contrary, the department of corrections shall subtract and make a payment to the state treasurer from any per diem cost of incarceration to be received by each county under section 221.105, or from any per diem cost for jail reimbursement to be received by each county under any other provision of law in effect on or after August 28, 2025, in the amount of one dollar and seventy-five cents per day per prisoner. The state treasurer shall deposit such funds in the sheriffs' retirement fund created under section 57.952.

2. Notwithstanding subsection 1 of this section to the contrary, if the sheriffs' retirement fund is funded to at least ninety percent of the actuarially sound level and is funded at a level above the actuarial need, the department of corrections shall subtract and make a payment to the state treasurer from any per diem cost of incarceration to be received by each county under section 221.105, or from any per diem cost for jail reimbursement to be received by each county under any other provision of law in effect on or after August 28, 2025, in the amount of one dollar per day per prisoner. The state treasurer shall deposit such funds in the sheriffs' retirement fund created under section 57.952. The retirement system shall annually provide a copy of its actuarial report to the department of corrections.

3. The payment authorized by this section shall only apply to counties that have a sheriff who participates in the retirement system.

4. This section shall be effective on January 1, 2026.

57.961. 1. On and after the effective date of the establishment of the system, as an incident to his or her employment or continued employment, each person employed as an elected or appointed sheriff of a county shall become a member of the system. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997.

2. Notwithstanding any other provision of law to the contrary, each person who is a member of the system on or after January 1, 2024, shall be required to contribute five percent of the member's pay to the [retirement] system. Such contribution shall be made **by the member of the system** notwithstanding that the minimum salary or wages provided by law for any member shall thereby be changed. Each member shall be deemed to consent and agree to the deduction made and provided for herein. Payment of a

member's compensation less such deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by him or her to a county, except as to benefits provided by this system.

3. **The county employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the member under this section.** The officer or officers responsible for making up the payrolls for each county shall cause the contribution provided for in this section to be deducted from the compensation of the member in the employ of the county, on each and every payroll, for each and every payroll to the date his or her membership terminates. When deducted, each contribution shall be paid by the county to the system; the payments shall be made in the manner and shall be accompanied by such supporting data as the board shall from time to time prescribe. When paid to the system, each of the contributions shall be credited to the member from whose compensation the contributions were deducted. The contributions so deducted shall be treated as [employee] **employer** contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes.

4. Member contributions [deducted and paid into the system by the county] **picked up by the employer** shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the [retirement] system under this chapter.

5. The contributions, although designated as employee contributions, shall be paid by the county in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the county to the [retirement] system.

6. A former member who is not vested may request a refund of his or her contributions. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later, and shall include all contributions made to any retirement plan administered by the system.

7. Beginning September 1, 1986, any city not within a county and any county having a charter form of government may elect, by a majority vote of its governing body, to come under the provisions of sections 57.949 to 57.997 [except for the provisions of section 57.955]. Notice in writing of such election shall be given to the board, and the person employed as sheriff of such county, as an incident of his contract of employment or continued employment, shall become a member of the system on the first day of the month immediately following the date the board receives notice. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997, and upon becoming a member he shall receive credit for all prior service as if he had become a member on December 22, 1983.

8. Subject to the limitations under sections 57.949 to 57.997, the board shall have the authority to formulate and adopt rules and regulations for the administration of these provisions.

57.967. 1. The normal annuity of a retired member shall equal two percent of the final average compensation of the retired member multiplied by the number of years of creditable service of the retired

member, except that the normal annuity shall not exceed seventy-five percent of the retired member's average final compensation. Such annuity shall be not less than one thousand dollars per month.

2. The board, at its last meeting of each calendar year, shall determine the monthly amount for medical insurance premiums to be paid to each retired member during the next following calendar year. The monthly amount shall not exceed four hundred fifty dollars. The monthly payments are at the discretion of the board on the advice of the actuary. The anticipated sum of all such payments during the year plus the annual normal cost plus the annual amount to amortize the unfunded actuarial accrued liability in no more than thirty years shall not exceed the anticipated moneys credited to the system pursuant to [sections] **section 57.952 [and 57.955]**. The money amount granted here shall not be continued to any survivor.

3. If a member with eight or more years of service dies before becoming eligible for retirement, the member's surviving spouse, if he or she has been married to the member for at least two years prior to the member's death, shall be entitled to survivor benefits under option 1 as set forth in section 57.979 as if the member had retired on the date of the member's death. The member's monthly benefit shall be calculated as the member's accrued benefit at his or her death reduced by one-fourth of one percent per month for an early commencement from the member's normal retirement date: age fifty-five with twelve or more years of creditable service or age sixty-two with eight years of creditable service, to the member's date of death. Such benefit shall be payable on the first day of the month following the member's death and shall be payable during the surviving spouse's lifetime."; and

Further amend said bill, page 8, section 84.570, line 41, by inserting after all of said section the following:

"87.140. 1. The general administration and the responsibility for the proper operation of the retirement system shall be vested in a board of trustees of nine persons. The board shall be constituted as follows:

(1) The chief of the fire department of the city, ex officio;

(2) The comptroller or deputy comptroller of the city, ex officio;

(3) Two members to be appointed by the mayor of the city to serve for a term of two years;

(4) Three members to be elected by the members of the retirement system for a term of three years who shall be members of the system and hold office only while members of the system;

(5) Two members who shall be retired firemen to be elected by the retired firemen of the city and who shall hold office for a term of three years.

2. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled.

3. The trustees shall serve without compensation, but they shall be reimbursed from the expense fund for all necessary expenses which they may incur through service on the board.

4. Each trustee shall, within ten days after his appointment or election, take an oath of office before the clerk of circuit court of the city, that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the board and that he will not knowingly violate or willingly permit to be violated

any of the provisions of the law applicable to the retirement system. The oath shall be subscribed to by the member making it and certified by the clerk of circuit court and filed in his office.

5. Each trustee shall be entitled to one vote on the board. Five votes shall be necessary for a decision by the trustees at any meeting of the board.

6. Notwithstanding any provision of sections 87.120 to 87.371 to the contrary, the board of trustees of the retirement system shall not be prevented from simultaneously acting as the trustees of any other pension plan that provides retirement, disability, and death benefits for firefighters employed by any city not within a county and their covered dependents. The administration of the other pension plan shall be in accordance with the terms of such pension plan. Nothing in this subsection shall prevent the board of alderman of a city not within a county from adopting ordinances to govern the pensioning of firefighters and their covered dependents in any other pension plan simultaneously administered by the board of trustees of the retirement system.

87.145. The board of trustees shall have exclusive original jurisdiction in all matters relating to or affecting the funds herein provided for, including, in addition to all other matters, all claims for benefits and refunds under this law, and its action, decision or determination in any matter shall be reviewable under chapter 536 only, and any party to the proceedings shall have a right of appeal from the decision of the reviewing court. Subject to the limitations of sections 87.120 to 87.370, the board of trustees shall, from time to time, establish rules and regulations for the administration of funds created by this law, for the transaction of its business, and for the limitation of the time within which claims may be filed. **The administration of any pension plan, other than the retirement system, includes the ability of the board of trustees, from time to time, to establish rules and regulations for the administration of funds of such other pension plan and for the transaction of such other pension plan's business. Nothing in this section shall prevent the board of alderman of a city not within a county from adopting ordinances to govern the pensioning of firefighters and their covered dependents in any other pension plan simultaneously administered by the board of trustees of the retirement system.**

87.155. 1. The board of trustees shall keep in convenient form such data as is necessary for actuarial valuation of the funds of the retirement system and for checking the experience of the system.

2. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall publish annually a report showing the fiscal transactions of the retirement system for the preceding fiscal year, the amount of the accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

3. To the extent the board of trustees administers a pension plan other than the retirement system, the board of trustees shall maintain separate records of all proceedings of such other pension plan.

87.260. The board of trustees of the firefighters' retirement system shall have the exclusive authority and discretion to invest and reinvest the funds in property of any kind, real or personal. The board of trustees shall invest and manage the fund as a prudent investor would, by considering the purposes, terms, distribution requirements, and other circumstances of the firefighters' retirement system. In satisfying this standard, the board of trustees shall exercise reasonable care, skill, and caution. No trustee shall have any

interest as a trustee in the gains or profits made on any investment, except benefits from interest in investments common to all members of the plan, if entitled thereto. **To the extent the board of trustees administers a pension plan other than the retirement system, the board of trustees shall also have the authority and discretion to invest and reinvest the funds of such other pension plan in property of any kind, real or personal. The board of trustees may choose to invest the funds of the retirement system and the funds of the other pension plan in the same investments so long as the amounts invested and the gains, profits, or losses on such investments are accounted for separately. No benefits due to the firefighters or their covered dependents from the other pension plan shall be paid from the funds of the retirement system. Nothing in this section shall prevent the board of alderman of a city not within a county from adopting ordinances to govern the pensioning of firefighters and their covered dependents in any other pension plan simultaneously administered by the board of trustees of the retirement system.**

87.350. The expense fund shall be the fund to which shall be credited all money provided to pay the administration expenses of the retirement system and from which shall be paid all the expenses necessary in connection with the administration and operation of the system. Annually the board of trustees shall estimate the amount of money necessary to be paid into the expense fund during the ensuing year to provide for the expense of operation of the retirement system. Such estimate shall be provided by the board of trustees from interest and other earnings on assets of the retirement system. **In no event shall any expenses, including administrative expenses, incurred by the board of trustees in the administration of any pension plan other than the retirement system or in the investment of any funds of any pension plan other than the retirement system be paid from the funds of the retirement system. Such expenses shall be paid entirely from the funds of the other pension plan.**"; and

Further amend said bill, page 15, section 94.900, line 203, by inserting after all of said line the following:

2. The ballot of submission shall contain, but need not be limited to, the following language:

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the sales tax authorized in this section shall be in effect and the governing body of the ambulance or fire protection district shall lower the level of its tax rate by an amount which reduces property tax revenues by an amount equal to fifty percent of the amount of sales tax collected in the preceding year. If a majority of the votes cast by the qualified voters voting are opposed to the proposal,

then the governing body of the ambulance or fire protection district shall not impose the sales tax authorized in this section unless and until the governing body of such ambulance or fire protection district resubmits a proposal to authorize the governing body of the ambulance or fire protection district to impose the sales tax authorized by this section and such proposal is approved by a majority of the qualified voters voting thereon.

4. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund, and be used solely for the purposes specified in the proposal submitted pursuant to this section for so long as the tax shall remain in effect.

5. All sales taxes collected by the director of revenue pursuant to this section, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Ambulance or Fire Protection District Sales Tax Trust Fund". The director of revenue shall keep accurate records of the amount of money in the trust and the amount collected in each district imposing a sales tax pursuant to this section, and the records shall be open to inspection by officers of the county and to the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the governing body of the district which levied the tax; such funds shall be deposited with the board treasurer of each such district.

6. The director of revenue may make refunds from the amounts in the trust fund and credit any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. If any district abolishes the tax, the district shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district.

required revenue and after making any other adjustments to the levy that may be required by any other law, shall reduce the total operating levy of the district in an amount sufficient to decrease the revenue it would have received therefrom by an amount equal to fifty percent of the previous fiscal year's sales tax receipts. Loss of revenue due to a decrease in the assessed valuation of real property located within the ambulance or fire protection district as a result of general reassessment and from state-assessed railroad and utility distributable property based upon the previous fiscal year's receipts shall be considered in lowering the rate of levy to comply with this section in the year of general reassessment and in each subsequent year. In the event that in the immediately preceding year the ambulance or fire protection district actually received more or less sales tax revenue than estimated, the ambulance or fire protection district board may adjust its operating levy for the current year to reflect such increase or decrease. The director of revenue shall certify the amount payable from the ambulance or fire protection district sales tax trust fund to the general revenue fund to the state treasurer.

2. Except that, in the first year in which any sales tax is collected pursuant to section 321.552, any taxing authority subject to this section shall not reduce the tax rate as defined in section 137.073.

3. In a year of general reassessment, as defined by section 137.073, or assessment maintenance as defined by section 137.115 in which an ambulance or fire protection district in reliance upon the information then available to it relating to the total assessed valuation of such ambulance or fire protection district revises its property tax levy pursuant to section 137.073 or 137.115, and it is subsequently determined by decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433 or due to clerical errors or corrections in the calculation or recordation of assessed valuations that the assessed valuation of such ambulance or fire protection district has been changed, and but for such change the ambulance or fire protection district would have adopted a different levy on the date of its original action, then the ambulance or fire protection district may adjust its levy to an amount to reflect such change in assessed valuation, including, if necessary, a change in the levy reduction required by this section to the amount it would have levied had the correct assessed valuation been known to it on the date of its original action, provided:

(1) The ambulance or fire protection district first levies the maximum levy allowed without a vote of the people by Article X, Section 11(b) of the Constitution; and

(2) The ambulance or fire protection district first adopts the tax rate ceiling otherwise authorized by other laws of this state; and

(3) The levy adjustment or reduction may include a one-time correction to recoup lost revenues the ambulance or fire protection district was entitled to receive during the prior year.

321.556. 1. [Except in any county of the first classification with more than two hundred forty thousand three hundred but less than two hundred forty thousand four hundred inhabitants, or any county of the first classification with more than seventy-three thousand seven hundred but less than seventy-three thousand eight hundred inhabitants, or any county of the first classification with more than one hundred eighty-four thousand but less than one hundred eighty-eight thousand inhabitants, or any county with a charter form of government and with more than one million inhabitants, or any county with a charter form of government and with more than two hundred fifty thousand but less than three hundred fifty thousand inhabitants,] The governing body of any ambulance or fire protection district, when presented with a petition signed by at least twenty percent of the registered voters in the ambulance or fire protection district

The ballot of submission shall be in substantially the following form:

Shall _____ (insert name of ambulance or fire protection district) repeal the _____ (insert amount up to one-half) of one percent sales tax now in effect in the _____ (insert name of ambulance or fire protection district) and reestablish the property tax levy in the district to the rate in existence prior to the enactment of the sales tax?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

2. If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of repeal, that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved."; and

The interest rate shall be adjusted annually and shall be equal to one percentage point over the prevailing United States prime rate in effect on January first of such year; and

Subject to appropriations made therefor, such funds shall be distributed by the department of public safety to the crime laboratories serving the courts of this state making analysis of a controlled substance or analysis of blood, breath or urine in relation to a court proceeding.

4. The remaining funds collected under subsection 1 of this section shall be denoted to the payment of an annual appropriation for the administrative and operational costs of the office for victims of crime and, if a statewide automated crime victim notification system is established pursuant to section 650.310, to the monthly payment of expenditures actually incurred in the operation of such system. Additional remaining funds shall be subject to the following provisions:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

6. The moneys collected by clerks of municipal courts pursuant to subsection 1 of this section shall be collected and disbursed as provided by sections 488.010 to 488.020. Five percent of such moneys shall be payable to the city treasury of the city from which such funds were collected. The remaining ninety-five percent of such moneys shall be payable to the director of revenue. The funds received by the director of revenue pursuant to this subsection shall be distributed as follows:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

7. These funds shall be subject to a biennial audit by the Missouri state auditor. Such audit shall include all records associated with crime victims' compensation funds collected, held or disbursed by any state agency.

8. In addition to the moneys collected pursuant to subsection 1 of this section, the court shall enter a judgment in favor of the state of Missouri, payable to the crime victims' compensation fund, of sixty-eight dollars upon a plea of guilty or a finding of guilt for a class A or B felony; forty-six dollars upon a plea of guilty or finding of guilt for a class C [or], D, **or** E felony; and ten dollars upon a plea of guilty or a finding of guilt for any misdemeanor under Missouri law except for those in chapter 252 relating to fish and game, chapter 302 relating to drivers' and commercial drivers' license, chapter 303 relating to motor vehicle financial responsibility, chapter 304 relating to traffic regulations, chapter 306 relating to watercraft regulation and licensing, and chapter 307 relating to vehicle equipment regulations. Any clerk of the court receiving moneys pursuant to such judgments shall collect and disburse such crime victims' compensation judgments in the manner provided by sections 488.010 to 488.020. Such funds shall be payable to the state treasury and deposited to the credit of the crime victims' compensation fund.

9. The clerk of the court processing such funds shall maintain records of all dispositions described in subsection 1 of this section and all dispositions where a judgment has been entered against a defendant in favor of the state of Missouri in accordance with this section; all payments made on judgments for alcohol-related traffic offenses; and any judgment or portion of a judgment entered but not collected. These records shall be subject to audit by the state auditor. The clerk of each court transmitting such funds shall report separately the amount of dollars collected on judgments entered for alcohol-related traffic offenses from other crime victims' compensation collections or services to victims collections.

10. The department of revenue shall maintain records of funds transmitted to the crime victims' compensation fund by each reporting court and collections pursuant to subsection 16 of this section and shall maintain separate records of collection for alcohol-related offenses.

Any unexpended balance remaining in the crime victims' compensation fund at the end of each biennium shall not be subject to the provision of section 33.080 requiring the transfer of such unexpended balance to the ordinary revenue fund of the state, but shall remain in the crime victims' compensation fund. In the event that there are insufficient funds in the crime victims' compensation fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no funds in the crime victims' compensation fund, then no claim shall be paid until funds have again accumulated in the crime victims' compensation fund. When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards on which installments remain due shall be paid in full in chronological order before any other postdated award shall be paid. Any award pursuant to this subsection is specifically not a claim against the state, if it cannot be paid due to a lack of funds in the crime victims' compensation fund.

13. When judgment is entered against a defendant as provided in this section and such sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Missouri to such defendant an amount equal to the unpaid amount of such judgment. Such amount shall be paid forthwith to the crime victims' compensation fund and satisfaction of such judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such judgment. The director of the department of corrections shall have the authority to pay into the crime victims' compensation fund from an offender's compensation or account the amount owed by the offender to the crime victims' compensation fund, provided that the offender has failed to pay the amount owed to the fund prior to entering a correctional facility of the department of corrections.

14. All interest earned as a result of investing funds in the crime victims' compensation fund shall be paid into the crime victims' compensation fund and not into the general revenue of this state.

15. Any person who knowingly makes a fraudulent claim or false statement in connection with any claim hereunder is guilty of a class A misdemeanor.

16. The department may receive gifts and contributions for the benefit of crime victims. Such gifts and contributions shall be credited to the crime victims' compensation fund as used solely for compensating victims under the provisions of sections 595.010 to 595.075."; and

210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, minister as

provided by section 352.400, peace officer or law enforcement official, **animal control officer, animal humane investigator as defined in section 273.415**, volunteer or personnel of a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney pursuant to sections 475.600 to 475.604, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report to the division in accordance with the provisions of sections 210.109 to 210.183. No internal investigation shall be initiated until such a report has been made. As used in this section, the term "abuse" is not limited to abuse inflicted by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. If two or more members of a medical institution who are required to report jointly have knowledge of a known or suspected instance of child abuse or neglect, a single report may be made by a designated member of that medical team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter immediately make the report. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. The reporting requirements under this section are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No person making a report under this section shall be subject to any sanction, including any adverse employment action, for making such report. Every employer shall ensure that any employee required to report pursuant to subsection 1 of this section has immediate and unrestricted access to communications technology necessary to make an immediate report and is temporarily relieved of other work duties for such time as is required to make any report required under subsection 1 of this section.

4. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does not receive specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child, for that reason alone, shall not be found to be an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report. Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

5. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

6. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death

and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452 and shall report the findings to the child fatality review panel established pursuant to section 210.192.

7. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting to the division.

8. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri children's division, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the children's division.

9. For the purposes of providing supportive services or verifying the status of a youth as unaccompanied or homeless for the purposes of accessing supportive services, the fact that a child is an unaccompanied youth as defined in 42 U.S.C. Section 11434a(6) is not, in and of itself, a sufficient basis for reporting child abuse or neglect, unless the child is under sixteen years of age or is an incapacitated person, as defined in section 475.010. Nothing in this subsection shall limit a mandated reporter from making a report under this section if the mandated reporter knows or has reasonable cause to suspect that an unaccompanied youth has been or may be a victim of abuse or neglect.

210.191. 1. All children's division employees, and contractors for children's services, who have direct contact with children through the state's child protection and welfare system shall be required to complete at least one hour of training within the first sixty days of employment or contract. The training shall include the following:

(1) Requirements to report animal abuse or neglect and the penalties associated with failure to report under section 273.410;

(2) How to identify animal abuse or neglect;

(3) How to make a report of animal abuse or neglect; and

(4) The relationship between child abuse or neglect and animal abuse or neglect.

2. The division, in consultation with animal welfare associations, shall develop or adapt and use available training materials for the training required under this section. Persons required to complete training under this section shall be provided with opportunities to do so during regular working hours.

3. As used in this section, the following terms shall mean:

(1) "Animal", the same meaning as in section 578.029;

(2) "Animal welfare association", the same meaning as in section 192.2510."; and"

Further amend said bill, Page 14, Section 210.1505, Line 100, by inserting after said section and line the following:

"273.410. 1. When any psychologist, mental health professional, social worker, school counselor, teacher, or other school professional, or juvenile officer, law enforcement or peace officer, probation or parole officer, home health aide, adult or child protective services worker, or volunteer or personnel of a community service program that offers support or advocacy services for children in foster care has reasonable cause to suspect that an animal has been or may be subjected to abuse or neglect or observes an animal being subjected to conditions or circumstances that would reasonably result in abuse or neglect, that person shall make a report to the hotline established and operated by the Missouri Animal Control Association (MACA) within one day.

2. The hotline worker shall request all of the following information for the report:

(1) The name and description of the animal involved, if known;

(2) The address and telephone number of the owner or other person responsible for the care of the animal, if known;

(3) The nature and extent of the suspected abuse or neglect; and

(4) Any other information that the person making the report believes may be useful in establishing the existence of the suspected abuse or neglect or the identity of the person causing the abuse or neglect.

3. Upon receiving a report of suspected abuse or neglect, MACA shall provide the report to any duly-authorized law enforcement official, county or municipal animal control officer, or any Missouri peace officer standards and training (POST)-certified or MACA-certified animal cruelty investigator.

4. Any person required to report animal abuse or neglect under this section shall be immune from civil and criminal liability in connection with making any required reports if the person acted in good faith when making such report.

5. Notwithstanding any provision of law to the contrary, any information identifying a person who reports suspected animal abuse or neglect under this section shall be confidential and shall not be deemed a public record and shall not be subject to the provisions of section 109.180 or chapter 610.

6. No person required to make a report of animal abuse or neglect under this section shall knowingly make a false report. The penalty for making a false report and the defenses to prosecution shall be the same as under section 575.080.

7. If an agency or political subdivision of the state determines that an employee who is a mandated reporter under this section has failed to make a report as required by this section, the agency or political subdivision shall issue a written notice to such employee that shall include a finding of facts in support of the failure to make a report and an explanation of the reporting requirement. Such notice shall not be retained in a permanent employment file and shall be retained

in a separate file or database maintained by the agency or political subdivision. Such notice shall be considered a closed record under the provisions of chapter 610.

8. Any person required to make a report under this section who is subject to professional licensure and who fails to make a report as required by this section shall be subject to discipline by his or her respective licensing board as follows:

(1) For the first instance of a failure to report, the licensing board shall issue a written notice to such employee that shall include a finding of facts in support of the failure to make a report and an explanation of the reporting requirement;

(2) For a second instance of a failure to report, the licensing board shall impose a fine of one hundred dollars;

(3) For a third and each subsequent instance of a failure to report, the licensing board shall impose a fine of five hundred dollars.

9. As used in this section, the term "animal" shall have the same meaning as in section 578.029.

PROTEST FOR SS FOR SCS FOR SB 68

Pursuant to Missouri Senate Rule 93, I submit my protest for SS for SCS for SB 68.

When introduced, the purpose of Senate Bill 68 related to school safety. Specifically, the “act requires local educational agencies to report to the Department of Elementary and Secondary Education all school safety incidents and credible threats that occur at each attendance center of the local educational agency, including, but not limited to, all actual incidents or credible threats of school shootings or other incidents or threats involving a firearm, explosive, knife, or other weapon, as provided in the act.”

Prior to its passage, a Senate Substitute was adopted which changed the purpose from the original (relating to school safety) to relating to elementary and secondary education. This change included a provisions to allow the inclusion of Get the Lead Out of School Drinking Water, calculation of student attendance, comprehensive emergency operations plans, cardiac emergency response plans, stop the bleed act, grade level equivalence, active military members participation in extra-curricular activities, adult high schools, teacher representatives on the state board of education, STEM career awareness, virtual assessments, electronic personal communications devices, kindergarten eligibility for children with a developmental delay, contracts for special educational services, small schools grant, state aid for schools, minimum teacher’s salary, juvenile court, children of school contractors, zero-tolerance disciplinary policies, CPR, recovery high schools, teacher certification, teacher externships, substitute teaching in retirement, principal-administrator academy, the teaching of reading, teacher recruitment and retention scholarships, international baccalaureate examinations, and school bus endorsements.

Missouri’s Constitution states, in Article III, section 21, “... no bill shall be so amended through its passage through either house as to change its original purpose.” In my understanding of the changes made to SB 68, it appears to be evident the bill violates the state constitution. Therein lies the reason for my vote against the bill.

Senator Fitzwater assumed the Chair.

HOUSE AMENDMENT NO. 3

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 97, Page 1, Section A, Line 5, by inserting after all of said section and line the following:

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime

prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the

director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. “135.1310. 1. This section shall be known and may be cited as the “Child Care Contribution Tax Credit Act”.

2. For purposes of this section, the following terms shall mean:

(1) “Child care”, the same as defined in section 210.201;

(2) “Child care desert”, a census tract that has a poverty rate of at least twenty percent or a median family income of less than eighty percent of the statewide average and where at least five hundred people or thirty-three percent of the population are located at least one-half mile away from a child care provider in urbanized areas or at least ten miles away in rural areas;

(3) “Child care provider”, a child care provider as defined in section 210.201 that is licensed pursuant to section 210.221, or that is unlicensed and that is registered with the department of elementary and secondary education;

(4) “Contribution”, an eligible donation of cash, stock, bonds or other marketable securities, or real property. “Contribution” shall include the reasonable purchase price paid for an employer’s purchase of child care from a child care provider for the children of the employer’s employees;

(5) “Department”, the Missouri department of economic development;

(6) “Intermediary”, a nonprofit organization that is, or agrees to become, subject to the jurisdiction of this state for the purposes of the administration and enforcement of this section, and that distributes funds for the purposes of supporting a child care provider;

(7) “Person related to the taxpayer”, an individual connected with the taxpayer by blood, adoption, or marriage, or an individual, corporation, partnership, limited liability company, trust, or association controlled by, or under the control of, the taxpayer directly, or through an individual, corporation, limited liability company, partnership, trust, or association under the control of the taxpayer;

(8) “Rural area”, a town or community within the state that is not within a metropolitan statistical area and has a population of six thousand or fewer inhabitants as established by the United States Census Bureau, or any unincorporated area not within a metropolitan statistical area;

(9) “State tax liability”, any liability incurred by a taxpayer pursuant to chapter 143 or chapter 148, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265 and related provisions;

(10) “Tax credit”, a credit against the taxpayer’s state tax liability;

(11) “Taxpayer”, a corporation as defined in section 143.441 or 143.471, any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed pursuant to chapter 143, or individuals or partnerships subject to the state income tax imposed by the provisions of chapter 143.

3. For all tax years beginning on or after January 1, 2026, a taxpayer may claim the tax credit authorized in this section against the taxpayer’s state tax liability for the tax year in which a verified contribution was made in an amount equal to seventy-five percent of the verified contribution to a

child care provider or intermediary. The minimum amount of any tax credit issued shall not be less than one hundred dollars and shall not exceed two hundred thousand dollars per tax year.

(1) A child care provider or intermediary shall apply to the department to participate in the program established in this section, using a form prescribed by the department. The department shall determine eligibility and enter into an agreement that meets the requirements of section 620.017 with an eligible child care facility or intermediary. Only contributions to child care providers and intermediaries that have entered into an agreement with the department may receive a tax credit pursuant to this section.

(2) The child care provider or intermediary receiving a contribution shall, within sixty days of the date it received the contribution, file a contribution verification with the department and issue a copy of the contribution verification to the taxpayer. The contribution verification shall be in the form established by the department and shall include the taxpayer's name, taxpayer's state or federal tax identification number or last four digits of the taxpayer's Social Security number, amount of tax credit sought, amount or description of contribution, legal name and address of the child care provider receiving the tax credit, the child care provider's federal employer identification number, the child care provider's department of elementary and secondary education vendor number or license number, the date the child care provider received the contribution from the taxpayer, and any other information requested by the department. The contribution verification shall include a signed attestation stating, in the case of a child care provider, that the child care provider will use the contribution solely to promote child care and, in the case of an intermediary, that the intermediary will distribute the contribution and any income thereon in full to one or more child care providers within two years of receipt.

(3) The failure of the child care provider or intermediary to timely issue the contribution verification to the taxpayer or file it with the department shall entitle the taxpayer to a refund of the contribution from the child care provider or intermediary.

4. A contribution, whether received from the taxpayer claiming the tax credit pursuant to this section or from an intermediary, is eligible when:

(1) The contribution is used directly by the child care provider to promote child care for children twelve years of age or younger, including by acquiring or improving child care facilities, equipment, or services, staff salaries, staff training, or improving the quality of child care;

(2) The contribution, if made to an intermediary, is distributed in full by the intermediary within two years of receipt to one or more child care providers for the sole purpose of promoting child care for children twelve years of age or younger;

(3) The contribution is made to a child care provider or intermediary in which the taxpayer or a person related to the taxpayer does not have a direct financial interest;

(4) The contribution made to an intermediary is not designated for a child care provider in which the taxpayer or a person related to the taxpayer has a direct financial interest; and

(5) The contribution is not made in exchange for care of a child or children, unless the contribution is made by an employer in purchasing child care for the children of the employer's employees.

5. A child care provider or intermediary that uses the contribution for an ineligible purpose shall repay to the department the value of the tax credit for the contribution amount used for such ineligible purpose. An intermediary that accepts a contribution and issues a taxpayer a contribution verification is itself permanently ineligible to claim or redeem a tax credit pursuant to this section.

6. (1) The tax credits authorized by this section shall not be refundable and shall not be transferred, sold, or otherwise conveyed. Any amount of approved tax credits that a taxpayer is prohibited by this subsection from using for the tax year in which the credit is first claimed may be carried forward to the taxpayer's subsequent tax year for up to six succeeding tax years.

(2) In the case of a taxpayer that has or elects pass-through taxation pursuant to federal income tax law, the tax credits issued pursuant to this section shall be apportioned in proportion to the share of ownership of the taxpayer on the last day of the taxpayer's tax period for which such tax credits will be issued, to the following:

(a) The shareholders of the S corporation;

(b) The partners in a partnership; or

(c) The members of a limited liability company that has or elects pass-through taxation pursuant to federal income tax law.

(3) A taxpayer shall not claim a tax credit pursuant to this section and a tax credit pursuant to section 135.1325 for the same contribution or expenditure.

7. Notwithstanding any provision of subsection 6 of this section to the contrary, a taxpayer that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt taxpayer may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt taxpayer is not required to file a tax return under the provisions of chapter 143, the exempt taxpayer may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

8. (1) The amount of tax credits authorized pursuant to this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the tax credit authorization limit is reached for the calendar year. A taxpayer shall apply to the department for the child care contribution tax credit by submitting a copy of the contribution verification provided by a child care provider or intermediary to such taxpayer. Upon receipt of such contribution verification, the department shall issue a tax credit certificate to the taxpayer.

(2) If the maximum amount of tax credits allowed in any calendar year as provided pursuant to subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed pursuant to subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for contributions made to child care providers located in a child care desert. The director of the department shall publish such adjusted amount.

9. The tax credits allowed under this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

10. All action and communication undertaken or required under this section shall be exempt from section 105.1500.

11. The department may promulgate rules to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created pursuant to the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.

12. Pursuant to section 23.253 of the Missouri sunset act:

(1) The program authorized under this section shall expire on December 31, 2031, unless reauthorized by the general assembly;

(2) The act shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset;

(3) If such program is reauthorized, the program authorized under this act shall automatically sunset six years after the effective date of the reauthorization of this section; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized pursuant to this section expires or a taxpayer's ability to redeem such tax credits.

135.1325. 1. This section shall be known and may be cited as the "Employer Provided Child Care Assistance Tax Credit Act".

2. For purposes of this section, the following terms shall mean:

(1) "Child care desert", a census tract that has a poverty rate of at least twenty percent or a median family income of less than eighty percent of the statewide average and where at least five hundred people or thirty-three percent of the population are located at least one-half mile away from a child care provider in urbanized areas or at least ten miles away in rural areas;

(2) “Child care facility”, a child care facility as defined in section 210.201 that is licensed pursuant to section 210.221, or that is unlicensed and that is registered with the department of elementary and secondary education;

(3) “Child care provider”, a child care provider as defined in section 210.201 that is licensed pursuant to section 210.221, or that is unlicensed and that is registered with the department of elementary and secondary education;

(4) “Department”, the Missouri department of economic development;

(5) “Employer matching contribution”, a contribution made by the taxpayer to a cafeteria plan, as that term is used in 26 U.S.C. Section 125, of an employee of the taxpayer, which matches a dollar amount or percentage of the employee's contribution to the cafeteria plan. “Employer matching contribution” shall not include the amount of any salary reduction or other compensation foregone by the employee in connection with the cafeteria plan;

(6) “Qualified child care expenditure”, an amount paid of reasonable costs incurred that meet any of the following:

(a) To acquire, construct, rehabilitate, or expand property that will be, or is, used as part of a child care facility that is either operated by the taxpayer or contracted with by the taxpayer and which does not constitute part of the principal residence of the taxpayer or any employee of the taxpayer;

(b) For the operating costs of a child care facility of the taxpayer, including costs relating to the training of child care employees, scholarship programs, and for compensation to child care employees;

(c) Under a contract with a child care facility to provide child care services to employees of the taxpayer; or

(d) As an employer matching contribution, but only to the extent such employer matching contribution is restricted by the taxpayer solely for the taxpayer's employee to obtain child care services at a child care facility and is used for that purpose during the tax year;

(7) “Rural area”, a town or community within the state that is not within a metropolitan statistical area and has a population of six thousand or fewer inhabitants as established by the United States Census Bureau, or any unincorporated area not within a metropolitan statistical area;

(8) “State tax liability”, any liability incurred by the taxpayer pursuant to the provisions of chapter 143 or chapter 148, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265 and related provisions;

(9) “Tax credit”, a credit against the taxpayer's state tax liability;

(10) “Taxpayer”, a corporation as defined in section 143.441 or 143.471, any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143, or individuals or partnerships subject to the state income tax imposed by the provisions of chapter 143.

3. For all tax years beginning on or after January 1, 2026, a taxpayer with two or more employees may claim a tax credit authorized in this section in an amount equal to thirty percent of the qualified child care expenditures paid or incurred with respect to a child care facility in order to provide child care to the taxpayer's employees. The maximum amount of any tax credit issued under this section shall not exceed two hundred thousand dollars per taxpayer per tax year.

4. A facility shall not be treated as a child care facility with respect to a taxpayer unless enrollment in the facility is open to the dependents of employees of the taxpayer during the tax year, provided that the dependents fall within the age range ordinarily cared for by, and only require a level of care ordinarily provided by, such facility.

5. (1) The tax credits authorized by this section shall not be refundable or transferable. The tax credits shall not be sold, assigned, or otherwise conveyed. Any amount of approved tax credits that a taxpayer is prohibited by this subsection from using for the tax year in which the credit is first claimed may be carried forward to the taxpayer's subsequent tax year for up to six succeeding tax years.

(2) In the case of a taxpayer that has or elects pass-through taxation pursuant to federal income tax law, the tax credits issued pursuant to this section shall be apportioned in proportion to the share of ownership of the taxpayer on the last day of the taxpayer's tax period for which such tax credits will be issued, to the following:

(a) The shareholders of the S corporation;

(b) The partners in a partnership; or

(c) The members of a limited liability company that has or elects pass-through taxation pursuant to federal income tax law.

(3) A taxpayer shall not claim a tax credit pursuant to this section and a tax credit pursuant to section 135.1310 or 135.1350 for the same contribution or expenditure.

6. Notwithstanding any provision of subsection 5 of this section to the contrary, a taxpayer that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt taxpayer may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt taxpayer is not required to file a tax return under the provisions of chapter 143, the exempt taxpayer may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The amount of tax credits authorized pursuant to this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided pursuant to subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed

pursuant to subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for qualified child care expenditures for child care facilities located in a child care desert. The director of the department shall publish such adjusted amount.

8. A taxpayer who has been issued a tax credit under this section shall notify the department within sixty days of any cessation of operation, change in ownership, or agreement to assume recapture liability as such terms are defined by 26 U.S.C. Section 45F, in the form and manner prescribed by department rule or instruction. If there is a cessation of operation or change in ownership relating to a child care facility, the department may require the taxpayer to repay the department an amount equal to the credit issued under this section, but this recapture amount shall be limited to the tax credit allowed under this section. The recapture amount shall be considered a tax liability arising on the tax payment due date for the tax year in which the cessation of operation, change in ownership, or agreement to assume recapture liability occurred and shall be assessed and collected under the same provisions that apply to a tax liability under chapter 143 or chapter 148, provided that no interest shall be assessed against any amounts recaptured pursuant to this subsection.

9. The tax credit allowed pursuant to this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

10. All action and communication undertaken or required under this section shall be exempt from section 105.1500.

11. The department may promulgate rules to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created pursuant to the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.

12. Pursuant to section 23.253 of the Missouri sunset act:

(1) The program authorized under this act shall expire on December 31, 2031, unless reauthorized by the general assembly;

(2) The act shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under the act is sunset;

(3) If such program is reauthorized, the program authorized under this act shall automatically sunset six years after the effective date of the reauthorization of the act; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized pursuant to this section expires or a taxpayer's ability to redeem such tax credits.

(6) “Employee”, an employee, as that term is used in subsection 2 of section 143.191, of a child care provider who worked for the child care provider for an average of at least ten hours per week for at least a three-month period during the tax year for which a tax credit is claimed pursuant to this section and who is not an immediate family member of the child care provider;

(7) “Eligible employer withholding tax”, the total amount of tax that the child care provider was required, under section 143.191, to deduct and withhold from the wages it paid to employees during the tax year for which the child care provider is claiming a tax credit pursuant to this section, to the extent actually paid. “Eligible employer withholding tax” shall not include any additional voluntary withholding requested by an employee;

3. For all tax years beginning on or after January 1, 2026, a child care provider with three or more employees may claim a tax credit authorized in this section in an amount equal to the child care provider's eligible employer withholding tax, and may also claim a tax credit in an amount up to thirty percent of the child care provider's capital expenditures. No tax credit for capital expenditures shall be allowed if the capital expenditures are less than one thousand dollars. The amount of any tax credit issued under this section shall not exceed two hundred thousand dollars per child care provider per tax year.

4. To claim a tax credit authorized pursuant to this section, a child care provider shall submit to the department, for preliminary approval, an application for the tax credit on a form provided by the department and at such times as the department may require. If the child care provider is applying for a tax credit for capital expenditures, the child care provider shall present proof acceptable to the department that the child care provider's capital expenditures satisfy the requirements of subdivision (1) of subsection 2 of this section. Upon final approval of an application, the department shall issue the child care provider a certificate of tax credit.

(3) A taxpayer shall not claim a tax credit pursuant to this section and a tax credit pursuant to section 135.1325 for the same contribution or expenditure.

6. Notwithstanding any provision of subsection 5 of this section to the contrary, a child care provider that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt child care provider may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt child care provider is not required to file a tax return under the provisions of chapter 143, the exempt child care provider may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall

10. The department may promulgate rules and adopt statements of policy, procedures, forms and guidelines to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created pursuant to the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.

SENATE AMENDMENT NO. 1 TO
SENATE AMENDMENT NO. 1

Amend Senate Amendment No. 1 to Senate Substitute for House Committee Substitute for House Bill No. 999, Page 1, Line 2, by inserting after all of said line the following:

“99.720. 1. Sections 99.720 to 99.730 shall be known and may be cited as the “Revitalizing Missouri Downtowns and Main Streets Act”.

2. As used in sections 99.720 to 99.730, the following terms mean, unless the context requires otherwise:

(1) “Department”, the Missouri department of economic development;

(2) “Qualified conversion expenditures”, any amount properly chargeable to a capital account. The term “qualified conversion expenditures” shall not include:

(a) The cost of acquisition;

(b) Any expenditure attributable to the enlargement of an existing building; or

(c) Tax-exempt properties;

(3) “Qualified converted building”, any building and its structural components if:

(a) Prior to conversion, such building was nonresidential real property, as defined in 26 U.S.C. Section 168(e)(2)(B), as amended, which was leased, or available for lease, to office tenants, or utilized for office purposes by the owner-occupant;

(b) Such building has been substantially converted from an office use to a predominantly residential use, defined as more than fifty percent of the gross square footage of the building, and may also include retail, or other commercial use, and may also include accessory on-site parking; and

(c) Such building was initially placed in service at least twenty-five years before the beginning of the conversion;

(4) “Qualified Missouri main street district”, an accredited, associated, or affiliated main street district of the Missouri main street program created pursuant to sections 251.470 to 251.485;

(5) “State tax liability”, any liability incurred by a taxpayer pursuant to chapter 143 or chapter 148, exclusive of the provisions relating to the withholding of taxes provided for in sections 143.191 to 143.265 and related provisions;

(6) “Substantially converted”, qualified conversion expenditures incurred during the twenty-four-month period preceding final approval of tax credits that in total are greater than the greater of either:

(a) The adjusted basis of such building and its structural components, as determined as of the beginning of the first day of such twenty-four-month period, or of the holding period of the building, whichever is later; or

(b) Fifteen thousand dollars if the property is located in a qualified Missouri main street district, or five hundred thousand dollars if the property is not located in a qualified Missouri main street district.

In the case of any conversion which may reasonably be expected to be completed in phases set forth in architectural plans and specifications completed before the conversion begins, qualified conversion expenditures shall be totaled for the sixty-month period preceding final approval of tax credits rather than the twenty-four-month period preceding such final approval;

(7) “Upper floor housing”, any housing that is attached to or contained in the same building as commercial property, whether located on the ground floor behind the traditional storefront or on other floors of the building.

99.722. 1. For all tax years beginning on or after January 1, 2026, the department shall issue a taxpayer a credit against the taxpayer's state tax liability equal to twenty-five percent of qualified conversion expenditures incurred on or after January 1, 2026, with respect to a qualified converted building. If the amount of such tax credit exceeds the taxpayer's state tax liability for the year in which tax credits are issued, the amount that exceeds the state tax liability may be carried back to any of the three preceding tax years or carried forward for credit against state tax liability for the succeeding ten tax years, or until the full credit is used, whichever occurs first.

2. Tax credits authorized pursuant to this section may be transferred, sold, or assigned, and shall retain the same attributes as in the hands of the assignor. Tax credits may be transferred multiple times. In order to transfer a tax credit authorized pursuant to this section, the assignor and assignee shall complete and submit a tax credit transfer form provided by the department of revenue. Such transfers may be facilitated through an intermediary entity as permitted by law without affecting the nature or attributes of the tax credit.

3. Tax credits authorized for a partnership, a limited liability company taxed as a partnership, or multiple owners of property shall be passed through to the partners, members, or owners respectively pro rata, or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

4. The assignee of a tax credit may use the acquired tax credits to offset up to one hundred percent of the taxpayer's state tax liability. The assignor shall perfect such transfer by notifying the department in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department.

99.724. 1. For all tax years beginning on or after January 1, 2026, the department shall issue a taxpayer a credit against the taxpayer's state tax liability equal to thirty percent of qualified conversion expenditures incurred on or after January 1, 2026, with respect to upper floor housing located in a qualified Missouri main street district. If the amount of such tax credit exceeds the taxpayer's state tax liability for the year in which tax credits are issued, the amount that exceeds the state tax liability may be carried back to any of the three preceding tax years or carried forward

for credit against state tax liability for the succeeding ten tax years, or until the full credit is used, whichever occurs first.

2. Tax credits authorized pursuant to this section may be transferred, sold, or assigned, and shall retain the same attributes as in the hands of the assignor. Tax credits may be transferred multiple times. In order to transfer a tax credit authorized pursuant to this section, the assignor and assignee shall complete and submit a tax credit transfer form provided by the department of revenue. Such transfers may be facilitated through an intermediary entity as permitted by law without affecting the nature or attributes of the tax credit.

3. Tax credits authorized for a partnership, a limited liability company taxed as a partnership, or multiple owners of property shall be passed through to the partners, members, or owners respectively pro rata, or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

4. The assignee of a tax credit may use the acquired tax credits to offset up to one hundred percent of the taxpayer's state tax liability. The assignor shall perfect such transfer by notifying the department in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department.

99.726. 1. The total amount of tax credits authorized pursuant to sections 99.720 to 99.730 shall not exceed fifty million dollars in any fiscal year.

2. Fifty percent of the maximum amount of tax credits available to be authorized to taxpayers in a fiscal year pursuant to this section shall be authorized solely for structures of more than seven hundred fifty thousand gross square feet. If the total amount of such reserved tax credits have been authorized, structures of more than seven hundred fifty thousand gross square feet may receive tax credits from the remaining unreserved amount of tax credits. If the total amount of reserved tax credits have not been authorized by the department, structures of less than seven hundred fifty thousand gross square feet may be authorized tax credits from such reserved amount. The total amount of tax credits for a structure of more than seven hundred fifty thousand gross square feet may be allocated to the annual limits provided in this section over a period of up to ten years, if:

(1) The project otherwise meets all the requirements of sections 99.720 to 99.730; and

(2) The project meets the ten percent incurred costs test under subsection 6 of section 99.728 within thirty-six months after an award is authorized.

3. Twenty-five percent of the maximum amount of tax credits available to be authorized to taxpayers in a fiscal year pursuant to this section shall be authorized solely for upper floor housing projects located in a qualified Missouri main street district. If the total amount of such reserved tax credits have been authorized, upper floor housing projects located in a qualified Missouri main street district may receive tax credits from the remaining unreserved amount of tax credits. If the total amount of reserved tax credits have not been authorized by the department, projects not located in a qualified Missouri main street district may be authorized tax credits from such reserved amount.

4. If the maximum amount of tax credits allowed in any fiscal year, as provided pursuant to this section, is authorized, the maximum amount of tax credits allowed pursuant to subsection 1 of this section shall be adjusted by the percentage increase in the Consumer Price Index for All Urban Consumers, or its successor index, as such index is defined and officially reported by the United States Department of Labor, or its successor agency. Only one such adjustment shall be made for each instance in which the provisions of this subsection apply. The department shall publish such adjusted amount.

5. In the event the department authorizes tax credits equal to the total amount available pursuant to this section, or sufficient that when totaled with all other approvals, the amount available pursuant to this section is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department and shall be considered for approval for tax credits in the order established in this section in the event that additional tax credits become available due to the rescission of approvals, or when a new fiscal year's allocation of tax credits becomes available for approval.

99.728. 1. To obtain approval for tax credits pursuant to sections 99.720 to 99.730, a taxpayer shall submit an application for tax credit authorization to the department. The department shall have sixty days to review the application and shall notify the applicant in writing within thirty days of the decision of whether the application has been authorized for tax credits. Each application for approval, including any applications received for supplemental allocations of tax credits as provided pursuant to subsection 2 of section 99.730, shall, if approved, be authorized for tax credits in the order of submission.

2. Each application shall be reviewed by the department for approval. In order to receive approval, an application shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed conversion of the structure, as well as proposed additions;

(3) The estimated cost of conversion, the anticipated total costs of the project, the estimated qualified conversion expenditures, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property;

(5) A copy of all land use and building approvals reasonably necessary for the commencement of the project; and

(6) Any other information which the department may reasonably require to review the project for approval.

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. The department shall notify the applicant of incomplete applications and the applicant shall have a thirty-day period from the date of such notice to submit missing information or documentation to remedy the failure. Any application that is not complete after this opportunity to cure shall be disapproved by the department. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department shall notify the taxpayer in writing of the decision to remove such application. The taxpayer may subsequently submit a revised application. For the purposes of determining the order of submission and authorization of credits, the revised application shall be considered a new application.

3. If the department determines that the application meets the requirements of sections 99.720 to 99.730 to receive an authorization of tax credits, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amounts provided in sections 99.722 and 99.724, less any amount of tax credits previously approved pursuant to this section. Tax credits approved pursuant to this section shall be approved and administered independently and shall not be evaluated in conjunction with any other state tax credit program. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such tax credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same; provided, however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy.

5. All taxpayers with applications receiving approval shall submit within one hundred twenty days following the authorization of credits evidence of the capacity of the applicant to finance the costs and expenses for the conversion of the eligible property in the form of a line of credit or letter of commitment subject to the lender's termination for a material adverse change impacting the extension of credit. If the department determines that a taxpayer has failed to comply with the requirements of this subsection, then the department shall notify the applicant of such failure and the applicant shall have a thirty-day period from the date of such notice to submit additional evidence to remedy the failure.

6. All taxpayers with applications receiving approval, excluding projects described in subsection 2 of section 99.726, shall commence conversion within twelve months of the date of issuance of the letter from the department granting the approval for tax credits. For the purposes of this subsection, “commence conversion” shall mean that, as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated qualified conversion expenditures provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department determines that a taxpayer has failed to comply with the requirements of this subsection, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department and, upon receipt of such notice, may submit a new application for the project.

99.730. 1. To claim a tax credit authorized pursuant to sections 99.720 to 99.730, a taxpayer with approval shall, except with respect to a tax credit authorized pursuant to subsection 2 of section 99.726, apply for final approval and issuance of tax credits from the department, which shall determine the final amount of qualified conversion expenditures and whether the completed rehabilitation meets the requirements of sections 99.720 to 99.730. A taxpayer shall submit to the department a final application demonstrating:

(1) That the taxpayer has substantially converted a qualified converted building or upper floor housing;

(2) Satisfactory evidence of any qualified conversion expenditures for the structure, as determined by the department; and

(3) Any other information reasonably requested by the department relating to verifying qualified conversion expenditures or compliance with the requirements of sections 99.720 to 99.730.

Tax credits authorized pursuant to sections 99.720 to 99.730 shall be deemed to be redevelopment tax credits for the purposes of sections 135.800 to 135.830. The approval of all applications and the issuing of certificates of tax credits to taxpayers shall be performed by the department. The department shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates. The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed.

2. (1) The department shall issue seventy-five percent of the approved tax credits within seventy-five days of receiving all required final application materials. Within one hundred twenty days, the department shall make a final determination of qualified conversion expenditures and issue the remaining twenty-five percent of approved tax credits, or request repayment from the applicant if the final determination results in an over-issuance of tax credits. In the event the amount of qualified conversion expenditures incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount authorized pursuant to subsection 3 of section 99.728, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's

authorization shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of section 99.728.

(2) For tax credits authorized pursuant to subsection 2 of section 99.726, the applicant may submit to the department an application for the issuance of tax credits annually prior to final completion of the project. Upon approval of the annual application for issuance, the department shall issue eighty percent of the amount of tax credits that would result from the qualified conversion expenditures, provided the total amount of credits issued to date does not exceed the total amount of credits authorized for the project. Any remaining authorized tax credits shall be issued upon the final approval of the project. The department shall issue eighty percent of the approved credits within seventy-five days of receiving all required application materials. Within one hundred twenty days, the department shall make a final determination of qualified conversion expenditures and issue any remaining authorized tax credits upon the final completion of the phased project, or request repayment if an over-issuance of credits is determined.

3. The department shall determine, on an annual basis, the overall economic impact to the state from the conversion of eligible property pursuant to sections 99.720 to 99.730.

4. (1) No taxpayer shall be issued tax credits for qualified conversion expenditures on a qualified converted building within twenty-seven years of a previous issuance of tax credits pursuant to sections 99.720 to 99.730 on such qualified converted building. No taxpayer shall be issued tax credits pursuant to sections 99.722 and 99.724 for the same qualified conversion expenditures.

(2) A taxpayer may be authorized and issued tax credits pursuant to sections 99.720 to 99.730 in addition to tax credits authorized and issued pursuant to sections 253.544 to 253.559 for the same expenditures.

5. The department may promulgate any rules and regulations necessary to administer the provisions of sections 99.720 to 99.730. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.

6. Notwithstanding the provisions of section 23.253 of the Missouri sunset act to the contrary:

(1) The program authorized pursuant to sections 99.720 to 99.730 shall automatically sunset on December 31, 2033, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized pursuant to sections 99.720 to 99.730 shall automatically sunset twelve years after the effective date of the reauthorization;

(3) Sections 99.720 to 99.730 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized pursuant to sections 99.720 to 99.730 is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair:

(a) A taxpayer's ability to complete a project and be issued tax credits pursuant to sections 99.720 to 99.730 for any project for which the taxpayer has received an authorization of tax credits from the department pursuant to sections 99.720 to 99.730 on or before the date the program authorized pursuant to sections 99.720 to 99.730 expires; or

(b) The department's ability to issue and the department of revenue's ability to redeem tax credits authorized by the department on or before the date the program authorized pursuant to sections 99.720 to 99.730 expires, or a taxpayer's ability to redeem such tax credits.”.

PROTEST OF CCR ON HCS FOR SS FOR SB 160

Pursuant to Missouri Senate Rule 93, I submit my protest of CCR ON HCS FOR SS FOR SB 160.

When introduced, the purpose of Senate Bill 160 related to student associations at public institutions of higher learning. Specifically, the act prohibits public institutions of higher learning, such as state colleges, community colleges, and technical schools, from taking adverse action against a student association because of the association's beliefs or the actions of its leaders.

A Senate Substitute, which supported the underlying bill, was adopted and Perfected.

Prior to its passage, amendments were adopted to change the purpose from the original (relating to student associations at public institutions of higher learning) to educational institutions. This change in purpose allowed for the inclusions of protective hairstyles in educational institutions (which, is aimed at elementary and secondary schools – not institutions of higher learning), authority for Missouri State University to confer specific degrees, and the offense of hazing.

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The changes made to SB 160 appear to clearly demonstrate the bill violates the state constitution. Therein lies the reason for my vote against the bill.

The term “military” also includes the military reserves and militia of any United States territory or state;**

2. Any person who holds a valid current dietitian license issued by another state, a branch or unit of the military, a territory of the United States, or the District of Columbia, and who has been licensed for at least one year in such other jurisdiction, may submit to the committee an application

for a dietitian license in this state along with proof of current licensure and proof of licensure for at least one year in the other jurisdiction.

3. The committee shall:

(1) Within six months of receiving an application described in subsection 2 of this section, waive any examination, educational, or experience requirements for licensure in this state for the applicant if it determines that there were minimum education requirements and, if applicable, work experience and clinical supervision requirements in effect and the other jurisdiction verifies that the person met those requirements in order to be licensed or certified in that jurisdiction. The committee may require an applicant to take and pass an examination specific to the laws of this state; or

(2) Within thirty days of receiving an application described in subsection 2 of this section from a nonresident military spouse or a resident military spouse, waive any examination, educational, or experience requirements for licensure in this state for the applicant and issue such applicant a license under this section if such applicant otherwise meets the requirements of this section.

4. (2) If another jurisdiction has taken disciplinary action against an applicant, the committee shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the committee may deny a license until the matter is resolved.

5. Nothing in this section shall prohibit the committee from denying a license to an applicant under this section for any reason described in section 324.217.

6. Any person who is licensed under the provisions of this section shall be subject to the committee's jurisdiction and all rules and regulations pertaining to dietetics practice in this state.

Such temporary licensee may practice dietetics, but any such practice shall be under the supervision of a dietitian licensed in this state.

(1) Any dietitian who has agreed to supervise a temporary licensee shall hold an unencumbered license to practice dietetics in this state and shall provide the committee proof of

active dietetics practice in this state for a minimum of one year before supervising the temporary licensee.

(2) The supervising dietitian shall not be an immediate family member of the temporary licensee. The committee shall define the term “immediate family member” for purposes of this subdivision and the scope of such supervision by rule.

3. (1) The dietitian who has agreed to supervise the applicant for a temporary license shall submit to the committee a signed notarized form prescribed by the committee attesting that the applicant for a temporary license shall begin employment at a location in this state within seven days of issuance of the temporary license.

(2) If the temporary licensee's employment described in subdivision (1) of this subsection ceases, the supervising dietitian shall notify the committee within three days of such cessation.

4. A licensed dietitian shall not supervise more than one temporary licensee at a time.

5. The temporary license obtained by an applicant under this section shall expire the date the committee is notified by the supervising dietitian that the temporary licensee's employment has ceased or within one hundred eighty days of its issuance, whichever occurs first.

The issuing authority shall pay any witness fees, travel expenses, mileage,**

and other fees required by the service statutes of the State in which the witnesses or evidence are located.

B. Only the Home State shall have the power to take Adverse Action against a Licensee's Home State License.

C. For purposes of taking Adverse Action, the Home State shall give the same priority and effect to reported conduct received from a Member State as it would if the conduct had occurred within the Home State. In so doing, the Home State shall apply its own State laws to determine appropriate action.

D. The Home State shall complete any pending investigations of a Licensee who changes Home States during the course of the investigations. The Home State shall also have authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the administrator of the Data System. The administrator of the Data System shall promptly notify the new Home State of any Adverse Actions.

E. A Member State, if otherwise permitted by State law, may recover from the affected Licensee the costs of investigations and dispositions of cases resulting from any Adverse Action taken against that Licensee.

F. A Member State may take Adverse Action based on the factual findings of another Remote State, provided that the Member State follows its own procedures for taking the Adverse Action.

G. Joint Investigations:

1. In addition to the authority granted to a Member State by its respective State law, any Member State may participate with other Member States in joint investigations of Licensees.

2. Member States shall share any investigative, litigation, or compliance materials in furtherance of any joint investigation initiated under the Compact.

H. If Adverse Action is taken by the Home State against a Licensee's Home State License resulting in an Encumbrance on the Home State License, the Licensee's Compact Privilege(s) in all other Member States shall be revoked until all Encumbrances have been removed from the Home State License. All Home State disciplinary orders that impose Adverse Action against a Licensee shall include a statement that the Licensee's Compact Privileges are revoked in all Member States during the pendency of the order.

I. Once an Encumbered License in the Home State is restored to an Unencumbered License (as certified by the Home State's Licensing Authority), the Licensee must meet the requirements of Section 4(A) and follow the administrative requirements to reapply to obtain a Compact Privilege in any Remote State.

J. If a Member State takes Adverse Action, it shall promptly notify the administrator of the Data System. The administrator of the Data System shall promptly notify the other Member States of any Adverse Actions.

K. Nothing in this Compact shall override a Member State's decision that participation in an Alternative Program may be used in lieu of Adverse Action.

SECTION 8. ESTABLISHMENT OF THE DIETITIAN LICENSURE COMPACT COMMISSION

A. The Compact Member States hereby create and establish a joint government agency whose membership consists of all Member States that have enacted the Compact known as the Dietitian Licensure Compact Commission. The Compact Commission is an instrumentality of the Compact States acting jointly and not an instrumentality of any one State. The Compact Commission shall come into existence on or after the effective date of the Compact as set forth in Section 12.

B. Membership, Voting, and Meetings

1. Each Member State shall have and be limited to one (1) delegate selected by that Member State's Licensing Authority.

2. The delegate shall be the primary administrator of the Licensing Authority or their designee.

3. The Compact Commission shall by Rule or bylaw establish a term of office for delegates and may by Rule or bylaw establish term limits.

4. The Compact Commission may recommend removal or suspension of any delegate from office.

5. A Member State's Licensing Authority shall fill any vacancy of its delegate occurring on the Compact Commission within 60 days of the vacancy.

paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Compact Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Compact Commission shall defend any member, officer, executive director, employee, and representative of the Compact Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Compact Commission employment, duties, or responsibilities, or as determined by the Compact Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Compact Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Compact Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Compact Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Compact Commission.

SECTION 9. DATA SYSTEM

A. The Compact Commission shall provide for the development, maintenance, operation, and utilization of a coordinated Data System.

B. The Compact Commission shall assign each applicant for a Compact Privilege a unique identifier, as determined by the Rules.

C. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Compact Commission, including:

1. Identifying information;

2. Licensure data;
3. Adverse Actions against a License or Compact Privilege and information related thereto;
4. Non-confidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;
5. Any denial of application for licensure, and the reason(s) for such denial;
6. The presence of Current Significant Investigative Information; and
7. Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the Rules of the Compact Commission.

D. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Compact Commission or an agent thereof, shall constitute the authenticated business records of the Compact Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a Member State.

E. Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

F. It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the Data System to determine whether any Adverse Action has been taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

G. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

H. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

SECTION 10. RULEMAKING

A. The Compact Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Compact Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The Rules of the Compact Commission shall have the force of law in each Member State, provided however that where the Rules conflict with the laws or regulations of a Member State that relate to the procedures, actions, and processes a Licensed Dietitian is permitted to undertake in that State and the circumstances under which they may do so, as held by a court of competent

jurisdiction, the Rules of the Compact Commission shall be ineffective in that State to the extent of the conflict.

C. The Compact Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or as of the date specified in the Rule or amendment, whichever is later.

D. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

E. Rules shall be adopted at a regular or special meeting of the Compact Commission.

F. Prior to adoption of a proposed Rule, the Compact Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed Rule by the Compact Commission, and at least thirty (30) days in advance of the meeting at which the Compact Commission will hold a public hearing on the proposed Rule, the Compact Commission shall provide a Notice of Proposed rulemaking:

- 1. On the website of the Compact Commission or other publicly accessible platform;**
- 2. To persons who have requested notice of the Compact Commission's notices of proposed rulemaking; and**
- 3. In such other way(s) as the Compact Commission may by Rule specify.**

H. The Notice of Proposed rulemaking shall include:

1. The time, date, and location of the public hearing at which the Compact Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Compact Commission will consider and vote on the proposed Rule;

2. If the hearing is held via telecommunication, video conference, or other means of communication, the Compact Commission shall include the mechanism for access to the hearing in the Notice of Proposed rulemaking;

3. The text of the proposed Rule and the reason therefore;

4. A request for comments on the proposed Rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Compact Commission in response to the proposed Rule shall be available to the public.

J. Nothing in this Section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Compact Commission at hearings required by this Section.

K. The Compact Commission shall, by majority vote of all members, take final action on the proposed Rule based on the rulemaking record and the full text of the Rule.

1. The Compact Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

2. The Compact Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Compact Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in Section 10(L), the effective date of the Rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.

L. Upon determination that an emergency exists, the Compact Commission may consider and adopt an emergency Rule with 24 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the Compact and in this Section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

- 1. Meet an imminent threat to public health, safety, or welfare;**
- 2. Prevent a loss of Compact Commission or Member State funds;**
- 3. Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or**
- 4. Protect public health and safety.**

M. The Compact Commission or an authorized committee of the Compact Commission may direct revision to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revision shall be posted on the website of the Compact Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Compact Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Compact Commission.

N. No Member State's rulemaking requirements shall apply under this Compact.

SECTION 11. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement this Compact.

2. Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Compact Commission shall be brought solely and exclusively in a court of competent

jurisdiction where the principal office of the Compact Commission is located. The Compact Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct, or any such similar matter.

3. The Compact Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Compact Commission service of process shall render a judgment or order void as to the Compact Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination

1. If the Compact Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Compact Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Compact Commission may take and shall offer training and specific technical assistance regarding the default.

2. The Compact Commission shall provide a copy of the notice of default to the other Member States.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges, and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Compact Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's Licensing Authority, and each of the Member States' Licensing Authority.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of six months after the date of said notice of termination.

G. The Compact Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Compact Commission and the defaulting State.

H. The defaulting State may appeal the action of the Compact Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

I. Dispute Resolution

1. Upon request by a Member State, the Compact Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

2. The Compact Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement

1. By supermajority vote, the Compact Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Compact Commission. The Compact Commission may pursue any other remedies available under federal or the defaulting Member State's law.

2. A Member State may initiate legal action against the Compact Commission in the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. No party other than a Member State shall enforce this Compact against the Compact Commission.

SECTION 12. EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

1. On or after the effective date of the Compact, the Compact Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

a. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 11.

b. If any Member State is later found to be in default, or is terminated, or withdraws from the Compact, the Compact Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

2. Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in Section 8(C)(21) to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Compact Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Compact Commission coming into existence shall be considered to be actions of the Compact Commission unless specifically repudiated by the Compact Commission.

4. Any State that joins the Compact subsequent to the Compact Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Compact Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

B. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this Compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

SECTION 13. CONSTRUCTION AND SEVERABILITY

A. This Compact and the Compact Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules

shall not be construed to limit the Compact Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

C. Notwithstanding Section 13(B), the Compact Commission may deny a State's participation in the Compact or, in accordance with the requirements of Section 11(B), terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

SECTION 14. CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS

A. Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

B. Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

C. All permissible agreements between the Compact Commission and the Member States are binding in accordance with their terms.”; and

Further amend the title and enacting clause accordingly.

Senator Trent moved that the above amendment be adopted, which motion prevailed.

Senator Lewis offered **SA 3**:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except as specified in this paragraph. The following provisions shall apply with respect to this requirement:

a. Until August 28, 2025, an advanced practice registered nurse providing services in a correctional center, as defined in section 217.010, and his or her collaborating physician shall satisfy the geographic proximity requirement if they practice within two hundred miles by road of one another. An incarcerated patient who requests or requires a physician consultation shall be treated by a physician as soon as appropriate;

b. The collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by Pub.L. 95-210 (42 U.S.C. Section 1395x, as amended), as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic;

c. The collaborative practice arrangement may allow for geographic proximity to be waived when the arrangement outlines the use of telehealth, as defined in section 191.1145;

d. In addition to the waivers and exemptions provided in this subsection, an application for a waiver for any other reason of any applicable geographic proximity shall be available if a physician is collaborating with an advanced practice registered nurse in excess of any geographic proximity limit. The board of nursing and the state board of registration for the healing arts shall review each application for a waiver of geographic proximity and approve the application if the boards determine that adequate supervision exists between the collaborating physician and the advanced practice registered nurse. The boards shall have forty-five calendar days to review the completed application for the waiver of geographic proximity. If no action is taken by the boards within forty-five days after the submission of the application for a waiver, then the application shall be deemed approved. If the application is denied by the boards, the provisions of section 536.063 for contested cases shall apply and govern proceedings for appellate purposes; and

e. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days;

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection; and

(11) If a collaborative practice arrangement is used in clinical situations where a collaborating advanced practice registered nurse provides health care services that include the diagnosis and initiation of treatment for acutely or chronically ill or injured persons, then the collaborating physician or any other physician designated in the collaborative practice arrangement shall be present for sufficient periods of time, at least once every two weeks, except in extraordinary circumstances that shall be documented, to participate in a chart review and to provide necessary medical direction, medical services, consultations, and supervision of the health care staff.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to geographic proximity shall allow a collaborating physician and a collaborating advanced practice registered nurse to practice within two hundred miles by road of one another until August 28, 2025, if the nurse is providing services in a correctional center, as defined in section 217.010. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which

have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his or her medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, or physician assistant collaborative practice arrangement and also report to the board the name of each licensed professional with whom the physician has entered into such arrangement. The board shall make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services, as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to collaborative practice arrangements between a primary care physician and a primary care advanced practice registered nurse or a behavioral health physician and a behavioral health advanced practice registered nurse, where the collaborating physician is new to a patient population to which the advanced practice registered nurse is familiar.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other term of employment shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other term of employment shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

13. (1) The provisions of this section shall not apply to an advanced practice registered nurse who has been in a collaborative practice arrangement for a cumulative two thousand documented hours with a collaborating physician and whose license is in good standing. Any such advanced practice registered nurse shall not be required to enter into or remain in an arrangement in order to practice in this state. Any other provisions of law requiring a collaborative practice arrangement or delegation shall not be required for an advanced practice registered nurse described in this subsection.

(2) The provisions of this subsection shall not apply to certified registered nurse anesthetists.

(3) Notwithstanding any provision of this section to the contrary, an advanced practice registered nurse applying for licensure by endorsement may demonstrate to the state board of nursing completion of a cumulative two thousand documented hours of practice. Such advanced practice registered nurses shall not be required to enter into a collaborative practice arrangement in order to practice in this state.

335.019. 1. An advanced practice registered nurse's prescriptive authority shall include authority to:

(1) Prescribe, dispense, and administer medications and nonscheduled legend drugs, as defined in section 338.330, **and controlled substances, as provided in subsection 2 of section 195.070**, within such APRN's practice and specialty; and

(2) Notwithstanding any other provision of this chapter to the contrary, receive, prescribe, administer, and provide nonscheduled legend drug samples from pharmaceutical manufacturers to patients at no charge to the patient or any other party.

2. In addition to advanced practice registered nurses who have a collaborative practice arrangement, the provisions of subsection 1 of this section shall apply to an advanced practice registered nurse who meets the requirements described in subsection 13 of section 334.104 and is no longer required to hold a collaborative practice arrangement.

3. The board of nursing may grant a certificate of controlled substance prescriptive authority to an advanced practice registered nurse who:

(1) Submits proof of successful completion of an advanced pharmacology course that shall include preceptorial experience in the prescription of drugs, medicines, and therapeutic devices; and

(2) Provides documentation of a minimum of three hundred clock hours preceptorial experience in the prescription of drugs, medicines, and therapeutic devices with a qualified preceptor; and

(3) Provides evidence of a minimum of one thousand hours of practice in an advanced practice nursing category prior to application for a certificate of prescriptive authority. The one thousand hours shall not include clinical hours obtained in the advanced practice nursing education program. The one thousand hours of practice in an advanced practice nursing category may include transmitting a prescription order orally or telephonically or to an inpatient medical record from protocols developed in collaboration with and signed by a licensed physician; and

[(4)] **(a)** Has a controlled substance prescribing authority delegated in the collaborative practice arrangement under section 334.104 with a physician who has an unrestricted federal Drug Enforcement Administration registration number and who is actively engaged in a practice comparable in scope, specialty, or expertise to that of the advanced practice registered nurse; **or**

(b) Provides documentation of a minimum of two thousand hours of practice in advanced practice nursing, as provided in subsection 13 of section 334.104.”; and

(1) Fees for copying public records, except those records restricted under section 32.091, shall not exceed ten cents per page for a paper copy not larger than nine by fourteen inches, with the hourly fee for duplicating time not to exceed the average hourly rate of pay for clerical staff of the public governmental body. Research time required for fulfilling records requests may be charged at the actual cost of research time. Based on the scope of the request, the public governmental body shall produce the copies using employees of the body that result in the lowest amount of charges for search, research, and duplication time. Prior to producing copies of the requested records, the person requesting the records may request the public governmental body to provide an estimate of the cost to the person requesting the records. Documents may be furnished without charge or at a reduced charge when the public governmental body determines that waiver or reduction of the fee is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the public governmental body and is not primarily in the commercial interest of the requester;

(2) Fees for providing access to public records maintained on computer facilities, recording tapes or disks, videotapes or films, pictures, maps, slides, graphics, illustrations or similar audio or visual items or devices, and for paper copies larger than nine by fourteen inches shall include only the cost of copies, staff time, which shall not exceed the average hourly rate of pay for staff of the public governmental body required for making copies and programming, if necessary, and the cost of the disk, tape, or other medium used for the duplication. 2. (1) Payment of [such copying] fees may be requested prior to [the making of copies] fulfilling the request.

(2) A request for public records to a public governmental body shall be considered withdrawn if the requester fails to remit all fees within ninety days, or within one hundred fifty days if the requested fees are greater than one thousand dollars, of a request for payment of the fees by the public governmental body, prior to fulfilling the request. The public governmental body shall include notice to the requester that if the requester fails to remit payment of the fees within ninety days, or within one hundred fifty days if the requested fees are greater than one thousand dollars, then the request for public records shall be considered withdrawn. If the public governmental body responds to a request for public records in order to seek a clarification of the request and no response to the request for clarification is received by the public governmental body within ninety days, or within one hundred fifty days if the requested fees are greater than one thousand dollars, of sending the request for clarification, then such request for public records shall be considered withdrawn. The request for clarification by the public governmental body shall include notice to the requester that if the requester fails to respond within ninety days, or within one hundred fifty days if the requested fees are greater than one thousand dollars, then the request shall be considered withdrawn. If the same or a substantially similar request for public records is made within six months after the expiration of the ninety-day period, or within one hundred fifty days if the requested fees are greater than one thousand dollars, and no fee was remitted for such request or no response was received to the request for clarification, then the public governmental body may

request payment of the same fees made for the original request that has expired in addition to any allowable fees necessary to fulfill the subsequent request. Any request for records to a public governmental body that is pending on August 28, 2025, shall be considered withdrawn if the requester fails to remit all fees by January 1, 2026. The provisions of this subdivision shall not apply if a lawsuit has been filed against the public governmental body with regard to the records that are the subject of the request under this subdivision.

3. Except as otherwise provided by law, each public governmental body of the state shall remit all moneys received by or for it from fees charged pursuant to this section to the director of revenue for deposit to the general revenue fund of the state.

5. The term "tax, license or fees" as used in Section 22 of Article X of the Constitution of the State of Missouri does not include copying charges and related fees that do not exceed the level necessary to pay or to continue to pay the costs for providing a service, program, or activity which was in existence on November 4, 1980, or which was approved by a vote of the people subsequent to November 4, 1980."; and

2. (1) The division shall utilize structured decision-making protocols, including a standard risk assessment that shall be completed within seventy-two hours of the report of abuse or neglect, for classification purposes of all child abuse and neglect reports. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child. All child abuse and neglect reports shall be initiated within twenty-four hours and shall be classified based upon the reported risk and injury to the child. The division shall promulgate rules regarding the structured decision-making protocols to be utilized for all child abuse and neglect reports.

(2) The director of the division and the office of state courts administrator shall develop a joint safety assessment tool before December 31, 2020, and such tool shall be implemented before January 1, 2022. The safety assessment tool shall replace the standard risk assessment required under subdivision (1) of this subsection and shall also be completed within seventy-two hours of the report of abuse or neglect.

3. 6. When the child abuse and neglect hotline receives three or more calls, within a seventy-two hour period, from one or more individuals concerning the same child, the division shall conduct a review to determine whether the calls meet the criteria and statutory definition for a child abuse and neglect report to be accepted. 8. **(1)** The local office of the division shall cause an investigation or family assessment and services approach to be initiated in accordance with the protocols established in subsection 2 of this section, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. Callers to the child abuse and neglect hotline shall be instructed by the division's hotline to call 911 in instances where the child may be in immediate danger. If the parents of the child are not the alleged perpetrators, a parent of the child must be notified prior to the child being

(2) If the division is responding to an investigation of abuse or neglect, the person responding shall first ensure safety of the child through direct observation and communication with the child. If the **parent or** alleged perpetrator is present during a visit by the person responding to or investigating the report, such person shall **present identification and verbally identify himself or herself and his or her role in the investigation and shall** provide written material to the **parent or** alleged perpetrator informing him or her of his or her rights regarding such visit, including but not limited to the right to contact an attorney. The **parent or** alleged perpetrator shall be given a reasonable amount of time to read such written material or have such material read to him or her by the case worker before the visit commences, but in no event shall such time exceed five minutes; except that, such requirement to provide written material and reasonable time to read such material shall not apply in cases where the child faces an immediate threat or danger, or the person responding to or investigating the report is or feels threatened or in danger of physical harm. If the abuse is alleged to have occurred in a school or child care facility the division shall not meet with the child in any school building or child-care facility building where abuse of such child is alleged to have occurred. When the child is reported absent from the residence, the location and the well-being of the child shall be verified. For purposes of this subsection, "child care facility" shall have the same meaning as such term is defined in section 210.201.

(3) If the division is responding to an assessment of abuse or neglect, the person responding shall present identification and verbally identify himself or herself and his or her role in the investigation and provide a parent of the child with notification prior to the child being interviewed by the person responding and shall provide written material to the parent informing him or her of his or her rights regarding such visit, including, but not limited to, the right to contact an attorney. The parent shall be given a reasonable amount of time to read such written material or have such material read to him or her by the case worker before the visit commences, but in no event shall such time exceed five minutes; except that, such requirement to provide written material and reasonable time to read such material shall not apply in cases where the child faces immediate threat or danger, the person

responding to or investigating the report is or feels threatened or in danger of physical harm, or any of the exceptions in subdivision (1) of this subsection would apply.

9. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The superintendent of each school district shall designate a specific person or persons to act as the public school district liaison. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. Upon notification of an investigation, all information received by the public school district liaison or the school shall be subject to the provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. Section 1232g, and federal rule 34 C.F.R. Part 99.

10. The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

11. When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

12. Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

13. Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

14. For all family support team meetings involving an alleged victim of child abuse or neglect, the parents, legal counsel for the parents, foster parents, the legal guardian or custodian of the child, the guardian ad litem for the child, **the child's counsel**, and the volunteer advocate for the child shall be provided notice and be permitted to attend all such meetings. Family members, other than alleged

perpetrators, or other community informal or formal service providers that provide significant support to the child and other individuals may also be invited at the discretion of the parents of the child. In addition, the parents, the legal counsel for the parents, the legal guardian or custodian and the foster parents may request that other individuals, other than alleged perpetrators, be permitted to attend such team meetings. Once a person is provided notice of or attends such team meetings, the division or the convenor of the meeting shall provide such persons with notice of all such subsequent meetings involving the child. Families may determine whether individuals invited at their discretion shall continue to be invited.

15. If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

16. If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

(1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

(2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

17. (1) Within forty-five days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects

of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within forty-five days, unless good cause for the failure to complete the investigation is specifically documented in the information system. Good cause for failure to complete an investigation shall include, but not be limited to:

(a) The necessity to obtain relevant reports of medical providers, medical examiners, psychological testing, law enforcement agencies, forensic testing, and analysis of relevant evidence by third parties which has not been completed and provided to the division;

(b) The attorney general or the prosecuting or circuit attorney of the city or county in which a criminal investigation is pending certifies in writing to the division that there is a pending criminal investigation of the incident under investigation by the division and the issuing of a decision by the division will adversely impact the progress of the investigation; or

(c) The child victim, the subject of the investigation or another witness with information relevant to the investigation is unable or temporarily unwilling to provide complete information within the specified time frames due to illness, injury, unavailability, mental capacity, age, developmental disability, or other cause.

The division shall document any such reasons for failure to complete the investigation.

(2) If a child fatality or near-fatality is involved in a report of abuse or neglect, the investigation shall remain open until the division's investigation surrounding such death or near-fatal injury is completed.

(3) If the investigation is not completed within forty-five days, the information system shall be updated at regular intervals and upon the completion of the investigation, which shall be completed no later than ninety days after receipt of a report of abuse or neglect, or one hundred twenty days after receipt of a report of abuse or neglect involving sexual abuse, or until the division's investigation is complete in cases involving a child fatality or near-fatality. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

18. A person required to report under section 210.115 to the division and any person making a report of child abuse or neglect made to the division which is not made anonymously shall be informed by the division of his or her right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. Such person may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the

reporter within five days of the outcome of the investigation. If the report is determined to be unsubstantiated, the reporter may request that the report be referred by the division to the office of child advocate for children's protection and services established in sections 37.700 to 37.730. Upon request by a reporter under this subsection, the division shall refer an unsubstantiated report of child abuse or neglect to the office of child advocate for children's protection and services.

19. The division shall provide to any individual who is not satisfied with the results of an investigation information about the office of child advocate and the services it may provide under sections 37.700 to 37.730.

20. In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However:

(1) Nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made; and

(2) The court may on its own motion, or shall if requested by a party to the proceeding, make an inquiry not on the record with the children's division to determine if such a report has been made.

If a report has been made, the court may stay the custody proceeding until the children's division completes its investigation.

21. Nothing in this chapter shall be construed to prohibit the children's division from coinvestigating a report of child abuse or neglect or sharing records and information with child welfare, law enforcement, or judicial officers of another state, territory, or nation if the children's division determines it is appropriate to do so under the standard set forth in subsection 4 of section 210.150 and if such receiving agency is exercising its authority under the law.

22. In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services under paragraph (d) of subdivision (1) of subsection 1 of section 211.031 and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.

23. The children's division is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021 and chapter 536 to carry out the provisions of sections 210.109 to 210.183.

24. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then

the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void."; and

Further amend said bill, Page 28, Section 210.762, Line 28, by inserting after said section and line the following:

"210.950. 1. This section shall be known and may be cited as the "Safe Place for Newborns Act of 2002". The purpose of this section is to protect newborn children from injury and death caused by abandonment by a parent, and to provide safe and secure alternatives to such abandonment.

2. As used in this section, the following terms mean:

(1) "Hospital", as defined in section 197.020;

(2) "Maternity home", the same meaning as such term is defined in section 135.600;

(3) "Newborn safety incubator", a medical device used to maintain an optimal environment for the care of a newborn infant;

(4) "Nonrelinquishing parent", the biological parent who does not leave a newborn infant in a newborn safety incubator or with any person listed in subsection 3 of this section in accordance with this section;

(5) "Pregnancy resource center", the same meaning as such term is defined in section 135.630;

(6) "Relinquishing parent", the biological parent or person acting on such parent's behalf who leaves a newborn infant in a newborn safety incubator or with any person listed in subsection 3 of this section in accordance with this section.

3. A parent shall not be prosecuted for a violation of section 568.030, 568.032, 568.045 or 568.050 for actions related to the voluntary relinquishment of a child up to [forty-five] **ninety** days old pursuant to this section if:

(1) Expressing intent not to return for the child, the parent voluntarily delivered the child safely to a newborn safety incubator or to the physical custody of any of the following persons:

(a) An employee, agent, or member of the staff of any hospital, maternity home, or pregnancy resource center in a health care provider position or on duty in a nonmedical paid or volunteer position;

(b) A firefighter or emergency medical technician on duty in a paid position or on duty in a volunteer position; or

(c) A law enforcement officer;

(2) The child was no more than [forty-five] **ninety** days old when delivered by the parent to the newborn safety incubator or to any person listed in subdivision (1) of this subsection; and

(3) The child has not been abused or neglected by the parent prior to such voluntary delivery.

4. A parent voluntarily relinquishing a child under this section shall not be required to provide any identifying information about the child or the parent. No person shall induce or coerce, or attempt to induce or coerce, a parent into revealing his or her identity. No officer, employee, or agent of this state or any political subdivision of this state shall attempt to locate or determine the identity of such parent. In addition, any person who obtains information on the relinquishing parent shall not disclose such information except to the following:

(1) A birth parent who has waived anonymity or the child's adoptive parent;

(2) The staff of the department of health and senior services, the department of social services, or any county health or social services agency or licensed child welfare agency that provides services to the child;

(3) A person performing juvenile court intake or dispositional services;

(4) The attending physician;

(5) The child's foster parent or any other person who has physical custody of the child;

(6) A juvenile court or other court of competent jurisdiction conducting proceedings relating to the child;

(7) The attorney representing the interests of the public in proceedings relating to the child; and

(8) The attorney representing the interests of the child.

5. A person listed in subdivision (1) of subsection 3 of this section shall, without a court order, take physical custody of a child the person reasonably believes to be no more than [forty-five] **ninety** days old and is delivered in accordance with this section by a person purporting to be the child's parent or is delivered in accordance with this section to a newborn safety incubator. If delivery of a newborn is made pursuant to this section in any place other than a hospital, the person taking physical custody of the child shall arrange for the immediate transportation of the child to the nearest hospital licensed pursuant to chapter 197.

6. The hospital, its employees, agents and medical staff shall perform treatment in accordance with the prevailing standard of care as necessary to protect the physical health or safety of the child. The hospital shall notify the children's division and the local juvenile officer upon receipt of a child pursuant to this section. The local juvenile officer shall immediately begin protective custody proceedings and

request the child be made a ward of the court during the child's stay in the medical facility. Upon discharge of the child from the medical facility and pursuant to a protective custody order ordering custody of the child to the division, the children's division shall take physical custody of the child. The parent's voluntary delivery of the child in accordance with this section shall constitute the parent's implied consent to any such act and a voluntary relinquishment of such parent's parental rights.

7. In any termination of parental rights proceeding initiated after the relinquishment of a child pursuant to this section, the juvenile officer shall make public notice that a child has been relinquished, including the sex of the child, and the date and location of such relinquishment. Within thirty days of such public notice, the parent wishing to establish parental rights shall identify himself or herself to the court and state his or her intentions regarding the child. The court shall initiate proceedings to establish paternity, or if no person identifies himself as the father within thirty days, maternity. The juvenile officer shall make examination of the putative father registry established in section 192.016 to determine whether attempts have previously been made to preserve parental rights to the child. If such attempts have been made, the juvenile officer shall make reasonable efforts to provide notice of the abandonment of the child to such putative father.

8. (1) If a relinquishing parent of a child relinquishes custody of the child to a newborn safety incubator or to any person listed in subsection 3 of this section in accordance with this section and to preserve the parental rights of the nonrelinquishing parent, the nonrelinquishing parent shall take such steps necessary to establish parentage within thirty days after the public notice or specific notice provided in subsection 7 of this section.

(2) If either parent fails to take steps to establish parentage within the thirty-day period specified in subdivision (1) of this subsection, either parent may have all of his or her rights terminated with respect to the child.

(3) When either parent inquires at a hospital regarding a child whose custody was relinquished pursuant to this section, such facility shall refer such parent to the children's division and the juvenile court exercising jurisdiction over the child.

9. The persons listed in subdivision (1) of subsection 3 of this section shall be immune from civil, criminal, and administrative liability for accepting physical custody of a child pursuant to this section if such persons accept custody in good faith. Such immunity shall not extend to any acts or omissions, including negligent or intentional acts or omissions, occurring after the acceptance of such child.

10. The children's division shall:

(1) Provide information and answer questions about the process established by this section on the statewide, toll-free telephone number maintained pursuant to section 210.145;

(2) Provide information to the public by way of pamphlets, brochures, or by other ways to deliver information about the process established by this section.

11. It shall be an affirmative defense to prosecution for a violation of sections 568.030, 568.032, 568.045, and 568.050 that a parent who is a defendant voluntarily relinquished a child no more than one year old under this section.

12. Nothing in this section shall be construed as conflicting with section 210.125.

13. (1) There is hereby created in the state treasury the "Safe Place for Newborns Fund", which shall consist of moneys appropriated by the general assembly from general revenue and any gifts, bequests, or donations. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in this fund shall be used solely for the installation of newborn safety incubators.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

14. The state of Missouri shall provide matching moneys from the general revenue fund for the installation of newborn safety incubators. The total amount available to the fund from state sources under such a match program shall be up to ten thousand dollars for each newborn safety incubator installed.

15. The director of the department of health and senior services may promulgate all necessary rules and regulations for the administration of this section, including rules governing the specifications, installation, maintenance, and oversight of newborn safety incubators. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void."; and

Further amend said bill, Page 29, Section 211.032, Line 44, by inserting after said section and line the following:

"211.033. 1. No person under the age of eighteen years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. [A traffic court judge may request the juvenile court to order the commitment of a person under the age of eighteen to a juvenile detention facility.]

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

211.071. 1. If a petition **or motion to modify** alleges that a child between the ages of fourteen and eighteen has committed an offense [which] **that** would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child, or the child's custodian, order a hearing and may, in its discretion, dismiss the petition **or motion to modify** and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that, if a petition alleges that a child between the ages of twelve and eighteen has committed an offense [which] **that** would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 as it existed prior to January 1, 2017, [or] robbery in the first degree under section 570.023, distribution of drugs under section 195.211 as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055, **if committed by an adult, or** a dangerous felony as defined in section 556.061, **or** any felony involving the use, assistance, or aid of a deadly weapon, or has committed two or more prior unrelated offenses [which] **that** would be felonies if committed by an adult, the court shall order a hearing, and may, in its discretion, dismiss the petition **or motion to modify** and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between eighteen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition **or motion to modify** will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his or her home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

(1) Findings showing that the court had jurisdiction of the cause and of the parties;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his or her counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition **or motion to modify** and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition **or motion to modify** to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.072. 1. A juvenile under eighteen years of age who has been certified to stand trial as an adult for offenses pursuant to section 211.071, if currently placed in a secure juvenile detention facility, shall remain in a secure juvenile detention facility pending finalization of the judgment and completion of appeal, if any, of the judgment dismissing the juvenile petition to allow for prosecution under the general law unless otherwise ordered by the juvenile court. Upon the judgment dismissing the petition to allow prosecution under the general laws becoming final and adult charges being filed, if the juvenile is currently in a secure juvenile detention facility, the juvenile shall remain in such facility unless the juvenile posts bond or the juvenile is transferred to an adult jail. If the juvenile officer does not believe juvenile detention would be

the appropriate placement or would continue to serve as the appropriate placement, the juvenile officer may file a motion in the adult criminal case requesting that the juvenile be transferred from a secure juvenile detention facility to an adult jail. The court shall hear evidence relating to the appropriateness of the juvenile remaining in a secure juvenile detention facility or being transferred to an adult jail. At such hearing, the following shall have the right to be present and have the opportunity to present evidence and recommendations at such hearing: the juvenile; the juvenile's parents; the juvenile's counsel; the prosecuting attorney; the juvenile officer or his or her designee for the circuit in which the juvenile was certified; the juvenile officer or his or her designee for the circuit in which the pretrial-certified juvenile is proposed to be held, if different from the circuit in which the juvenile was certified; counsel for the juvenile officer; and representatives of the county proposed to have custody of the pretrial-certified juvenile.

2. Following the hearing, the court shall order that the juvenile continue to be held in a secure juvenile detention facility subject to all Missouri juvenile detention standards, or the court shall order that the pretrial-certified juvenile be held in an adult jail but only after the court has made findings that it would be in the best interest of justice to move the pretrial-certified juvenile to an adult jail. The court shall weigh the following factors when deciding whether to detain a certified juvenile in an adult facility:

(1) The certified juvenile's age;

(2) The certified juvenile's physical and mental maturity;

(3) The certified juvenile's present mental state, including whether he or she presents an imminent risk of self-harm;

(4) The nature and circumstances of the charges;

(5) The certified juvenile's history of delinquency;

(6) The relative ability of the available adult and juvenile facilities to both meet the needs of the certified juvenile and to protect the public and other youth in their custody;

(7) The opinion of the juvenile officer in the circuit of the proposed placement as to the ability of that juvenile detention facility to provide for appropriate care, custody, and control of the pretrial-certified juvenile; and

(8) Any other relevant factor.

3. In the event the court finds that it is in the best interest of justice to require the certified juvenile to be held in an adult jail, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice. **If a pretrial-**

certified juvenile under eighteen years of age is ordered released on the juvenile's adult criminal case from an adult jail following a transfer order under subsection 2 of this section and the juvenile is detained on violation of the conditions of release or bond, the juvenile shall return to the custody of the adult jail pending further court order.

4. A certified juvenile cannot be held in an adult jail for more than one hundred eighty days unless the court finds, for good cause, that an extension is necessary or the juvenile, through counsel, waives the one hundred eighty day maximum period. If no extension is granted under this subsection, the certified juvenile shall be transferred from the adult jail to a secure juvenile detention facility. **If an extension is granted under this subsection, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice.**

5. Effective December 31, 2021, all previously pretrial-certified juveniles under eighteen years of age who had been certified prior to August 28, 2021, shall be transferred from adult jail to a secure juvenile detention facility, unless a hearing is held and the court finds, based upon the factors in subsection 2 of this section, that it would be in the best interest of justice to keep the juvenile in the adult jail.

6. All pretrial-certified juveniles under eighteen years of age who are held in adult jails pursuant to the best interest of justice exception shall continue to be subject to the protections of the Prison Rape Elimination Act (PREA) and shall be physically separated from adult inmates.

7. If the certified juvenile remains in juvenile detention, the juvenile officer may file a motion to reconsider placement. The court shall consider the factors set out in subsection 2 of this section and the individuals set forth in subsection 1 of this section shall have a right to be present and present evidence. The court may amend its earlier order in light of the evidence and arguments presented at the hearing if the court finds that it would not be in the best interest of justice for the juvenile to remain in a secure juvenile detention facility.

8. Issues related to the setting of, and posting of, bond along with any bond forfeiture proceedings shall be held in the pretrial-certified juvenile's adult criminal case.

9. Upon attaining eighteen years of age or upon **a plea of guilty or** conviction on the adult charges, the juvenile shall be transferred from juvenile detention to the appropriate adult facility.

10. Any responsibility for transportation of and contracted service for the certified juvenile who remains in a secure juvenile detention facility shall be handled **by county jail staff** in the same manner as in all other adult criminal cases where the defendant is in custody.

11. The county jail staff shall designate a liaison assigned to each pretrial-certified juvenile while housed in a juvenile detention facility, who shall assist in communication with the juvenile detention

facility on the needs of the juvenile including, but not limited to, visitation, legal case status, medical and mental health needs, and phone contact.

12. The per diem provisions as set forth in section 211.156 shall apply to certified juveniles who are being held in a secure juvenile detention facility."; and

Further amend said bill, Page 33, Section 211.462, Line 24, by inserting after said section and line the following:

"219.021. 1. Except as provided in subsections 2 and 3 of this section, any child may be committed to the custody of the division when the juvenile court determines a suitable community-based treatment service does not exist, or has proven ineffective; and when the child is adjudicated pursuant to the provisions of subdivision (3) of subsection 1 of section 211.031 or when the child is adjudicated pursuant to subdivision (2) of subsection 1 of section 211.031 and is currently under court supervision for adjudication under subdivision (2) or (3) of subsection 1 of section 211.031. The division shall not keep any youth beyond his [eighteenth birth date] **or her nineteenth birthday**, except upon petition and a showing of just cause in which case the division may maintain custody until the youth's twenty-first birth date. Notwithstanding any other provision of law to the contrary, the committing court shall review the treatment plan to be provided by the division. The division shall notify the court of original jurisdiction from which the child was committed at least three weeks prior to the child's release to aftercare supervision. The notification shall include a summary of the treatment plan and progress of the child that has resulted in the planned release. The court may formally object to the director of the division in writing, stating its reasons in opposition to the release. The director shall review the court's objection in consideration of its final approval for release. The court's written objection shall be made within a one-week period after it receives notification of the division's planned release; otherwise the division may assume court agreement with the release. The division director's written response to the court shall occur within five working days of service of the court's objection and preferably prior to the release of the child. The division shall not place a child directly into a precare setting immediately upon commitment from the court until it advises the court of such placement.

2. No child who has been diagnosed as having a mental disease or a communicable or contagious disease shall be committed to the division; except the division may, by regulation, when services for the proper care and treatment of persons having such diseases are available at any of the facilities under its control, authorize the commitment of children having such diseases to it for treatment in such institution. Notice of any such regulation shall be promptly mailed to the judges and juvenile officers of all courts having jurisdiction of cases involving children.

3. When a child has been committed to the division, the division shall forthwith examine the individual and investigate all pertinent circumstances of his background for the purpose of facilitating the placement

and treatment of the child in the most appropriate program or residential facility to assure the public safety and the rehabilitation of the child; except that, no child committed under the provisions of subdivision (2) of subsection 1 of section 211.031 may be placed in the residential facilities designated by the division as a maximum security facility, unless the juvenile is subsequently adjudicated under subdivision (3) of subsection 1 of section 211.031.

4. The division may transfer any child under its jurisdiction to any other institution for children if, after careful study of the child's needs, it is the judgment of the division that the transfer should be effected. If the division determines that the child requires treatment by another state agency, it may transfer the physical custody of the child to that agency, and that agency shall accept the child if the services are available by that agency.

5. The division shall make periodic reexaminations of all children committed to its custody for the purpose of determining whether existing dispositions should be modified or continued. Reexamination shall include a study of all current circumstances of such child's personal and family situation and an evaluation of the progress made by such child since the previous study. Reexamination shall be conducted as frequently as the division deems necessary, but in any event, with respect to each such child, at intervals not to exceed six months. Reports of the results of such examinations shall be sent to the child's committing court and to his parents or guardian.

6. Failure of the division to examine a child committed to it or to reexamine him within six months of a previous examination shall not of itself entitle the child to be discharged from the custody of the division but shall entitle the child, his parent, guardian, or agency to which the child may be placed by the division to petition for review as provided in section 219.051.

7. The division is hereby authorized to establish, build, repair, maintain, and operate, from funds appropriated or approved by the legislature for these purposes, facilities and programs necessary to implement the provisions of this chapter. Such facilities or programs may include, but not be limited to, the establishment and operation of training schools, maximum security facilities, moderate care facilities, group homes, day treatment programs, family foster homes, aftercare, counseling services, educational services, and such other services as may be required to meet the needs of children committed to it. The division may terminate any facility or program no longer needed to meet the needs of children.

8. The division may institute day release programs for children committed to it. The division may arrange with local schools, public or private agencies, or persons approved by the division for the release of children committed to the division on a daily basis to the custody of such schools, agencies, or persons for participation in programs.

9. The division shall make all reasonable efforts to ensure that any outstanding judgment entered in accordance with section 211.185 or any outstanding assessments ordered in accordance with section 211.181 be paid while a child is in the care, custody or control of the division.

221.044. No person under the age of eighteen years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. [A traffic court judge may request the juvenile court to order the commitment of a person under the age of eighteen to a juvenile detention facility.] **If a person is eighteen years of age or older or attains the age of eighteen while in detention, upon a motion filed by the juvenile officer, the court may order that the person be detained in a jail or other adult detention facility as that term is defined in section 211.151 until the disposition of that person's juvenile court case."**; and

Further amend said bill, Page 49, Section 595.045, Line 122, by inserting after said section and line the following:

"Section B. The repeal and reenactment of sections 491.075 and 492.304 of section A of this act shall go into effect August 28, 2026."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

On motion of Senator Luetkemeyer, the Senate adjourned under the rules.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SIXTH DAY - FRIDAY, MAY 9, 2025

The Senate met pursuant to adjournment.

Senator Bean in the Chair.

The Reverend Stephen George offered the following prayer:

“My presence will go with you, and I will give you rest.” (Exodus 33:14 NIV)

Heavenly Father, thank you for telling us that You are always with us. As we go home to our families and communities this weekend, we ask that You would indeed give us rest. And as we celebrate Mother’s Day on Sunday, we ask that You would bless all of the mothers in our state. May they sense Your presence with them, and may they know that they are loved and appreciated by us and by You. We ask this in Your Holy Name, Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

"190.053. 1. All members of the board of directors of an ambulance district first elected on or after January 1, 2008, shall attend and complete an educational seminar or conference or other suitable training on the role and duties of a board member of an ambulance district. The training required under this section shall be offered by a statewide association organized for the benefit of ambulance districts or be approved by the state advisory council on emergency medical services. Such training shall include, at a minimum:

If any ambulance district board member fails to attend a training session within twelve months of taking office regardless of whether the board member received an attendance fee for a training session, the board member shall be ineligible to run for reelection for another term of office until the board member satisfies the training requirement of this section; however, this requirement shall only apply to board members elected after August 28, 2022] **All**

members of the board of directors of an ambulance district shall complete three hours of continuing education for each term of office. The continuing education shall be offered by a statewide association organized for the benefit of ambulance districts or be approved by the state advisory council on emergency medical services.

3. Any ambulance district board member who fails to complete the initial training and continuing education requirements on or before the anniversary date of the member's election or appointment as required under this section shall immediately be disqualified from office. Upon such disqualification, the member's position shall be deemed vacant without further process or declaration. The vacancy shall be filled in the manner provided for in section 190.052.

190.076. In addition to the annual audit required under section 190.075, each ambulance district shall, at least once every three years, arrange for a certified public accountant or a firm of certified public accountants to audit the records and accounts of the district. The audit shall be made freely available to the public on the district's website or by other electronic means.

190.098. 1. As used in this section, the term "community paramedic services" shall mean services provided by any entity that employs licensed paramedics who are certified by the department as community paramedics for services that are:

(1) Provided in a nonemergent setting that is independent of an emergency telephone service, 911 system, or emergency summons;

(2) Consistent with the training and education requirements described in subdivision (2) of subsection 2 of this section, the scope of skill and practice for community paramedics, and the supervisory standard approved by the entity's medical director; and

(3) Reflected and documented in the entity's patient care plans or protocols approved by the medical director in accordance with the provisions of section 190.142.

2. In order for a person to be eligible for certification by the department as a community paramedic, an individual shall:

(1) Be currently [certified] **licensed as a paramedic;**

(2) Successfully complete or have successfully completed a community paramedic certification program from a college, university, or educational institution that has been approved by the department or accredited by a national accreditation organization approved by the department; and

(3) Complete an application form approved by the department.

[2.] **3.** A community paramedic shall practice in accordance with protocols and supervisory standards established by the medical director. A community paramedic shall provide services of a health care plan if the plan has been developed by the patient's physician or by an advanced practice registered nurse through a collaborative practice arrangement with a physician or a physician assistant through a collaborative practice arrangement with a physician and there is no duplication of services to the patient from another provider.

[3.] **4. (1)** Any ambulance service shall enter into a written contract to provide community paramedic services in another ambulance service area, as that term is defined in section 190.100. The contract that is agreed upon may be for an indefinite period of time, as long as it includes at least a sixty-day cancellation notice by either ambulance service.

(2) Any ambulance service that seeks to provide community paramedic services outside of the ambulance service's service area:

(a) Shall have a memorandum of understanding regarding the provision of such services with the ambulance service in that service area if that ambulance service is already providing community paramedic services; or

(b) Shall not be required to have a memorandum of understanding with the ambulance service in that service area if that ambulance service is not already providing community paramedic services, provided that the ambulance service seeking to provide such services shall provide notification to the other ambulance service of the community paramedic services to be provided.

(3) (a) An ambulance service that provides community paramedic services and that has executed formal contracts or agreements with health care institutions, hospitals, health clinics, or insurance companies for the provision of community paramedic services shall be permitted to honor such agreements within the county boundaries of the ambulance service's primary location, irrespective of the ambulance service area boundaries described under section 190.105.

(b) For sustained services that are provided outside of the county of the ambulance service's primary 911 response territory where another licensed ambulance service also offers community paramedic services, the community paramedic program shall coordinate with the local ambulance service.

(c) To minimize potential confusion and maintain operational discretion, any agency providing community paramedic services outside its primary district boundaries may use an unmarked vehicle when operating in another ambulance service area.

(4) Any emergency medical response agency that seeks to provide community paramedic services within its designated response service area may do so if the ground ambulance service area within which the emergency medical response agency operates does not already provide such

services. If the ground ambulance service does provide community paramedic services, the ground ambulance service may enter into a memorandum of understanding with the emergency medical response agency in order to coordinate programs and avoid service duplication. If the emergency medical response agency provides community paramedic services in the ground ambulance service's service area prior to the provision of such services by the ground ambulance service, the emergency medical response agency and the ground ambulance service shall enter into a memorandum of understanding for the coordination of services.

(5) Any community paramedic program shall notify the appropriate local ambulance service when providing services within the service area of an ambulance service.

(6) The department shall promulgate rules and regulations for the purpose of identifying the community paramedic services entities that have met the standards necessary to provide community paramedic services including, but not limited to, physician medical oversight, training, patient record retention, formal relationships with primary care services as needed, and quality improvement policies. Community paramedic services entities shall be certified by the department. Any such certification shall allow the entity to provide community paramedic services for a period of five years.

[4.] **5.** A community paramedic is subject to the provisions of sections 190.001 to 190.245 and rules promulgated under sections 190.001 to 190.245.

[5.] **6.** No person shall hold himself or herself out as a community paramedic or provide the services of a community paramedic unless such person is certified by the department.

[6.] **7.** The medical director shall approve the implementation of the community paramedic program.

[7.] **8.** Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void."; and

Further amend said bill, Pages 17-20, Section 190.101, Lines 1-79, by deleting all of said section and lines and inserting in lieu thereof the following:

"190.109. 1. The department shall, within a reasonable time after receipt of an application, cause such investigation as the department deems necessary to be made of the applicant for a ground ambulance license.

2. Any person that owned and operated a licensed ambulance on December 31, 1997, shall receive an ambulance service license from the department, unless suspended, revoked or terminated, for that ambulance service area which was, on December 31, 1997, described and filed with the department as the primary service area for its licensed ambulances on August 28, 1998, provided that the person makes application and adheres to the rules and regulations promulgated by the department pursuant to sections 190.001 to 190.245.

3. The department shall issue a new ground ambulance service license to an ambulance service that is not currently licensed by the department, or is currently licensed by the department and is seeking to expand its ambulance service area, except as provided in subsection 4 of this section, to be valid for a period of five years, unless suspended, revoked or terminated, when the director finds that the applicant meets the requirements of ambulance service licensure established pursuant to sections 190.100 to 190.245 and the rules adopted by the department pursuant to sections 190.001 to 190.245. In order to be considered for a new ambulance service license, an ambulance service shall submit to the department a letter of endorsement from each ambulance district or fire protection district that is authorized to provide ambulance service, or from each municipality not within an ambulance district or fire protection district that is authorized to provide ambulance service, in which the ambulance service proposes to operate. If an ambulance service proposes to operate in unincorporated portions of a county not within an ambulance district or fire protection district that is authorized to provide ambulance service, in order to

be considered for a new ambulance service license, the ambulance service shall submit to the department a letter of endorsement from the county. Any letter of endorsement required pursuant to this section shall verify that the political subdivision has conducted a public hearing regarding the endorsement and that the governing body of the political subdivision has adopted a resolution approving the endorsement. The letter of endorsement shall affirmatively state that the proposed ambulance service:

(1) Will provide a benefit to public health that outweighs the associated costs;

(2) Will maintain or enhance the public's access to ambulance services;

(3) Will maintain or improve the public health and promote the continued development of the regional emergency medical service system;

(4) Has demonstrated the appropriate expertise in the operation of ambulance services; and

(5) Has demonstrated the financial resources necessary for the operation of the proposed ambulance service.

4. A contract between a political subdivision and a licensed ambulance service for the provision of ambulance services for that political subdivision shall expand, without further action by the department, the ambulance service area of the licensed ambulance service to include the jurisdictional boundaries of the political subdivision. The termination of the aforementioned contract shall result in a reduction of the licensed ambulance service's ambulance service area by removing the geographic area of the political subdivision from its ambulance service area, except that licensed ambulance service providers may provide ambulance services as are needed at and around the state fair grounds for protection of attendees at the state fair.

5. The department shall renew a ground ambulance service license if the applicant meets the requirements established pursuant to sections 190.001 to 190.245, and the rules adopted by the department pursuant to sections 190.001 to 190.245.

6. The department shall promulgate rules relating to the requirements for a ground ambulance service license including, but not limited to:

- (10) Quality improvement committees; [and]
- (11) Response time, patient care and transportation standards;
- (12) Participation with regional EMS advisory committees; and**
- (13) Ambulance service administrator qualifications.**

7. Application for a ground ambulance service license shall be made upon such forms as prescribed by the department in rules adopted pursuant to sections 190.001 to 190.245. The application form shall contain such information as the department deems necessary to make a determination as to whether the ground ambulance service meets all the requirements of sections 190.001 to 190.245 and rules promulgated pursuant to sections 190.001 to 190.245.

190.112. 1. Each ambulance service licensed under this chapter shall identify to the department the individual serving as the ambulance service administrator who is responsible for the operations and staffing of the ambulance service. The ambulance service administrator shall be required to have achieved basic training of at least forty hours regarding the operations of an ambulance service and two hours of annual continuing education. The training required under this section shall be offered by a statewide association organized for the benefit of ambulance districts or be approved by the state advisory council on emergency medical services and shall include the following:

- (2) State and federal laws applicable to ambulance services;**
- (3) Regulatory requirements applicable to ambulance services;**

- (5) Grant writing, contracts, and fundraising;**

(6) State sunshine laws in chapter 610, as well as applicable ethics requirements; and

(7) Volunteer and community involvement.

2. Ambulance service administrators serving in this capacity as of August 28, 2025, shall have until January 1, 2026, to demonstrate compliance with the provisions of this section.

190.166. 1. In addition to the provisions of section 190.165, the department of health and senior services may refuse to issue, deny renewal of, or suspend a license required under section 190.109, or take other corrective actions as described in this section, based on the following considerations:

(1) The license holder is determined to be financially insolvent;

(2) The ambulance service has inadequate personnel to operate the ambulance service to provide basic emergency operations. The ambulance service shall not be deemed to have such inadequate personnel as long as the ambulance service is staffed to meet the needs of its emergency call volume. Each ambulance service shall have the ability to staff a minimum of one ambulance unit twenty-four hours each day, seven days each week, with at least two licensed emergency medical technicians. Any ambulance service operating only one ambulance unit shall have a reasonable plan and schedule for the services of a second ambulance unit;

(3) The ambulance service requires an inordinate amount of mutual aid from neighboring services, such as more than ten percent of the total runs in the service area in any given month or more than would be considered prudent, and thus cannot provide an appropriate level of emergency response for the service area as would be considered prudent by the typical ground ambulance services operator;

(4) The principal manager, board members, or other executives are determined to be criminally liable for actions related to the license or service provided;

(5) The license holder or principal manager, board members, or other executives are determined by the Centers for Medicare and Medicaid Services to be ineligible for participation in Medicare;

(6) The license holder or principal manager, board members, or other executives are determined by the MO HealthNet division to be ineligible for participation in MO HealthNet;

(7) The ambulance service administrator has failed to meet the required qualifications or failed to complete the training required under section 190.112; or

(8) If the ambulance service is an ambulance district, three or more board members have failed to complete required training under section 190.053.

2. If the department makes a determination of insolvency or insufficiency of operations of a license holder under subsection 1 of this section, the department may require the license holder to submit a corrective plan within fifteen days and require implementation of the corrective plan within thirty days.

3. The department shall be required to provide notice of any determination by the department of insolvency or insufficiency of operations of a license holder to other license holders operating in the license holder's vicinity, members of the general assembly who represent the license holder's service area, the governing officials of any county or municipal entity in the license holder's service area, the appropriate regional emergency medical services advisory committee, and the state advisory council on emergency medical services.

4. The department shall immediately engage with other license holders in the area to determine the extent to which ground ambulance service may be provided to the affected service area during the time in which the license holder is unable to provide adequate services, including any long-term service arrangements. The nature of the agreement between the license holder and other license holders providing services to the affected area may include an agreement to provide services, a joint powers agreement, formal consideration, or some payment for services rendered.

5. Any license holder who provides assistance in the service area of another license holder whose license has been suspended under this section shall have the right to seek reasonable compensation from the license holder whose license to operate has been suspended for all calls, stand-by time, and responses to medical emergencies during such time as the license remains suspended. The reasonable compensation shall not be limited to those expenses incurred in actual responses but may also include reasonable expenses to maintain ambulance service including, but not limited to, the daily operation costs of maintaining the service, personnel wages and benefits, equipment purchases and maintenance, and other costs incurred in the operation of a ground ambulance service. The license holder providing assistance shall be entitled to an award of costs and reasonable attorney's fees in any action to enforce the provisions of this subsection."; and

The office shall give a decision in writing to the inmate, if any, and to the department. The office shall state its recommendations and reasoning if, in the office's opinion, the department or any employee or contractor thereof should:

(1) Consider the matter further;

(2) Modify or cancel any action;

(3) Alter a rule, practice, or ruling;

(4) Explain in detail the administrative action in question; or

(5) Rectify an omission.

10. If the office so requests, the department shall, within thirty days, inform the office in writing about any action taken on the recommendations or the reasons for not complying with the recommendations.

11. If the office finds, based on the investigation, that there has been or continues to be a significant inmate health, safety, welfare, or rehabilitation issue, the office shall report such finding to the governor, the attorney general, the president pro tempore of the senate, speaker of the house of representatives, and the director of the department of corrections.

12. In the event that the department conducts an internal disciplinary investigation and review of one or more of its staff members as a result of an office investigation, the department's disciplinary review may be subject to additional review and investigation by the office to ensure a fair and objective process.

13. The department and its employees and contractors shall not discharge, retaliate against, or in any manner discriminate against any person because such person has filed any complaint or instituted or caused to be instituted any investigation under section 217.970.

(1) Any alleged discharge of, retaliation against, or discrimination against a complainant may be considered by the office as an appropriate subject of an investigation.

(2) Any department employee or contractor who believes that he or she has been discharged or otherwise retaliated against by any person in violation of this chapter may, within thirty days after such violation occurs, file a complaint with the attorney general.

(3) If the complainant has suffered abuse or any other violation of this chapter after he or she filed a complaint, there shall be a rebuttable presumption of retaliation."; and

HOUSE AMENDMENT NO. 9

Amend House Committee Substitute for Senate Bill No. 189, Page 45, Section 300.100, Line 30, by inserting after said section and line the following:

"301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the

application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause

shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and

obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, **except that such inspection may be completed by an employee of a licensed new or used motor vehicle dealer for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture.** The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station **or, in the case of a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture, the licensed new or used motor vehicle dealer** shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol."; and

Further amend said bill, Page 54, Section 304.822, Line 138, by inserting after said section and line the following:

"307.380. 1. Every vehicle of the type required to be inspected upon having been involved in an accident and when so directed by a police officer must be inspected and an official certificate of inspection and approval, sticker, seal or other device be obtained for such vehicle before it is again operated on the highways of this state.

2. At the seller's expense every used motor vehicle of the type required to be inspected by section 307.350 shall immediately prior to sale be fully inspected regardless of any current certificate of inspection and approval, and an appropriate new certificate of inspection and approval, sticker, seal or other device shall be obtained **no more than sixty days prior to the date of sale, except that such inspection shall not be required for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture when:**

(1) Sold by a private seller; or

(2) Sold by a licensed new or used motor vehicle dealer, provided that such dealer has sold at least two hundred motor vehicles in the previous calendar year.

The seller of a motor vehicle required to be inspected under this subsection shall present the certificate of inspection and approval to the buyer at the point of sale and the buyer shall be required to submit the certificate of inspection when applying for registration of the vehicle.

[2.] 3. Nothing contained in the provisions of this section shall be construed to prohibit a dealer or any other person from selling a vehicle without a certificate of inspection and approval if the vehicle is sold for junk, salvage, or for rebuilding, or for vehicles sold at public auction or from dealer to dealer. The purchaser of any vehicle which is purchased for junk, salvage, or for rebuilding shall give to the seller an affidavit, on a form prescribed by the superintendent of the Missouri state highway patrol, stating that the vehicle is being purchased for one of the reasons stated herein. No vehicle of the type required to be inspected by section 307.350 which is purchased as junk, salvage, or for rebuilding shall again be registered in this state until the owner has submitted the vehicle for inspection and obtained an official certificate of inspection and approval, sticker, seal or other device for such vehicle.

[3.] 4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction."; and

HOUSE AMENDMENT NO. 11

Amend House Committee Substitute for Senate Bill No. 189, Page 46, Section 301.551, Line 19, by inserting after said section and line the following:

"302.304. 1. The director shall notify by ordinary mail any operator of the point value charged against the operator's record when the record shows four or more points have been accumulated in a twelve-month period.

2. In an action to suspend or revoke a license or driving privilege under this section points shall be accumulated on the date of conviction. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue.

3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months.

4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows:

(1) In the case of an initial suspension, thirty days after the effective date of the suspension;

(2) In the case of a second suspension, sixty days after the effective date of the suspension;

(3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.

Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date.

5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning, certified ignition interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of

revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this

state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of:

(1) An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, **in which the person's blood alcohol content was found to be at least eight-hundredths of one percent but less than fifteen-hundredths of one percent by weight of alcohol in such person's blood** and who has a prior alcohol-related enforcement contact as defined under section 302.525[,]; or

(2) An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, **in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood**

shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

302.440. In addition to any other provisions of law, a court may require that any person who is found guilty of a first intoxication-related traffic offense, as defined in section 577.001, and a court shall require that any person who is found guilty of a second or subsequent intoxication-related traffic offense, as defined in section 577.001, **or any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall not operate any

motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device **that the person must use** for a period of not less than six months from the date of reinstatement of the person's driver's license. In addition, any court authorized to grant a limited driving privilege under section 302.309 to any person who is found guilty of a second or subsequent intoxication-related traffic offense **or to any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall require the use of an ignition interlock device on all vehicles operated by the person as a required condition of the limited driving privilege, except as provided in section 302.441. These requirements shall be in addition to any other provisions of this chapter or chapter 577 requiring installation and maintenance of an ignition interlock device. Any person required to use an ignition interlock device shall comply with such requirement subject to the penalties provided by section 577.599.

302.520. 1. Whenever the chemical test results are available to the law enforcement officer while the arrested person is still in custody, and where the results show an alcohol concentration of eight-hundredths of one percent or more by weight of alcohol in such person's blood or where such person is less than twenty-one years of age and the results show that there is two-hundredths of one percent or more of alcohol in the person's blood, the officer, acting on behalf of the department, shall serve the notice of suspension or revocation personally on the arrested person.

2. When the law enforcement officer serves the notice of suspension or revocation, [the officer shall take possession of any driver's license issued by this state which is held by the person. When the officer takes possession of a valid driver's license issued by this state,] the officer, acting on behalf of the department, shall issue a temporary permit which is valid for fifteen days after its date of issuance and shall also give the person arrested a notice which shall inform the person of all rights and responsibilities pursuant to sections 302.500 to 302.540. The notice shall be in such form so that the arrested person may sign the original as evidence of receipt thereof. The notice shall also contain a detachable form permitting the arrested person to request a hearing. Signing the hearing request form and mailing such request to the department shall constitute a formal application for a hearing.

3. A copy of the completed notice of suspension or revocation form, a copy of any completed temporary permit form, a copy of the notice of rights and responsibilities given to the arrested person, including any request for hearing, and any driver's license taken into possession pursuant to this section shall be forwarded to the department by the officer along with the report required in section 302.510.

4. The department shall provide forms for notice of suspension or revocation, for notice of rights and responsibilities, for request for a hearing and for temporary permits to law enforcement agencies.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed

to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate [whether] **that** a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts **or to any person whose**

driving record shows a conviction of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood until the person has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts **or a conviction for an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be suspended or revoked, until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

302.530. 1. Any person who has received a notice of suspension or revocation may make a request within fifteen days of receipt of the notice for a review of the department's determination at a hearing. [If the person's driver's license has not been previously surrendered, it may be surrendered at the time the request for a hearing is made.]

2. At the time the request for a hearing is made, if it appears from the record that the person is the holder of a valid driver's license issued by this state, [and that the driver's license has been surrendered,] the department shall issue a temporary permit which shall be valid until the scheduled date for the hearing. The department may later issue an additional temporary permit or permits in order to stay the effective date of the suspension or revocation until the final order is issued following the hearing, as required by section 302.520.

3. The hearing may be held by telephone, or if requested by the person, such person's attorney or representative, at a regional location as designated by the director. The hearing shall be conducted by examiners who are licensed to practice law in the state of Missouri and who are employed by the department on a part-time or full-time basis as the department may determine.

4. The sole issue at the hearing shall be whether by a preponderance of the evidence the person was driving a vehicle pursuant to the circumstances set out in section 302.505. The burden of proof shall be on the state to adduce such evidence. If the department finds the affirmative of this issue, the suspension or revocation order shall be sustained. If the department finds the negative of the issue, the suspension or revocation order shall be rescinded.

5. The procedure at such hearing shall be conducted in accordance with chapter 536, with sections 302.500 to 302.540. A report certified under subsection 2 of section 302.510 shall be admissible in a like manner as a verified report as evidence of the facts stated therein and any provision of chapter 536 to the contrary shall not apply.

6. The department shall promptly notify the person of its decision including the reasons for that decision. Such notification shall include a notice advising the person that the department's decision shall be final within fifteen days from the date such notice was mailed unless the person challenges the department's decision within that time period by filing an appeal in the circuit court in the county where the arrest occurred.

7. Unless the person, within fifteen days after being notified of the department's decision, files an appeal for judicial review pursuant to section 302.535, the decision of the department shall be final.

8. The director may adopt any rules and regulations necessary to carry out the provisions of this section.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. Pursuant to local court rule promulgated pursuant to Section 15 of Article V of the Missouri Constitution, the case may also be assigned to a traffic judge pursuant to section 479.500. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations,

based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but shall not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of behavioral health of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of behavioral health of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of behavioral health under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of behavioral health of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of behavioral health of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, **or who has been convicted of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person shall maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor."; and

Further amend said bill, Page 106, Section 556.039, Line 7, by inserting after said section and line the following:

"557.520. 1. For purposes of this section, the following terms shall mean:

(1) "Failed start", any attempt to start a vehicle with a breath alcohol concentration exceeding twenty-five thousandths of one percent by weight of alcohol in a person's breath, unless a

subsequent retest performed within ten minutes registers a breath alcohol concentration not exceeding twenty-five thousandths of one percent by weight of alcohol in such person's breath;

(2) "Running retest", failure to take a breath test performed by a driver upon a certified ignition interlock device at random intervals after an initial engine startup breath test and while the vehicle's motor is running or failure to take a breath retest with a breath alcohol concentration not exceeding twenty-five thousandths of one percent by weight of alcohol in such driver's breath;

(3) "Vehicle", any mechanical device on wheels, designed primarily for use, or used, on highways.

2. In any criminal case involving an intoxication-related traffic offense, the defendant may request to divert the criminal case to a driving while intoxicated (DWI) diversion program described in this section by submitting a request to the prosecuting or circuit attorney and sending a copy of such request to the department of revenue within fifteen days of his or her arrest. The prosecuting or circuit attorney may divert the criminal case to this DWI diversion program by filing a motion with the court to stay the criminal proceeding, if the defendant meets the following criteria for eligibility for entry into the DWI diversion program:

(1) The defendant has not previously pled guilty to or been convicted of an intoxication-related traffic offense in violation of section 577.010, 577.012, 577.013, 577.014, 577.015, or 577.016;

(2) The defendant is not currently enrolled in, and has not in the previous five years completed, a diversion program pursuant to this section;

(3) The defendant does not hold a commercial driver's license;

(4) The offense did not occur while operating a commercial vehicle;

(5) The offense did not result in the injury or death of another person; and

(6) The defendant did not refuse to submit to any test allowed pursuant to section 577.020.

3. Upon a motion filed by the prosecuting or circuit attorney, the court may continue a diverted case involving an intoxication-related traffic offense if the prosecuting or circuit attorney deems appropriate based on the specific situation of the defendant. The case shall be diverted for a period not to exceed twenty-four months and order the defendant to comply with terms, conditions, or requirements.

4. The DWI diversion plan shall be for a specified period and be in writing. The prosecuting or circuit attorney has the sole authority to develop diversionary program requirements, but shall require installation of an ignition interlock device for a period of not less than one year, require the

defendant to participate in a victim impact panel sponsored by a nonprofit organization, and require other terms deemed necessary by the court.

5. If the court continues the criminal case to divert the defendant to this DWI diversion program, a copy of such order shall be sent to the department of revenue and, upon receipt, the department shall rescind its order of suspension or revocation, if issued, and shall continue any proceeding to suspend or revoke a license pursuant to chapter 302 for a period not to exceed twenty-four months. After the defendant successfully completes the requirements of the DWI diversion program, the department shall dismiss any proceeding against the defendant.

6. The court shall notify the defendant that he or she is required to install a functioning, certified ignition interlock device on each vehicle that the defendant operates and the defendant is prohibited from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device pursuant to this section. These requirements shall be in addition to any other provisions of this chapter or chapter 302 requiring installation and maintenance of an ignition interlock device. Any person required to use an ignition interlock device shall comply with such requirement subject to the penalties provided by section 577.599.

7. The department of revenue shall inform the defendant of the requirements of this section, including the term for which the defendant is required to have a certified ignition interlock device installed and shall notify the defendant that installation of a functioning, certified ignition interlock device on a vehicle does not allow the defendant to drive without a valid driver's license. The department shall record the mandatory use of the device for the term required and the time when the device is required to be installed pursuant to the court order. A defendant who is notified by the department shall do all of the following:

(1) Arrange for each vehicle operated by the defendant to be equipped with a functioning, certified ignition interlock device by a certified ignition interlock device provider as determined by the department of transportation; and

(2) Arrange for each vehicle with a functioning, certified ignition interlock device to be serviced by the installer at least once every thirty days for the installer to recalibrate and monitor the operation of the device.

8. The certified ignition interlock device provider shall notify the department:

(1) If the device is removed or indicates that the defendant has attempted to remove, bypass by a running retest, or tamper with the device;

(2) If the defendant fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device; or

(3) If the device registers a failed start.

If a defendant has any failed start that occurs within the last ninety days of the required period of installation of the ignition interlock device, the term may be extended for a period of up to ninety days.

9. After the completion of the DWI diversion program and if the defendant has complied with all the imposed terms and conditions, the court shall dismiss the criminal case against the defendant, record the dismissal, and transmit the record to the central repository upon dismissal. Any court automation system, including any pilot project, that provides public access to electronic record on the internet shall redact any personal identifying information of the defendant, including name, address, and year of birth. Such information shall be provided in a confidential filing sheet contemporaneously filed with the court or entered by the court, which shall not be subject to public inspection or availability.

10. In the event of noncompliance by the defendant with the terms and conditions of the DWI diversion program, the prosecuting or circuit attorney may file a motion to terminate the defendant from the diversion program and may recommend the prosecution of the underlying case. Upon the filing of such motion, after notice to the defendant, the court shall hold a hearing to determine by preponderance of the evidence whether the defendant has failed to comply with the terms and conditions of the diversion program. If the court finds that the defendant has not complied with the terms and conditions of the diversion program, the court may end the diversion program and set the case on the next available criminal docket.

11. Any defendant who is found guilty of any intoxication-related traffic offense and who has previously utilized the DWI diversion program pursuant to this section shall be considered a prior offender as defined in section 577.001, provided that the prior offense occurred within five years of the intoxication-related offense for which the person is charged, as provided in subsection 20 of section 577.001.

12. For the limited purpose of determining whether a defendant is a chronic, habitual, persistent, or prior offender under section 577.001, a criminal case diverted to a DWI diversion program and successfully completed by a defendant shall be counted as one intoxication-related traffic offense.

13. A certified ignition interlock device provider shall adopt a discounted fee schedule that provides for the payment of the costs of the certified ignition interlock device by offenders with an income at or below one hundred and fifty percent of the federal poverty level. A person with an income at or below one hundred and fifty percent of the federal poverty level who provides income verification shall be responsible for ten percent of the cost of the ignition interlock device. Any additional costs accrued by the person for noncompliance with program requirements are not

subject to discounted rates and are the sole responsibility of the person. 3. (1) If the child or children are physically or mentally incapacitated from supporting themselves and insolvent and unmarried, the court may extend the maintenance obligation past the child's or children's eighteenth birthday.

(2) (a) If the child or children reach eighteen years of age and are enrolled in and attending a secondary school program of instruction, maintenance shall continue, if the child or children continue to attend and progress toward completion of such program, until the child or children complete such program or reach twenty-one years of age, whichever first occurs.

(b) If the child or children are enrolled in an institution of vocational or higher education no later than October first following graduation from a secondary school or completion of a graduation equivalence degree program and so long as the child or children enroll for and complete at least twelve hours of credit each semester, not including the summer semester, at an institution of vocational or higher education and achieve grades sufficient to reenroll at such institution, maintenance shall continue until the child or children complete their education or until the child or children reach twenty-one years of age, whichever first occurs. To remain eligible for such continued maintenance, at the beginning of each semester the child or children shall submit to the court a transcript or similar official document provided by the institution of vocational or higher education that includes the courses the child or children are enrolled in and have completed for each term, the grades and credits received for each such course, and an official document from the institution listing the courses that the child or children are enrolled in for the upcoming term and the number of credits for each such course. A child or children who are employed at least fifteen hours per week during the semester may take as few as nine credit hours per semester and remain eligible for maintenance so long as all other requirements of this subdivision are complied with.

4. The court shall order the person convicted of the offense of driving while intoxicated as provided under subsection 2 of this section to pay maintenance in an amount that is reasonable or necessary for the maintenance of the child or children after considering all relevant factors, including:

(5) The child's or children's physical and legal custody arrangements; and

(6) The reasonable work-related child care expenses of the surviving parent or guardian.

5. In addition to the relevant factors listed under subsection 4 of this section, the court shall consider the guidelines set out under subsection 8 of section 452.340 and Missouri Supreme Court Civil Procedure Rule Form 14 in determining the amount reasonable or necessary for the maintenance of the child or children.

6. (1) The court shall order that child maintenance payments be made to the circuit clerk as trustee for remittance to the surviving parent or guardian entitled to receive the payments. The circuit clerk shall remit such payments to the surviving parent or guardian within three working days of receipt by the circuit clerk. Circuit clerks shall deposit all receipts no later than the next working day after receipt.

(2) As an alternative to subdivision (1) of this subsection, the court may, upon its own motion, order that maintenance payments be made to the family support payment center established under section 454.530 as trustee for remittance to the surviving parent or guardian. However, the court shall not order payments to be made to the payment center if the family support division notifies the court that such payments shall not be made to the center. In such cases, payments shall be made to the clerk as trustee until the division notifies the court that payments shall be directed to the payment center.

8. If a person ordered to pay child maintenance under this section is incarcerated and unable to pay the required maintenance, the person shall have up to one year after the release from incarceration to begin payment, including any arrearage. If any obligation under this section is to terminate as provided under subsection 2 of this section but the person's obligation is not paid in full, payments shall continue until the entire arrearage is paid.

9. (1) If the surviving parent or guardian of the child or children brings a civil action against the person convicted of driving while intoxicated prior to any child maintenance order under this section and the surviving parent or guardian obtains a judgment in his or her favor in the civil suit, no maintenance shall be ordered under this section.

(2) If the court orders child maintenance under this section but the surviving parent or guardian brings a civil action and obtains a judgment in his or her favor, the child maintenance order shall offset the judgment awarded in the civil action.

10. The provisions of any order respecting maintenance under this section may be modified only upon a showing of changed circumstances so substantial and continuing as to make the terms unreasonable."; and

"191.227. 1. All physicians, chiropractors, hospitals, dentists, and other duly licensed practitioners in this state, herein called "providers", shall, upon written request of a patient, or guardian or legally authorized representative of a patient, furnish a copy of his or her record of that patient's health history and treatment rendered to the person submitting a written request, except that such right shall be limited to access consistent with the patient's condition and sound therapeutic treatment as determined by the provider. Beginning August 28, 1994, such record shall be furnished within a reasonable time of the receipt of the request therefor and upon payment of a fee as provided in this section.

2. Health care providers may condition the furnishing of the patient's health care records to the patient, the patient's authorized representative or any other person or entity authorized by law to obtain or reproduce such records upon payment of a fee for:

(1) (a) Search and retrieval, in an amount not more than twenty-four dollars and eighty-five cents plus copying in the amount of fifty-seven cents per page for the cost of supplies and labor plus, if the health care provider has contracted for off-site records storage and management, any additional labor costs of outside storage retrieval, not to exceed twenty-three dollars and twenty-six cents, as adjusted annually pursuant to subsection 6 of this section; or

(b) The records shall be furnished electronically upon payment of the search, retrieval, and copying fees set under this section at the time of the request or one hundred eight dollars and eighty-eight cents total, whichever is less, if such person:

- a. Requests health records to be delivered electronically in a format of the health care provider's choice;
- b. The health care provider stores such records completely in an electronic health record; and
- c. The health care provider is capable of providing the requested records and affidavit, if requested, in an electronic format;

(2) Postage, to include packaging and delivery cost;

(3) Notary fee, not to exceed two dollars, if requested.

Such fee shall be the fee in effect on February 1, 2018, increased or decreased annually under this section.

3. For purposes of subsections 1 and 2 of this section, "a copy of his or her record of that patient's health history and treatment rendered" or "the patient's health care records" includes a statement or record that no such health history or treatment record responsive to the request exists.

4. Notwithstanding provisions of this section to the contrary, providers may charge for the reasonable cost of all duplications of health care record material or information which cannot routinely be copied or duplicated on a standard commercial photocopy machine.

5. The transfer of the patient's record done in good faith shall not render the provider liable to the patient or any other person for any consequences which resulted or may result from disclosure of the patient's record as required by this section.

6. Effective February first of each year, the fees listed in subsection 2 of this section shall be increased or decreased annually based on the annual percentage change in the unadjusted, U.S. city average, annual average inflation rate of the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U). The current reference base of the index, as published by the Bureau of Labor Statistics of the United States Department of Labor, shall be used as the reference base. For purposes of this subsection, the annual average inflation rate shall be based on a twelve-month calendar year beginning in January and ending in December of each preceding calendar year. The department of health and senior services shall report the annual adjustment and the adjusted fees authorized in this section on the department's internet website by February first of each year.

7. A health care provider may disclose a deceased patient's health care records or payment records to the executor or administrator of the deceased person's estate, or pursuant to a valid, unrevoked power of attorney for health care that specifically directs that the deceased person's health care records be released to the agent after death. If an executor, administrator, or agent has not been appointed, the deceased prior to death did not specifically object to disclosure of his or her records in writing, and such disclosure is not inconsistent with any prior expressed preference of the deceased that is known to the health care provider, a deceased patient's health care records may be released upon written request of a person who is deemed as the personal representative of the deceased person under this subsection. Priority shall be given to the deceased patient's spouse and the records shall be released on the affidavit of the surviving spouse that he or she is the surviving spouse. If there is no surviving spouse, the health care records may be released to one of the following persons:

(1) The acting trustee of a trust created by the deceased patient either alone or with the deceased patient's spouse;

(4) An adult brother or sister of the deceased patient on the affidavit of the adult brother or sister that he or she is the adult brother or sister of the deceased;

(5) A guardian or conservator of the deceased patient at the time of the patient's death on the affidavit of the guardian or conservator that he or she is the guardian or conservator of the deceased; or

(6) A guardian ad litem of the deceased's minor child based on the affidavit of the guardian that he or she is the guardian ad litem of the minor child of the deceased.

8. (1) Records containing a patient's health history and treatment created by an emergency care provider, as defined in section 191.630, or a telecommunicator first responder, as defined in section 650.320, in the course of the provider's or responder's official duties while responding to a formal request for assistance shall be made available, upon written request, to any person authorized to obtain the patient's health care records under the provisions of this section, or in response to a subpoena or court order.

(2) The furnishing of health care records under this subsection may be conditioned upon the payment of a fee in an amount equal to the fee allowed for the furnishing of any other health care record under this section.

(3) Personal health information, including patient health history and treatment, shall not be considered a public record, as described under chapter 610. Nothing in this section shall limit the release of information or public records with personal health information that is redacted regarding the general nature of the event.

(4) Nothing in this subsection shall limit the release of information to facilitate the normal delivery of patient care or to evaluate the quality of care as part of an established quality improvement program."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 21

Amend House Committee Substitute for Senate Bill No. 189, Page 15, Section 168.071, Line 116, by inserting after said section and line the following:

2. As used in this section, "driver education instruction and training" means instruction and training provided under the Missouri integrated safe driving program that offers instruction in the use and operation of motor vehicles including, but not limited to, instruction in the safe operation of motor vehicles and rules of the road and the laws of this state relating to motor vehicles.

3. (1) The state department of elementary and secondary education shall receive and vet sample lessons from recognized statewide professional organizations and districts that meet the requirements of the Missouri integrated safe driving program.

6. (1) The driver education instruction and training under this section shall not require any pupil to physically operate a motor vehicle as part of such instruction and training.

(2) This section shall not be construed to prohibit any public school district or charter school from offering an elective driver education course that is different from the driver education instruction and training required under this section.

7. The state board of education may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 22

Amend House Committee Substitute for Senate Bill No. 189, Page 62, Section 321.295, Line 21, by inserting after said section and line the following:

"324.009. 1. For purposes of this section, the following terms mean:

(1) "License", a license, certificate, registration, permit, accreditation, or military occupational speciality that enables a person to legally practice an occupation or profession in a particular jurisdiction;

(2) "Military", the Armed Forces of the United States including the Air Force, Army, Coast Guard, Marine Corps, Navy, Space Force, National Guard and any other military branch that is designated by Congress as part of the Armed Forces of the United States, and all reserve components and auxiliaries. Such term also includes the military reserves and militia of any United States territory or state;

(3) "Missouri law enforcement officer", any person employed by or otherwise serving in a position for the state or a local governmental entity as a police officer, peace officer certified under chapter 590, auxiliary police officer, sheriff, sheriff's deputy, member of the patrol as that term is defined in section 43.010, or in some like position involving the enforcement of the law and protection of the public interest at the risk of that person's life and who is a permanent resident of the state of Missouri or who is domiciled in the state of Missouri;

(4) "Nonresident military or law enforcement spouse"[,]:

(a) A nonresident spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri, or who has been transferred or is scheduled to be transferred to an adjacent state and is or will be domiciled in the state of Missouri, or has moved to the state of Missouri on a permanent change-of-station basis; or

(b) A nonresident spouse of a person residing outside the state who has accepted an offer of employment from the state or a local governmental entity in the state and who will become a Missouri law enforcement officer upon the commencement of such employment;

[(4)] (5) "Oversight body", any board, department, agency, or office of a jurisdiction that issues licenses;

[(5)] (6) "Resident military **or law enforcement** spouse", a spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri or an adjacent state and who is a permanent resident of the state of Missouri, who is domiciled in the state of Missouri, or who has Missouri as his or her home of record **or a spouse of a Missouri law enforcement officer.**

2. Any person who holds a valid current license issued by another state, a branch or unit of the military, a territory of the United States, or the District of Columbia, and who has been licensed for at least one year in such other jurisdiction, may submit an application for a license in Missouri in the same occupation or profession, and at the same practice level, for which he or she holds the current license, along with proof of current licensure and proof of licensure for at least one year in the other jurisdiction, to the relevant oversight body in this state.

3. The oversight body in this state shall:

(1) Within six months of receiving an application described in subsection 2 of this section, waive any examination, educational, or experience requirements for licensure in this state for the applicant if it determines that there were minimum education requirements and, if applicable, work experience and clinical supervision requirements in effect and the other state verifies that the person met those requirements in order to be licensed or certified in that state. An oversight body that administers an examination on laws of this state as part of its licensing application requirement may require an applicant to take and pass an examination specific to the laws of this state; or

(2) Within thirty days of receiving an application described in subsection 2 of this section from a nonresident military **or law enforcement** spouse or a resident military **or law enforcement** spouse, waive any examination, educational, or experience requirements for licensure in this state for the applicant and issue such applicant a license under this section if such applicant otherwise meets the requirements of this section.

4. (1) The oversight body shall not waive any examination, educational, or experience requirements for any applicant who has had his or her license revoked by an oversight body outside the state; who is currently under investigation, who has a complaint pending, or who is currently under disciplinary action, except as provided in subdivision (2) of this subsection, with an oversight body outside the state; who

does not hold a license in good standing with an oversight body outside the state; who has a criminal record that would disqualify him or her for licensure in Missouri; or who does not hold a valid current license in the other jurisdiction on the date the oversight body receives his or her application under this section.

(2) If another jurisdiction has taken disciplinary action against an applicant, the oversight body shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the oversight body may deny a license until the matter is resolved.

5. Nothing in this section shall prohibit the oversight body from denying a license to an applicant under this section for any reason described in any section associated with the occupation or profession for which the applicant seeks a license.

6. Any person who is licensed under the provisions of this section shall be subject to the applicable oversight body's jurisdiction and all rules and regulations pertaining to the practice of the licensed occupation or profession in this state.

7. This section shall not be construed to waive any requirement for an applicant to pay any fees, post any bonds or surety bonds, or submit proof of insurance associated with the license the applicant seeks.

8. This section shall not apply to business, professional, or occupational licenses issued or required by political subdivisions.

9. The provisions of this section shall not impede an oversight body's authority to require an applicant to submit fingerprints as part of the application process.

10. [The provisions of this section shall not apply to an oversight body that has entered into a licensing compact with another state for the regulation of practice under the oversight body's jurisdiction.] The provisions of this section shall not be construed to alter the authority granted by, or any requirements promulgated pursuant to, any interjurisdictional or interstate compacts adopted by Missouri statute or any reciprocity agreements with other states in effect [on August 28, 2018], and whenever possible this section shall be interpreted so as to imply no conflict between it and any compact, or any reciprocity agreements with other states in effect [on August 28, 2018].

11. Notwithstanding any other provision of law, a license issued under this section shall be valid only in this state and shall not make a licensee eligible to be part of an interstate compact. An applicant who is licensed in another state pursuant to an interstate compact shall not be eligible for licensure by an oversight body under the provisions of this section.

12. The provisions of this section shall not apply to any occupation set forth in subsection 6 of section 290.257, or any electrical contractor licensed under sections 324.900 to 324.945"; and

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SEVENTH DAY - MONDAY, MAY 12, 2025

The Senate met pursuant to adjournment.

President Wasinger in the Chair.

The Reverend Stephen George offered the following prayer:

"Where there is no revelation, people cast off restraint; but blessed is the one who heeds wisdom's instruction." (Proverbs 29:18 NIV)

Heavenly Father, as we begin our last week of work, we pause to ask for Your wisdom and leading. Grant that we may finish strong, while at the same time remaining humble as we fulfill our duties to our constituents and our state. We ask this in Your Holy Name, Amen.

SENATE AMENDMENT NO. 1

“2. This section shall be known as “The Right to Reproductive Freedom Initiative”.

3. The government shall not deny or infringe upon a person's fundamental right to reproductive freedom, which is the right to make and carry out decisions about all matters relating to

reproductive health care, including but not limited to prenatal care, childbirth, postpartum care, birth control, abortion care, miscarriage care, and respectful birthing conditions.

4. The right to reproductive freedom shall not be denied, interfered with, delayed, or otherwise restricted unless the government demonstrates that such action is justified by a compelling governmental interest achieved by the least restrictive means. Any denial, interference, delay, or restriction of the right to reproductive freedom shall be presumed invalid. For purposes of this section, a governmental interest is compelling only if it is for the limited purpose and has the limited effect of improving or maintaining the health of a person seeking care, is consistent with widely accepted clinical standards of practice and evidence-based medicine, and does not infringe on that person's autonomous decision-making.

5. Notwithstanding subsection 4 of this section, the general assembly may enact laws that regulate the provision of abortion after fetal viability provided that under no circumstance shall the government deny, interfere with, delay, or otherwise restrict an abortion that in the good faith judgment of a treating health care professional is needed to protect the life or physical or mental health of the pregnant person.

6. No person shall be penalized, prosecuted, or otherwise subjected to adverse action based on their actual, potential, perceived, or alleged pregnancy outcomes, including but not limited to miscarriage, stillbirth, or abortion. Nor shall any person assisting a person in exercising their right to reproductive freedom with that person's consent be penalized, prosecuted, or otherwise subjected to adverse action for doing so.

7. The government shall not discriminate against persons providing or obtaining reproductive health care or assisting another person in doing so.

8. If any provision of this section or the application thereof to anyone or to any circumstance is held invalid, the remainder of those provisions and the application of such provisions to others or other circumstances shall not be affected thereby.

9. For purposes of this section, the following terms mean:

(1) "Fetal viability", the point in pregnancy when, in the good faith judgment of a treating health care professional and based on the particular facts of the case, there is a significant likelihood of the fetus's sustained survival outside the uterus without the application of extraordinary medical measures;

(2) "Government",

(a) the state of Missouri; or

(b) any municipality, city, town, village, township, district, authority, public subdivision or public corporation having the power to tax or regulate, or any portion of two or more such entities within the state of Missouri."; and

Further amend said resolution, page 7, Section B, lines 8-17, by striking all of said lines and inserting in lieu thereof the following:

- “● Establish a right to reproductive health care, including abortion and contraceptives;
- Allow regulation of reproductive health care for the health of patients;
- Prohibit government discrimination against persons providing or obtaining reproductive health care; and
- Allow abortion restrictions after fetal viability except to protect the health of the woman?”“.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Substitute No. 2 for Senate Bill No. 167, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"211.033. 1. No person under the age of eighteen years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. [A traffic court judge may request the juvenile court to order the commitment of a person under the age of eighteen to a juvenile detention facility.]

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

211.071. 1. If a petition **or motion to modify** alleges that a child between the ages of fourteen and eighteen has committed an offense [which] **that** would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child, or the child's custodian, order a hearing and may, in its discretion, dismiss the petition **or motion to modify** and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that, if a petition alleges that a child between the ages of twelve and eighteen has committed an offense [which] **that** would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 as it existed prior to January 1, 2017, [or] robbery in the first degree under section 570.023, distribution of drugs under section 195.211 as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055, **if committed by an adult, or a dangerous felony as defined in section 556.061, or any felony involving the use, assistance, or aid of a deadly weapon, or has committed two or more prior unrelated offenses [which] that** would be felonies if committed by an adult, the court shall order a hearing, and may, in its discretion, dismiss the petition **or motion to modify** and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between eighteen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition **or motion to modify** will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his or her home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

- (1) Findings showing that the court had jurisdiction of the cause and of the parties;
- (2) Findings showing that the child was represented by counsel;
- (3) Findings showing that the hearing was held in the presence of the child and his or her counsel; and
- (4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition **or motion to modify** and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition **or motion to modify** to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.072. 1. A juvenile under eighteen years of age who has been certified to stand trial as an adult for offenses pursuant to section 211.071, if currently placed in a secure juvenile detention facility, shall remain in a secure juvenile detention facility pending finalization of the judgment and completion of appeal, if any, of the judgment dismissing the juvenile petition to allow for prosecution under the general law unless otherwise ordered by the juvenile court. Upon the judgment dismissing the petition to allow prosecution under the general laws becoming final and adult charges being filed, if the juvenile is currently in a secure juvenile detention facility, the juvenile shall remain in such facility unless the juvenile posts bond or the juvenile is transferred to an adult jail. If the juvenile officer does not believe juvenile detention would be the appropriate placement or would continue to serve as the appropriate placement, the juvenile officer may file a motion in the adult criminal case requesting that the juvenile be transferred from a secure juvenile detention facility to an adult jail. The court shall hear evidence relating to the appropriateness of the juvenile remaining in a secure juvenile detention facility or being transferred to an adult jail. At such hearing, the following shall have the right to be present and have the opportunity to present evidence and recommendations at such hearing: the juvenile; the juvenile's parents; the juvenile's counsel; the prosecuting attorney; the juvenile officer or his or her designee for the circuit in which the juvenile was certified; the juvenile officer or his or her designee for the circuit in which the pretrial-certified juvenile is proposed to be held, if different from the circuit in which the juvenile was certified; counsel for the juvenile officer; and representatives of the county proposed to have custody of the pretrial-certified juvenile.

2. Following the hearing, the court shall order that the juvenile continue to be held in a secure juvenile detention facility subject to all Missouri juvenile detention standards, or the court shall order that the

pretrial-certified juvenile be held in an adult jail but only after the court has made findings that it would be in the best interest of justice to move the pretrial-certified juvenile to an adult jail. The court shall weigh the following factors when deciding whether to detain a certified juvenile in an adult facility:

- (1) The certified juvenile's age;
- (2) The certified juvenile's physical and mental maturity;
- (3) The certified juvenile's present mental state, including whether he or she presents an imminent risk of self-harm;
- (4) The nature and circumstances of the charges;
- (5) The certified juvenile's history of delinquency;
- (6) The relative ability of the available adult and juvenile facilities to both meet the needs of the certified juvenile and to protect the public and other youth in their custody;
- (7) The opinion of the juvenile officer in the circuit of the proposed placement as to the ability of that juvenile detention facility to provide for appropriate care, custody, and control of the pretrial-certified juvenile; and
- (8) Any other relevant factor.

3. In the event the court finds that it is in the best interest of justice to require the certified juvenile to be held in an adult jail, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice. **If a pretrial-certified juvenile under eighteen years of age is ordered released on the juvenile's adult criminal case from an adult jail following a transfer order under subsection 2 of this section and the juvenile is detained on violation of the conditions of release or bond, the juvenile shall return to the custody of the adult jail pending further court order.**

4. A certified juvenile cannot be held in an adult jail for more than one hundred eighty days unless the court finds, for good cause, that an extension is necessary or the juvenile, through counsel, waives the one hundred eighty day maximum period. If no extension is granted under this subsection, the certified juvenile shall be transferred from the adult jail to a secure juvenile detention facility. **If an extension is granted under this subsection, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice.**

5. Effective December 31, 2021, all previously pretrial-certified juveniles under eighteen years of age who had been certified prior to August 28, 2021, shall be transferred from adult jail to a secure juvenile detention facility, unless a hearing is held and the court finds, based upon the factors in subsection 2 of this section, that it would be in the best interest of justice to keep the juvenile in the adult jail.

6. All pretrial-certified juveniles under eighteen years of age who are held in adult jails pursuant to the best interest of justice exception shall continue to be subject to the protections of the Prison Rape Elimination Act (PREA) and shall be physically separated from adult inmates.

7. If the certified juvenile remains in juvenile detention, the juvenile officer may file a motion to reconsider placement. The court shall consider the factors set out in subsection 2 of this section and the

individuals set forth in subsection 1 of this section shall have a right to be present and present evidence. The court may amend its earlier order in light of the evidence and arguments presented at the hearing if the court finds that it would not be in the best interest of justice for the juvenile to remain in a secure juvenile detention facility.

8. Issues related to the setting of, and posting of, bond along with any bond forfeiture proceedings shall be held in the pretrial-certified juvenile's adult criminal case.

9. Upon attaining eighteen years of age or upon **a plea of guilty or** conviction on the adult charges, the juvenile shall be transferred from juvenile detention to the appropriate adult facility.

10. Any responsibility for transportation of and contracted service for the certified juvenile who remains in a secure juvenile detention facility shall be handled **by county jail staff** in the same manner as in all other adult criminal cases where the defendant is in custody.

11. **The county jail staff shall designate a liaison assigned to each pretrial-certified juvenile while housed in a juvenile detention facility, who shall assist in communication with the juvenile detention facility on the needs of the juvenile including, but not limited to, visitation, legal case status, medical and mental health needs, and phone contact.**

12. The per diem provisions as set forth in section 211.156 shall apply to certified juveniles who are being held in a secure juvenile detention facility."; and

Further amend said bill, Page 2, Section 211.436, Line 28, by inserting after all of said section and line the following:

"219.021. 1. Except as provided in subsections 2 and 3 of this section, any child may be committed to the custody of the division when the juvenile court determines a suitable community-based treatment service does not exist, or has proven ineffective; and when the child is adjudicated pursuant to the provisions of subdivision (3) of subsection 1 of section 211.031 or when the child is adjudicated pursuant to subdivision (2) of subsection 1 of section 211.031 and is currently under court supervision for adjudication under subdivision (2) or (3) of subsection 1 of section 211.031. The division shall not keep any youth beyond his [eighteenth birth date] **or her nineteenth birthday**, except upon petition and a showing of just cause in which case the division may maintain custody until the youth's twenty-first birth date. Notwithstanding any other provision of law to the contrary, the committing court shall review the treatment plan to be provided by the division. The division shall notify the court of original jurisdiction from which the child was committed at least three weeks prior to the child's release to aftercare supervision. The notification shall include a summary of the treatment plan and progress of the child that has resulted in the planned release. The court may formally object to the director of the division in writing, stating its reasons in opposition to the release. The director shall review the court's objection in consideration of its final approval for release. The court's written objection shall be made within a one-week period after it receives notification of the division's planned release; otherwise the division may assume court agreement with the release. The division director's written response to the court shall occur within five working days of service of the court's objection and preferably prior to the release of the child. The division shall not place a child directly into a precare setting immediately upon commitment from the court until it advises the court of such placement.

2. No child who has been diagnosed as having a mental disease or a communicable or contagious disease shall be committed to the division; except the division may, by regulation, when services for the proper care and treatment of persons having such diseases are available at any of the facilities under its control, authorize the commitment of children having such diseases to it for treatment in such institution. Notice of any such regulation shall be promptly mailed to the judges and juvenile officers of all courts having jurisdiction of cases involving children.

3. When a child has been committed to the division, the division shall forthwith examine the individual and investigate all pertinent circumstances of his background for the purpose of facilitating the placement and treatment of the child in the most appropriate program or residential facility to assure the public safety and the rehabilitation of the child; except that, no child committed under the provisions of subdivision (2) of subsection 1 of section 211.031 may be placed in the residential facilities designated by the division as a maximum security facility, unless the juvenile is subsequently adjudicated under subdivision (3) of subsection 1 of section 211.031.

4. The division may transfer any child under its jurisdiction to any other institution for children if, after careful study of the child's needs, it is the judgment of the division that the transfer should be effected. If the division determines that the child requires treatment by another state agency, it may transfer the physical custody of the child to that agency, and that agency shall accept the child if the services are available by that agency.

5. The division shall make periodic reexaminations of all children committed to its custody for the purpose of determining whether existing dispositions should be modified or continued. Reexamination shall include a study of all current circumstances of such child's personal and family situation and an evaluation of the progress made by such child since the previous study. Reexamination shall be conducted as frequently as the division deems necessary, but in any event, with respect to each such child, at intervals not to exceed six months. Reports of the results of such examinations shall be sent to the child's committing court and to his parents or guardian.

6. Failure of the division to examine a child committed to it or to reexamine him within six months of a previous examination shall not of itself entitle the child to be discharged from the custody of the division but shall entitle the child, his parent, guardian, or agency to which the child may be placed by the division to petition for review as provided in section 219.051.

7. The division is hereby authorized to establish, build, repair, maintain, and operate, from funds appropriated or approved by the legislature for these purposes, facilities and programs necessary to implement the provisions of this chapter. Such facilities or programs may include, but not be limited to, the establishment and operation of training schools, maximum security facilities, moderate care facilities, group homes, day treatment programs, family foster homes, aftercare, counseling services, educational services, and such other services as may be required to meet the needs of children committed to it. The division may terminate any facility or program no longer needed to meet the needs of children.

8. The division may institute day release programs for children committed to it. The division may arrange with local schools, public or private agencies, or persons approved by the division for the release of children committed to the division on a daily basis to the custody of such schools, agencies, or persons for participation in programs.

9. The division shall make all reasonable efforts to ensure that any outstanding judgment entered in accordance with section 211.185 or any outstanding assessments ordered in accordance with section 211.181 be paid while a child is in the care, custody or control of the division.

221.044. No person under the age of eighteen years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. [A traffic court judge may request the juvenile court to order the commitment of a person under the age of eighteen to a juvenile detention facility.] **If a person is eighteen years of age or older or attains the age of eighteen while in detention, upon a motion filed by the juvenile officer, the court may order that the person be detained in a jail or other adult detention facility as that term is defined in section 211.151 until the disposition of that person's juvenile court case.**

571.070. 1. A person commits the offense of unlawful possession of a firearm if such person knowingly has any firearm in his or her possession and:

(1) Such person has been convicted of a felony under the laws of this state, or of a crime under the laws of any state or of the United States which, if committed within this state, would be a felony; [or]

(2) Such person is a fugitive from justice, is habitually in an intoxicated or drugged condition, or is currently adjudged mentally incompetent; **or**

(3) Such person is under eighteen years of age and has previously been adjudicated delinquent for what would be a felony if committed by an adult.

2. Unlawful possession of a firearm is a class C felony, unless a person has been convicted of a dangerous felony as defined in section 556.061, or the person has a prior conviction for unlawful possession of a firearm in which case it is a class B felony.

3. The provisions of subdivision (1) of subsection 1 of this section shall not apply to the possession of an antique firearm."; and

The Senate met pursuant to adjournment.

President Wasinger in the Chair.

"He has shown you, O mortal, what is good. And what does the Lord require of you? To act justly and to love mercy and to walk humbly with your God." (Micah 6:8 NIV)

Almighty God, the Prophet Micah tells us that You value justice, mercy and humility. We ask that You would fill our hearts with compassion so that our decisions will reflect Your mercy and justice. Instill in us a spirit of humility, that we may recognize our own limitations and seek Your guidance in all that we do. Bless our gatherings this week, that our work may be conducted with integrity and grace. We ask this in Your Holy Name, Amen.

PROTEST OF SS#2 FOR SCS FOR HB 199

Pursuant to Missouri Senate Rule 93, I submit my protest of SCS FOR SS#2 FOR HB 199.

When introduced, the purpose of House bill 199 related to contracts with public entities. Current law requires public entities, when contracting for certain public works, to require the contractor to furnish a bond. This bill clarifies that the requirement only applies to property exempt from attachment and execution.

A substitute bill, which supported the underlying bill, was adopted and Perfected.

Prior to its passage, amendments were adopted to change the purpose from the original (relating to contracts with public entities) to relating to political subdivisions. This change in purpose allowed for the addition of residency requirements for certain boards, motor vehicle assessment valuations, local taxing jurisdictions, transient guest taxes, the publishing of county financial statements, the governing of political subdivisions, deteriorated and/or abandoned property, entertainment districts, the authorization of a sales tax for the operation of hospital services, law enforcement sales tax, neighborhood improvement districts, certain convention and sports facility authorities, community improvement districts, the compensation of circuit clerks, jails, emergency services, taxation, the Kansas City area transportation authority, coroners, school board qualifications, third class cities, special road districts, and planning boards.

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The changes made to HB 199 appear to clearly demonstrate the bill violates the state constitution. Therein lies the reason for my vote against the bill.

PROTEST OF CCR ON HCS FOR SS FOR SB 150

Pursuant to Missouri Senate Rule 93, I submit my protest of CCR ON HCS FOR SS FOR SB 150.

When introduced, the purpose of Senate Bill 150 related to the career-tech certificate program. Specifically, the act establishes the career-tech certificate program and the career-tech certificate program fund to reimburse the costs of eligible student tuition, book, and fees to certain approved institutions, such as two-year community colleges and technical schools, that offer training programs or eligible programs of study.

A Senate Substitute, which supported the underlying bill, was adopted and Perfected.

Prior to its passage, amendments were adopted to change the purpose from the original (relating to the career-tech certificate program) to relating to workforce development initiatives. This change in purpose allowed for the addition of adult high schools, STEM career awareness and grants, authority to confer degrees, proprietary schools, access Missouri financial assistance, the mission of Missouri Southern State University, the Missouri State loan repayment program, child care facility licensure, license waivers for spouses of Missouri law enforcement officers, the licensing of funeral directors and embalmers, and educational requirements for social workers.

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." The changes made to SB 150 appear to clearly demonstrate the bill violates the state constitution. Therein lies the reason for my vote against the bill.

2. The state of Missouri, acting through the department and the office of administration, may, upon such terms and with reasonable consideration as it may determine, subject to appropriation, expend funds for the purpose of aiding and cooperating in the planning, undertaking, financing, or carrying out of an athletic and entertainment facility project for which application is made to the department and approved by the director and the commissioner.

3. As used in this section, the following terms shall mean:

(1) "Athletic and entertainment facility", structures, fixtures, systems, and facilities of sports and entertainment venues with seating capacity of more than thirty thousand, including associated parking facilities, and that the director and commissioner determine is a contributing factor in the attraction or retention of sports, recreational, or entertainment activities, whether professional, commercial, or private, and a primary factor in the retention of a professional sports franchise in the state. An athletic and entertainment facility may include a professional sports franchise's headquarters facility and training facility, regardless of whether they are co-located in or adjacent to the stadium, but still located within the state. Such structures, fixtures, systems, and facilities may include, but are not limited to, foundations, roofs, interior and exterior walls or windows, floors, steps, stairs, concourses, hallways, restrooms, event or meeting spaces or other hospitality-related areas, concession or food preparation areas, or services systems such as mechanical, gas utility, electrical, lighting, communication, sound, sanitary, HVAC, elevator, escalator, plumbing, sprinkler, cabling and wiring, life-safety security cameras, access deterrents, public safety improvements, or other building systems;

(2) "Baseline year", the calendar year prior to submission of an application to the department under this section;

(3) "Baseline year state tax revenues", the state tax revenues derived directly from the operations of the athletic and entertainment facility of the professional sports franchise, including vendors and tenants located in the athletic and entertainment facility, during the baseline year;

(7) "Director", the director of the department of economic development;

(8) "Lease", a lease agreement between the professional sports franchise and the owner of the athletic and entertainment facility, without regard to options to renew the lease. For the purposes of subdivision (5) of subsection 5 of this section, in the event one component of the athletic and entertainment facility has a different end of the term of the lease date than another component, the lease term that ends the latest in time shall be applicable;

(9) "Professional sports franchise", any professional sports team that is a member of Major League Baseball or the National Football League;

(10) "Project", the development, construction, reconstruction, rehabilitation, repair, or improvement of any athletic and entertainment facility for which an application is made and approved by the director and the commissioner. A project must have total project costs of at least five hundred million dollars to be eligible for funding under this section. Residential, commercial, retail, or mixed-use development adjacent to an athletic and entertainment facility shall not be included as part of the project;

(11) "State tax liability", any liability incurred by a taxpayer under chapter 143, 147, or 148, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265 and related provisions;

(a) The general revenue portion of state sales tax revenues received under section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats, and outboard motors, and future sales taxes earmarked by law;

(b) The state income tax withheld on behalf of employees by an employer under section 143.221; and

(c) The nonresident professional athletes and entertainers state income tax revenues as set forth in section 143.183;

(13) "Tax credit", a credit against the taxpayer's state tax liability, or which may be transferred or sold as provided for in subsection 7 of section 100.286.

4. Applicants shall submit an application to the department containing all information required by the department, including information to ascertain the applicant's baseline year state tax revenues. The director and the commissioner shall review the application for eligibility and may, in their discretion, enter into an agreement as described in subsection 2 of this section, provided the agreement meets all other requirements of this section. Notwithstanding section 32.057 to the contrary, the department of revenue shall, pursuant to an agreement as authorized by section 610.032, disclose to the director and the commissioner, or their duly authorized employees, information from reports or returns so that the baseline state tax revenues can be verified.

5. Any annual expenditure by the state in connection with an athletic and entertainment facility project shall be subject to annual appropriation and shall be no greater than an amount equal to the baseline year state tax revenues for the applicable professional sports franchise's athletic and entertainment facility, as stated in an agreement entered into between the department, the office of administration, and the applicant; provided, however, that:

(1) The term of state appropriations under any such agreement shall not exceed thirty years;

(4) The director and the commissioner are satisfied that there is sufficient public investment made or to be made by units of local government to support infrastructure or other needs generated by the project; and

(5) For any athletic and entertainment facility project for which funds are expended under this section, if the owners of the applicable professional sports franchise relocate any of the professional sports franchise, athletic and entertainment facility, headquarters, or training facility, and if any such facility is located in the state at the time the application is submitted or is constructed in the state as part of the project, to another state during the term of the agreement entered into under subsections 2 through 5 of this section, it shall be considered a default event, and such owners of the professional sports franchise shall repay to the state general revenue fund:

(a) The amount of funds expended by the state pursuant to such agreement through the date of default event;

(b) The total debt service remaining for any outstanding bonded indebtedness for the project that was to be paid from state revenues under the agreement after the date of the default event through the maturity date of any such bonds or an amount sufficient to pay-off any such bonds; and

(c) The amount of the tax credits issued under subsection 6 of this section. If, however, the default event occurs within five years of the ending of the term of the lease, then the owners of the professional sports franchise shall be responsible for the total debt service remaining for any outstanding bonded indebtedness for the project that was to be paid from state revenues under the agreement or an amount sufficient to pay-off any such bonds, and for no other funds expended by the state under the agreement nor for tax credits issued under subsection 6 of this section.

6. (1) For the purposes of funding an athletic and entertainment facility project as described in this section, the board may, in addition to the authority under subsection 6 of section 100.286, authorize any taxpayer, including any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed pursuant to chapter 143, to receive a tax credit in the amount of fifty percent of any amount contributed in money or property by the taxpayer to the infrastructure development

fund during the taxpayer's tax year, provided, however, the tax credits awarded under this subsection for an athletic and entertainment facility project shall not exceed ten percent of the amount of private investment in the athletic and entertainment facility project or fifty million dollars, whichever is less, and the total of such tax credits may be issued over a maximum of three calendar years, at the discretion of the board. Such credit shall not apply to reserve participation fees paid by borrowers under sections 100.250 to 100.297.

(2) The portion of earned tax credits which exceeds the taxpayer's tax liability may be carried forward for up to five years following the issuance year.

(3) The annual limits in section 100.286 shall not apply to tax credits issued under this subsection. Tax credits issued under this subsection shall not count towards the annual limits in section 100.286.

(4) The tax credits issued under this subsection may be transferred or sold as described in subsection 7 of section 100.286.

(5) If an athletic and entertainment facility project receives tax credits under this subsection, such athletic and entertainment facility project shall not be permitted to receive tax credits under section 100.286.

7. In addition to any other authority granted under section 100.250, the board is authorized to issue its bonds payable from the annual expenditure by the state described in this section to assist in the financing of an athletic and entertainment facility project."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“452.335. 1. In a proceeding for nonretroactive invalidity, dissolution of marriage or legal separation, or a proceeding for maintenance following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, the court may grant a maintenance order to either spouse, but only if it finds that the spouse seeking maintenance:

(1) Lacks sufficient property, including marital property apportioned to him, to provide for his reasonable needs; and

(2) Is unable to support himself through appropriate employment or is the custodian of a child whose condition or circumstances make it appropriate that the custodian not be required to seek employment outside the home.

2. The maintenance order shall be in such amounts and for such periods of time as the court deems just, and after considering all relevant factors including:

(1) The financial resources of the party seeking maintenance, including marital property apportioned to him, and his ability to meet his needs independently, including the extent to which a provision for support of a child living with the party includes a sum for that party as custodian;

(5) The obligations and assets, including the marital property apportioned to him and the separate property of each party;

(6) The duration of the marriage;

(7) The age, and the physical and emotional condition of the spouse seeking maintenance;

(8) The ability of the spouse from whom maintenance is sought to meet his needs while meeting those of the spouse seeking maintenance;

(9) The conduct of the parties during the marriage; and

(10) Any other relevant factors;

provided, that the court shall have the authority to set an end date for any maintenance order granted, whether as part of the original order or as a modification. In no case shall the duration of a maintenance order go beyond the payor's actual date of full retirement; provided, that such date is no earlier than the payor's sixty-second birthday.

3. The maintenance order shall state if it is modifiable or nonmodifiable. The court may order maintenance which includes a termination date. Unless the maintenance order which includes a termination date is nonmodifiable, the court may order the maintenance decreased, increased, terminated, extended, or otherwise modified based upon a substantial and continuing change of circumstances which occurred prior to the termination date of the original order.”; and

PROTEST OF HJR 73

While I understand the potential ramifications of the passage of Amendment 3 in the November 2024 General Election and the need to address the resulting radical language in the Missouri Constitution, Article I, section 36, I cannot support the creation of a sub-human group (e.g., persons who were conceived during a rape or incest and those with conditions which may make it difficult to live a normal life) as HJR 73 will do. This is an unacceptable option.

Although, the numbers of persons, alive today, who were conceived as a result of a horrible act is relatively small, I cannot find good reason to vote in favor of a resolution which will allow another horrible act - murder. Simply because a 'man' (the biological father) commits a crime should not condemn the resulting baby to death.

Certain conditions, such as Trisomy 13 (otherwise known as Patau Syndrome) and Trisomy 18 (also known as Edwards Syndrome) are typically considered not well-suited for life after birth. However, a number of examples of persons who were born with these conditions lived many years – some several decades. These conditions are some of the exceptions HJR 73 will give the 'green light' for terminating a life.

During debate on the resolution, it was stated that, "No person should have their life ended simply because of the way in which they were conceived." "A human life is a human life." "Life begins at conception." I wholeheartedly agree with these statements.

Science has proven, time and time again, that life, God-given life, begins at conception – no matter how that life was conceived or whether or not a doctor believes the baby will live a life free of physical ailments.

Since each developing human, from the moment of conception, has a unique DNA (not unlike other persons), each person should have equal protection under the law and due process should be required before a person's life is ended (other than natural death).

HJR 73 contains a pre-conceived notion that all life is not as valuable as some others. The most basic God-give right is life. Yet, in the resolution, that basic right is discounted.

The words, "Nothing is politically right that is morally wrong" are inscribed on a wall in the Senate chamber. If this is what we truly believe, how can we justify our belief (by attempting to be politically right by committing a moral wrong)? Are all persons conceived truly valuable? Or, are some lives disposable simply because of how they were conceived or during their development physical disorders appear which may indicate a troubled existence following birth? This dilemma creates a conundrum. We cannot be both politically right and morally wrong.

Republicans, and some Democrats, profess to be the 'protectors' of life. I claim to be one of them. Because of this, I cannot support an effort which does not recognize all life as precious and worth saving (and, protecting). Therein is my reason for voting, 'no' on HJR 73.

OBJECTIONS

Senator Moon submitted the following:

OBJECTION TO SS SCS HB 225

Senate Substitute for Senate Committee Substitute for House Bill 225 allows the chief law enforcement executive for any law enforcement agency to request assistance from a law enforcement agency in another jurisdiction, including from outside the State but within the United States.

It is important to note that not all states operate the same as do Missouri law enforcement officials. For example, unlike Missouri, some states allow non-United States citizens to work in law enforcement. This is unacceptable!

An undocumented immigrant is a foreign national who has entered the United States without government permission or has stayed beyond the authorized period of their visa. In other words, they are in the country without the legal right to be here. Three states, California, Colorado, and Illinois have passed laws permitting illegal aliens to become law enforcement officers. Louisiana and Maine allow any person with a work permit to become a police officer. North Dakota and Washington allow legal permanent residents to work in law enforcement. Other

states, such as, Vermont and West Virginia, do not require United States citizenship to become law enforcement officers. Nothing in SS SCS HB 225 prohibits individuals who are not U.S. citizens from acting as law enforcement officers (and, perhaps, aiding Missouri law enforcement, if summoned).

I don't know about you, but I doubt anyone in Missouri would be agreeable to having an undocumented immigrant, illegal alien, or a non-United States citizen having police-authority over us. While this legislation might be well-intended, however, for the safety, health, and welfare of all Missourians, and since no protections against the employ of persons who may not have the best interests of our residents at heart are contained in the bill, I encourage Governor Kehoe to veto SS SCS HB 225.

CONSTITUTIONAL OBJECTION – HCS SS SCS SB 68

The original purpose of SB 68 was relating to school safety (RsMO 160). As has become commonplace in the legislative process, especially during the last few weeks of the session, legislators have been convinced that in order for their bills to reach the Governor's desk, bills must be joined together, often with unrelated topics, in order to get as many bills as possible passed.

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose. A quick review of the changes made to SB 68 clearly show that an expanded purpose was required in order to add the majority of amendments.

Prior to being Truly Agreed and Finally Passed, the purpose of SB 68 was changed to relating to elementary and secondary education. This change made it possible for the following additions: Calculation of student attendance (RsMO 160.265), Grade-level equivalence (RsMO 160.518 and 160.522), Active military members (RsMO 160.701), Adult high schools (RsMO 160.2700, 160.2705, and 160.2710), Teacher representatives on the state board of education (RsMO 161.026), STEM career awareness (RsMO 161.264), Virtual assessments (RsMO 161.670), Electronic personal communications devices (RsMO 162.207), Kindergarten eligibility for children with a developmental delay (RsMO 162.700), Contracts for special educational services (RsMO 162.705), Small school grants (RsMO 163.044), State aid for school (RsMO 163.045), Minimum teacher's salary (RsMO 163.172), Juvenile court (RsMO 167.115), Children of school contractors (RsMO 167.117), Cardiopulmonary resuscitation (RsMO 167.624), Recovery high schools (RsMO 167.850), Teacher certification (RsMO 168.850), Teacher externships (RsMO 168.025), Substitute teaching in retirement (RsMO 168.036), Principal-administrator academy (RsMO 168.407, 168.409, and 168.500), Models of reading instruction (RsMO 170.014), Teacher recruitment and retention scholarships (RsMO 173.232), International Baccalaureate examinations (RsMO 173.1352), and School bus endorsements (302.177, 302.272, and 302.735).

These changes, expanding the scope of the original bill, directly contradict the aforementioned Article III, section 21. Perhaps, a pertinent question would be, "If the purpose of the bill had not been changed, would the calculation of student attendance be germane to the original purpose of school safety?"

In addition, our state's constitution states, in Article III, section 23: "No bill shall contain more than one subject which shall be clearly expressed in its title,..." The subject of SB 68, in the original bill, was school safety. While some amendments added were germane to the original purpose, the majority were not. For example, it would be a stretch to find a relationship between teachers' salary, school bus endorsements, International Baccalaureate examinations, and school safety.

As shown in the list of amendments above, the additions clearly render the bill in violation of our state constitution's single subject requirement. Following the logic of the court's December 19, 2023, decision regarding HB 1606 (2022) and the January 30, 2024, decision on SB 26 (2021), I encourage Governor Kehoe to veto HCS SS SCS SB 68.

CONSTITUTIONAL OBJECTION – HCS SS SCS SB 71

The original purpose of SB 71 was relating to college tuition for first responders (RsMO 173). As the bill advanced through the legislative process, the purpose was changed to public safety. This change was necessary for the additions of several unrelated-to-the-original-purpose amendments.

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose." A quick review of the changes made to SB 71 reveal that an expanded purpose was required in order to add the majority of amendments.

Prior to being Truly Agreed and Finally Passed, the purpose of SB 71 was changed to relating to public safety. This change made it possible for the following additions: Criminal background checks (RsMO 43.546, 168.014, 190.106, 208.222, 209.324, 210.482, 210.487, 304.551, 324.055, 324.129, 324.488, 324.1105, 326.257, 330.025, 331.025, 332.015, 334.015, 334.403, 334.501, 334.701, 334.739, 334.805, 334.022, 334.042, 336.025, 337.018, 337.308, 337.501, 337.605, 337.702, 338.502, 339.015, 339.510, 345.016, 374.711, 436.225, 443.702, 476.802, 484.125, 590.060, and 640.011) (I must say, this change alone is a far cry from the bill's original purpose relating to tuition for first responders); Missouri local government employees' retirement system (RsMO 70.630); LAGERS: cost of living CPI (RsMO 70.655); LAGERS: Repeal of obsolete statutory provision (RsMO 70.680); LAGERS: Membership (RsMO 70.690); LAGERS: Investment decisions (RsMO 70.745-70.747); LAGERS: Investment funds (RsMO 70.748); Police retirement system of St. Louis City (RsMO 86.200); Fireman's retirement system of St. Louis (RsMO 87.140, 87.145, and 87.260); All public pension plans: Investment Fiduciary (RsMO 105.688); Public safety recruitment and retention (RsMO 173.2655 and 173.2660); Patient medical records (RsMO 191.227); Line of duty compensation act (RsMO 287.243); Missouri emergency response commission (RsMO 292.606); Offense of burglary in the second degree (RsMO 569.170 and 569.175); and the Missouri task force on non-profit safety and security (RsMO 650.900 and 650.910).

These changes, expanding the scope of the original bill, directly contradict the MO Constitution, Article III, section 21. Perhaps, a pertinent question would be, "If the purpose of the bill had not been changed, would any of the LAGERS provisions be germane to the original purpose?"

In addition, our state's constitution states, in Article III, section 23: "No bill shall contain more than one subject which shall be clearly expressed in its title,..." The subject of SB 71, in the original bill, was college tuition for first responders. Without the change in purpose, it would difficult to claim criminal background checks, LAGERS: cost of living CPI, and Police retirement system of St. Louis be considered under the same subject heading.

As shown in the list of amendments above, the additions clearly render the bill in violation of our state constitution's single subject requirement. Following the logic of the court's December 19, 2023, decision regarding HB 1606 (2022) and the January 30, 2024, decision on SB 26 (2021), I encourage Governor Kehoe to veto HCS SS SCS SB 71.

CONSTITUTIONAL OBJECTION – SS#2 SB 79

The original purpose of SB 79 was relating to health care benefits provided by certain organizations (RsMO 376). Specifically, the introduced bill allows contracts for health care benefits, provided by a qualified membership organization, as such terms are defined in the act, to its member shall not be considered insurance under the laws of this state.

Due to misunderstandings about the coverage provided, additional 'covered' procedures were added to the bill. As such, these additions were beyond the scope of the bill's original intent.

Missouri's Constitution states, in Article III, section 21, "... no bill shall be so amended through its passage through either house as to change its original purpose. A quick review of the changes made to SB 79 clearly show that an expanded purpose was required in order to add the majority of amendments.

Prior to being Truly Agreed and Finally Passed, the purpose of SB 79 was changed to relating to health care. This change was required for the following additions: sexually transmitted infections (RsMO 191.648); Telehealth services (RsMO 191.1145); Forensic examinations of victims of sexual offenses (RsMO 192.2521); MO Healthnet coverage of hearing-related devices (RsMO 208.152); Prenatal test for certain diseases (RsMO 210.030); Examination of health maintenance organizations (RsMO 354.465); and, Insurance coverage for self-administered hormonal contraceptives (RsMO 376.1240).

These changes, expanding the scope of the original bill, directly contradict the MO Constitution, Article III, section 21 ("no bill shall be so amended ... to change its original purpose"). Perhaps, a pertinent question would be, "If the purpose of the bill had not been changed, would any of the insurance-related provisions be germane to the original purpose?"

In addition, our state's constitution states, in Article III, section 23: "No bill shall contain more than one subject which shall be clearly expressed in its title,..." The subject of SB 79, in the original bill, was health care benefits provided by certain. Without the change in purpose, it would difficult to claim that forensic examinations of victims of sexual offenses, MO Healthnet coverage of hearing-related devices, or insurance coverage for self-administered hormonal contraceptives be considered under the same subject heading.

As shown in the list of amendments above, the additions clearly render the bill in violation of our state constitution's single subject requirement. Following the logic of the court's December 19, 2023, decision regarding HB 1606 (2022) and the January 30, 2024, decision on SB 26 (2021), I encourage Governor Kehoe to veto SS#2 SB 79.

CONSTITUTIONAL OBJECTION – CCS HCS SS SCS SBs 81 and 174

The original purpose of SB 81 was relating to fireworks protections (RsMO 49.266, 5 253.195, 320.106, 320.111, 320.116, 320.121, 320.126, 320.127, 6 320.131, 320.141, 320.147, 320.151, 320.371, and 568.070). Prior to its passage, the bill's purpose was changed to public safety. Perhaps, it's reasonable to conclude that fireworks protections could (and, conceivably should) be a public safety concern.

The change in purpose (to public safety) made it possible to amend SB 81 with the following: criminal background checks (RsMO 43.546, 168.014, 190.106, 208.222, 209.324, 210.482, 210.487, 301.551, 324.055, 324.129, 324.246, 324.488, 324.1105, 326.257, 330.025, 331.025, 332.015, 334.015, 334.403, 334.501, 337.701, 334.739, 334.805, 334.022, 335.042, 336.025, 337.018, 337.308, 337.501, 337.605, 337.702, 337.052, 339.015, 339.510, 345.016, 374.711, 436.225, 443.702, 476.802, 484.125, 590.060, 640.011). Perhaps, criminal background checks may be prudent for individuals who desire to be a fireworks distributor. However, where is the logic in adding line of duty compensation act (RsMO 287.243) or Missouri emergency response commission (RsMO 292.606) unless each of these sections are related to fireworks? The reality is, they are not!

Also, the addition of license waiver for spouses of Missouri law enforcement officers (RsMO 324.009) is unrelated, as well, unless the spouses intend to work in the fireworks industry (this is clearly not the intent of the amendment). Also, civil actions for childhood sexual abuse (RsMO 537.046) is not germane to the original purpose of SB 81.

These changes, expanding the scope of the original bill, directly contradict the MO Constitution, Article III, section 21 ("no bill shall be so amended ... to change its original purpose"). If the purpose of SB 81 had not been changed, would each of the amendments be germane to the original purpose?

In addition, our state's constitution states, in Article III, section 23: "No bill shall contain more than one subject which shall be clearly expressed in its title,..." The subject of SB 81, as introduced, was fireworks protections. Unless the purpose was changed, civil actions for childhood sexual abuse, the Missouri emergency response commission, or the license waiver for spouses of Missouri law enforcement officers would not fit with the bill's original purpose.

As shown in the list of amendments above, the additions clearly render the bill in violation of our state constitution's single subject requirement. Following the logic of the court's December 19, 2023, decision regarding HB 1606 (2022) and the January 30, 2024, decision on SB 26 (2021), I encourage Governor Kehoe to veto CCS HCS SS SCS SBs 81 and 174.

CONSTITUTIONAL OBJECTION – CCS HCS SS SB 150

The original purpose of SB 150 was relating to the career-tech certificate program (RsMO 173). Prior to its passage, the bill's purpose was changed to workforce development initiatives. This change was required for the following additions: adult high schools (RsMO 160.2700, 160.2705, and 160.2710); STEM career awareness (RsMO 161.264); STEM grant (RsMO 173.685); Authority to confer degrees (RsMO 172.280 and 174.160); Proprietary schools (RsMO 173.612 and 173.616); Access Missouri financial assistance (RsMO 173.1102, 173.1103, and 173.1105); the mission of Missouri Southern State University (RsMO 174.231); Higher education core curricula (RsMO 174.231); the Missouri state loan repayment program (RsMO 190.600-191.615); Child care facility licensure (RsMO 210.221); License waivers for spouses of Missouri law enforcement officers (RsMO 324.009); Licensing of funeral directors and embalmers (RsMO 333.041 and 333.042); and, Educational requirements for social workers (RsMO 337.600, 337.604, 337.615, 337.627, 337.628, 337.664, and 337.645).

It seems obvious that the change in purpose was necessary to include the licensing of funeral directors and embalmers, license waivers for spouses of Missouri law enforcement officers, child care facility licensure, educational requirements for social workers, et cetera. The changes made to SB 150 appear to be a clear violation of MO Constitution, Article III, section 21 ("no bill shall be so amended ... to change its original purpose"). Without a change in purpose of SB 150 the additions to the bill would not be germane to the original (introduced) version.

In addition, our state's constitution states, in Article III, section 23: "No bill shall contain more than one subject which shall be clearly expressed in its title,..." The subject of SB 150, the original bill, was the career-tech certificate program. The amendments aforementioned would not have been germane to the bill without a change in purpose.

As shown in the list of amendments above, the additions clearly render the bill in violation of our state constitution's single subject requirement. Following the logic of the court's December 19, 2023, decision regarding HB 1606 (2022) and the January 30, 2024, decision on SB 26 (2021), I encourage Governor Kehoe to veto CCS HCS SS SB 150.

CONSTITUTIONAL OBJECTION – CCS HCS SS SB 160

The original purpose of SB 160 was relating to student associations at public institutions of higher learning (RsMO 173). Prior to its passage, the bill's purpose was changed to educational institutions. This change made possible the following additions: Protective hairstyles in educational institutions (RsMO 160.082). More often than not, the courts may not know the legislative intent of a bill. In order to inform the court, here's a brief summary of the intent of the original bill, SB 38 (Protective hairstyles, et cetera): "An educational institution is

defined as including any public or private pre-kindergarten program, public or private elementary or secondary school, charter school, or public or private school board, charter school governing board, or other school administrative body.”

It appears to be clear that SB 38 was not intended to include institutions of higher learning. Nonetheless, as the bill ‘morphed,’ it was hitched to SB 160, which was aimed solely at public institutions of higher learning.

In addition, the Authority to confer degrees (RsMO 172.280 and 174.160) was added to SB 160 – even though, it would be a stretch to make the case that this authority is related to student associations.

This change in purpose to SB 160, made to include the CROWN Act and the authority to confer degrees, appears to be a clear violation of MO Constitution, Article III, section 21 (“no bill shall be so amended ... to change its original purpose”). Without a change in purpose of SB 150, the additions to the bill would not be germane to the original (introduced) version.

In addition, our state’s constitution states, in Article III, section 23: “No bill shall contain more than one subject which shall be clearly expressed in its title,...” The subject of SB 160, the original bill, was student associations at public institutions of higher learning. The aforementioned amendments would not have been germane to the bill without the change in purpose.

As shown in the list of amendments above, the additions clearly render the bill in violation of our state constitution’s single subject requirement. Following the logic of the court’s December 19, 2023, decision regarding HB 1606 (2022) and the January 30, 2024, decision on SB 26 (2021), I encourage Governor Kehoe to veto CCS HCS SS SB 160.

ONE HUNDRED THIRD GENERAL ASSEMBLY
OF THE
STATE OF MISSOURI
FIRST EXTRA SESSION
OF THE
FIRST REGULAR SESSION

FIRST DAY - MONDAY, JUNE 2, 2025

The Senate was called to order in Extra Session by Lieutenant Governor David Wasinger.

The Reverend Stephen George offered the following prayer:

"Blessed are those who find wisdom, those who gain understanding, for she is more profitable than silver and yields better returns than gold." (Proverbs 3:13-14 NIV)

Almighty God, as we start our session today, we pause to recognize that You are the source of all wisdom. We ask that You would direct our thoughts and guide our discussions so that we would gain understanding. May our deliberations be seasoned with respect and grace, and may our decisions be honoring to You. We ask this in Your Holy Name, Amen.

The Pledge of Allegiance to the Flag was recited.

COMMUNICATIONS FROM THE GOVERNOR

The President laid before the Senate the following proclamation from the Governor, reading of which was waived:

PROCLAMATION

WHEREAS, the General Assembly is scheduled to adjourn pursuant to Article III, Section 20(a) of the Missouri Constitution on May 30, 2025; and

WHEREAS, several severe storm systems impacted the State of Missouri over the last several months, resulting in damages associated with tornadoes, straight line winds, large hail, fires, heavy rains, flooding, flash flooding, and riverine flooding, resulting in loss of life as well as significant damage to homes, businesses, and public infrastructure; and

WHEREAS, a State of Emergency was declared on March 14, 2025, pursuant to Executive Order 25-19; and

WHEREAS, Executive Order 25-19 was subsequently extended by Executive Order 25-22 and Executive Order 25-23; and

WHEREAS, requests for presidential disaster declarations have been filed by the Governor for three storms that have occurred since March 2025, with another request currently underway for the St. Louis region; and

WHEREAS, Missouri is in serious jeopardy of losing the Kansas City Chiefs and Kansas City Royals, two teams that are intricately woven into the fabric of the Show-Me State's sporting and entertainment heritage, to the state of Kansas; and

WHEREAS, the presence of professional sports teams, modern stadiums, and major sporting events significantly contribute to the cultural identity and pride of the State of Missouri; and

WHEREAS, the Kansas City Chiefs and Royals are Missouri's teams that drive billions of dollars in economic activity through tourism, job creation, and small businesses, including hotels, restaurants, and retail; and

WHEREAS, it is estimated that the Kansas City Chiefs contribute \$575 million annually in economic value and over 4,500 jobs in Jackson County alone, bringing \$30 million in annual tax revenue to the State of Missouri, and a new Royals ballpark is expected to support 8,400 jobs and \$1.2 billion in economic output; and

WHEREAS, major league stadiums and related infrastructure serve as vital hubs for community engagement, fostering social cohesion and providing venues for diverse entertainment and civic activities; and

WHEREAS, the retention of major sports teams and events in Missouri supports state and local tax revenue streams that fund essential public services, such as education, infrastructure, and public safety, and these revenue streams are only expected to increase with new investment; and

WHEREAS, the departure of our professional sports teams to Kansas could result in significant setbacks to Missouri's competitive standing as a sought-after destination for tourism, business investment, and job creation, which in turn could diminish our growing reputation as a great place to live, work, start a business, and raise a family; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions, to convene the General Assembly by proclamation, specifying each matter requiring action.

NOW, THEREFORE, on the extraordinary occasion that exists in the State of Missouri:

I, MIKE KEHOE, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the One Hundred Third General Assembly in the First Extraordinary Session of the First Regular Session; and

3. To appropriate money to the Department of Economic Development for the Missouri Housing Development Commission for general administration of affordable housing activities and for emergency aid in an amount not to exceed \$25,000,000 from the General Revenue Fund transferred to the Missouri Housing Trust Fund, to be expended only as provided in Article IV, section 28 of the Missouri Constitution for the fiscal period beginning July 1, 2025 and ending June 30, 2026; and

5. To appropriate money from funds other than the General Revenue Fund for purposes provided for in the Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill 19 in the 2025 regular legislative session, to be expended only as provided in Article IV, section 28 of the Missouri Constitution for the fiscal period beginning July 1, 2025, and ending June 30, 2026; and

FIRST REGULAR SESSION

FIRST EXTRA SESSION

FOURTH DAY - THURSDAY, JUNE 5, 2025

The Senate met pursuant to adjournment.

Senator Hudson in the Chair.

Senator Hudson offered the following prayer:

Father God,

This has been a long day, but You tell us in Your word that a day to You is like a thousand years and a thousand years as a day. Let us rejoice and be glad in this day. Thank You for the freedom and ability to meet together and debate the issues of our time. Lord it is my prayer that with every conversation we have, every word we speak, and every vote we cast we remember the service and sacrifice of those who have given so much of themselves in order that we might have this opportunity. May we run the race that is set before us in a way that honors both them and You. I ask these things in the mighty name of Jesus.

Amen!

The Pledge of Allegiance to the Flag was recited.

PROTEST OF SB 1

Pursuant to Missouri Senate Rule 93, I submit my protest of SB 1.

While the government has a responsibility to provide funding for capital improvements of various types, when entities are flush with money, the government should not be required to expend funds taken from Missourians in order to finance projects which could be paid for with existing monies held by the requesting entity. Specifically, the University of Missouri has an endowment fund with an estimated \$1,400,000,000 (the MU system overall endowment, spread across 6,000 endowments is valued at an estimated \$2,200,000,000). A request from MU for the planning, design, and construction of the Radioisotope Science Center on the Columbia Campus for \$50,000,000 was made in SB 1. This request could have easily been paid for from the Universities endowment fund.

Missourians are combating inflation to pay bills, purchase shelter, food, and clothing. With recent storms wreaking havoc across the state and pressing requests to care for Missouri Veterans, among other needs for funding, the \$50,000,000 appropriated to MU could have been directed toward other much needed projects.

I recognize the Universities successes in research and training students for important work in various fields. However, in light of the hardships Missourians are currently facing, the General Assembly must seriously consider appropriating funds when necessary as well as withholding funds when appropriate.

In light of the considerable fund balance of the University of Missouri's endowment, I was compelled to vote 'no' on SB 1.

SS No. 2 for SCS for SB 3, introduced by Senator Gregory (21), entitled:

SENATE SUBSTITUTE NO. 2 FOR
SENATE COMMITTEE SUBSTITUTE FOR
SENATE BILL NO. 3

An Act to repeal sections 67.3000 and 67.3005, RSMo, and to enact in lieu thereof five new sections relating to taxation, with a severability clause.

Was taken up.

On motion of Senator Gregory (21) **SS No. 2 for SCS for SB 3** was read the 3rd time and passed by the following vote:

YEAS—Senators

The President declared the bill passed.

On motion of Senator Gregory (21), title to the bill was agreed to.

Senator Gregory (21) moved that the vote by which the bill passed be reconsidered.

Senator Luetkemeyer moved that motion lay on the table, which motion prevailed.

Pursuant to Senate Rule 93, Senator Moon submitted the following:

June 5, 2025

Kristina Martin
Secretary of the Senate
201 W. Capitol Avenue
Jefferson City, MO 65101

PROTEST OF SS #2 SCS FOR SB 3

Pursuant to Missouri Senate Rule 93, I submit my protest of SS #2 FOR SCS FOR SB 3.

The Perfected bill included a provision allowing Missouri Counties to freeze property assessments or cap property assessments. However, the opportunity to enact this provision was not made available to all Counties.

This partiality mentioned above appears to violate Article III, section 42 of the state constitution: “No local or special law shall be passed unless a notice, setting forth the intention to apply therefor and the substance of the contemplated law, shall have been published in the locality where the matter or thing to be affected is situated at least thirty days prior to the introduction of the bill into the general assembly and in the manner provided by law. Proof of publication shall be filed with the general assembly before the act shall be passed and the notice shall be recited in the act.”

A Senate Substitute #2 for Senate Committee Substitute for Senate Bill 3 was distributed sometime between 11:00 pm on June 4, 2025 and 12:30 am on June 5, 2025. As a result, the likelihood of publishing a notice “in the locality where the matter ... is situated at least thirty days prior to the introduction of the bill ... is an impossible. And the fact that the “proof of publication” is “recited in the act” is missing (resulting in a potential constitutional violation) provides sufficient reason for my vote against SS #2 for SCS for SB 3.

SIGNING OF BILLS

The President Pro Tem announced that all other business would be suspended and **SS** for **SB 1** and **SS** for **SB 4**, having passed both branches of the General Assembly, would be read at length by the Secretary, and if no objections be made, the bills would be signed by the President Pro Tem to the end that they may become law. The bills were so read by the Secretary and signed by the President Pro Tem.

OBJECTIONS

Senator Moon submitted the following:

June 12, 2025

Kristina Martin
Secretary of the Senate
201 W. Capitol Avenue
Jefferson City, MO 65101

OBJECTION TO SS #2 FOR SCS FOR SB 3

Senate Bill (SB) 3 was, in its original form intended to modify and create provisions related to taxation. When introduced, the bill included tax credits for certain sporting events, the Show-me Sports Investment Act, and a Tax Credit for Homestead Damage.

The Truly Agreed and Finally Passed bill contained the provisions noted above and a Property Tax Credit. (It should be noted that a ‘severability clause’ was adopted prior to its passage. Perhaps, this addition was made in the hope that a court challenge would be filed. Most often, legislators claim ignorance when it comes to understanding constitutional limitations. During debate of SB 3, however, it was stated that the bill, as amended, was likely unconstitutional. Therefore, it is no surprise that the clause was added.)

The property tax provision allows Missouri Counties to freeze property assessments or cap property assessments. However, the opportunity to enact this provision was limited to 97 of 114 Counties. Missouri Constitution, Article I, section 2 requires that laws should be equally applied to all residents. **SS #2 FOR SCS FOR SB 3**, fails this test.

This partiality mentioned above (excluding 17 Missouri Counties' eligibility for tax relief) appears to violate Article III, section 42 of the state constitution: "No local or special law shall be passed unless a notice, setting forth the intention to apply therefor and the substance of the contemplated law, shall have been published in the locality where the matter or thing to be affected is situated at least thirty days prior to the introduction of the bill into the general assembly and in the manner provided by law. Proof of publication shall be filed with the general assembly before the act shall be passed and the notice shall be recited in the act."

Senate Substitute #2 for Senate Committee Substitute for Senate Bill 3 was distributed sometime between 11:00 pm on June 4, 2025 and 12:30 am on June 5, 2025. As a result, publishing a notice "in the locality where the matter ... is situated at least thirty days prior to the introduction of the bill ... was not possible. In addition, "proof of publication" "recited in the act," as required by the constitution, is missing.

Also, Missouri Constitution, Article III, section 38(a) states, "The general assembly shall have no power to grant public money or property, or lend or authorize the lending of public credit, to any private person, association or corporation, excepting aid in public calamity, and general laws providing for pensions for the blind, for old age assistance, for aid to dependent or crippled children or the blind, for direct relief, for adjusted compensation, bonus or rehabilitation for discharged members of the armed services of the United States who were bona fide residents of this state during their service, and for the rehabilitation of other persons. Money or property may also be received from the United States and be redistributed together with public money of this state for any public purpose designated by the United States."

Although some argue that as long as the giving of public funds to private entities allows for public benefit, there is no constitutional violation. However, courts have decided that if the expenditure of public funds "promote some private end" (benefits a private entity), the expense is not legal. In the case of SS #2 for SCS for SB 3, the use of public funds ultimately benefits a private business.

Lastly, Missouri Constitution, Article III, section 39 states, "The general assembly shall not have power: (1) To give or lend or to authorize the giving or lending of the credit of the state in aid or to any person, association, municipal or other corporation; or, (5) To release or extinguish or to authorize the releasing or extinguishing, in whole or in part, without consideration, the indebtedness, liability or obligation of any corporation or individual due this state or any county or municipal corporation. Both of these sections prohibit the actions taken by the general assembly in SS #2 for SCS for SB 3.

For each of the reasons stated herein it is my opinion that the entirety of SS #2 for SCS for SB 3 is in violation of the state constitution.

Mike Moon
District 29

SIGNING OF BILLS

The President Pro Tem announced that all other business would be suspended and **SS No. 2 for SCS for SB 3**, having passed both branches of the General Assembly, would be read at length by the Secretary, and, the objection notwithstanding, the bill would be signed by the President Pro Tem to the end that it may become law. The bill was so read by the Secretary and signed by the President Pro Tem.

BILLS DELIVERED TO THE GOVERNOR

SS for SB 1, SS No. 2 for SCS for SB 3, and SS for SB 4, after having been duly signed by the Speaker of the House of Representatives in open session, were delivered to the Governor by the Secretary of the Senate.

On motion of Senator O'Laughlin, the Senate adjourned sine die, pursuant to the Constitution.

SENATE RESOLUTION 2

Be it resolved by the Senate of the One Hundred and Third General Assembly of the State of Missouri, First Regular Session, that the following rules be declared as the rules for the Second Extraordinary Session of the First Regular Session:

“Rule 1. The time of meeting by the senate, unless otherwise ordered, shall be 10:00 o'clock.

Rule 2. The president shall take the chair every day at the hour to which the senate has previously adjourned and shall call the senate to order. After the senate is called to order, the chaplain shall offer a prayer. Every person within the senate chamber shall remain standing during the prayer of the chaplain.

Rule 3. The business of the senate shall be disposed of in the following order:

1. Messages from House.
2. First reading of House bills.
3. House bills on second reading.
4. Reports of standing committees.
5. House bills on third reading.
6. Reading Journal.
7. Introduction of guests.
8. Petitions, memorials, and remonstrances.
9. Resolutions.
10. Concurrent Resolutions.
11. Introduction of bills.
12. Reports of select committees.
13. Second reading of Senate bills.
14. Third reading of Senate bills.
15. Bills, reports and other bills on the table, including bills for perfection.

16. Order of the day.

17. Introduction of guests.

18. Announcement of committee meetings, etc.

Rule 4. The president shall, on each day, announce the business in order agreeable to the preceding rule and no business shall be taken up or considered until the class to which it belongs is declared in order, but communications from the governor and reports from the Committee on Rules, Joint Rules, Resolutions, and Ethics may be received at any time.

Rule 5. The secretary, at the close of each day, shall prepare a journal setting forth the actions of the senate in the order in which they occur, record the yeas and nays on any question, and deliver them to the senate before its next meeting.

Rule 6. Upon the written request of the sponsor or floor handler of a bill, the committee on rules, joint rules, resolutions, and ethics may recommend that any such bill on the calendars for perfection or house bills on third reading be called up or considered out of order in which the bill appears on that calendar. A recommendation to consider bills out of order shall require approval by a majority of the committee on rules, joint rules, resolutions, and ethics with the concurrence of two-thirds of the senate members. No floor debate shall be allowed on the motion to adopt the committee report. Except as otherwise provided for in this paragraph, only the regular appropriation bills, including the deficiency and the omnibus bills, bills providing for legislative or congressional redistricting, bills producing more than three million dollars in additional state revenue, bills implementing amendments to the Missouri Constitution which were adopted at the immediately preceding state primary or general election, and bills requiring passage in order that the state receive funds from the federal government for the institution, continuance or expansion of federal-state programs, may be called up or considered out of the order in which the bill appears on the formal calendar of the senate.

All bills reported to the senate floor by the Committee on Fiscal Oversight shall be placed on the appropriate formal calendar in a position, as near as may be, to that position which the bill would have had absent referral to the Committee on Fiscal Oversight.

Rule 7. Upon the call of the senate, or upon taking the yeas and nays on any question, the names of the senators shall be called alphabetically, and a senator within the chamber shall vote when his or her name is called. No senator shall be allowed to cast or change his or her vote after yeas and nays have been announced by the president. In the event a senator within the chamber refuses to cast his or her vote, then at the direction of the president he or she shall be removed from the chamber and such action noted in the journal.

Rule 8. Upon the call of the senate, the names of the senators shall be called by the secretary and the absentees noted, after which the names of the absentees may again be called. Those absent senators from whom no sufficient excuses are made may, by order of a majority of those present, if ten in number, be taken into custody as they appear, or be sent for and taken into custody wherever found by the sergeant-at-arms, or other person appointed by the senate for that purpose, at the expense of such absent senators or senator, respectively, unless such excuse for nonattendance shall be made as the senate, when a quorum is convened, shall judge sufficient.

Rule 9. The lieutenant governor shall be ex officio president of the senate. In committee of the whole, he may debate all questions, and shall cast the deciding vote on equal division in the senate and on joint vote of both houses. (Constitution Art. IV, Sec. 10.)

Rule 10. The president pro tem shall be parliamentarian of the senate and may decide all points of order, and in his absence such points of order may be decided by the chairman of the Committee on the Judiciary and Civil and Criminal Jurisprudence, except in either case, the point of order may be referred by the then acting parliamentarian, to the Committee on Parliamentary Procedure for consideration and determination. All rulings on points of order shall be subject to an appeal to the senate and all questions and points of order shall be noted by the secretary with the decision thereon. (See also Rule 27.)

Rule 11. Questions shall be distinctly put in this form: "As many as are of the opinion that (as the question may be) say 'aye'", and after the affirmative vote is expressed: "Those of the contrary, say 'no'". If the chair doubts or division is called for by two or more senators, the senate shall divide. Those in the affirmative on the question shall first rise from their seats, and afterwards those in the negative.

Rule 12. All committees listed in Rule 25 shall be appointed by the president pro tem of the senate, except as otherwise provided. The minority party members shall be chosen by the minority party in the manner determined by the minority party caucus.

At the beginning of each session the caucus chairman of the minority party may file with the secretary of the senate a statement setting forth the method by which minority party members are to be appointed as determined by the minority party caucus, but if no such statement is filed, the minority party members shall be appointed to committees by the minority floor leader.

Rule 13. The president pro tem shall be chosen by the senate, and if the president pro tem so chosen is absent, or his office vacant, the senate may proceed to elect an interim president pro tem to hold the office during such absence or other incapacity, at the pleasure of the senate.

Rule 14. The president pro tem shall sign all acts, joint resolutions and addresses. All writs, warrants and subpoenas issued by order of the senate shall be under his or her hand attested by the secretary.

Rule 16. Beginning March 29, 2016, reporters wishing to view the debates and proceedings of the senate shall do so from a space reserved for reporters in the fourth floor gallery and shall no longer have access to the "reporters" table on the floor of the senate. The "reporters" table shall henceforth be known as the "staff table" and shall be available to "Senators" staff and senate staff while the senate is in session.

Rule 17. Subject to the unanimous approval of the president pro tem and the majority and minority floor leaders as to time and duration, live or taped news media broadcasts of sessions of the senate may be made by broadcast media representatives. Reporters and technicians to effectuate such broadcasts or taping may be admitted to the chamber for this purpose, but no apparatus or procedure shall be used which will interfere with the usual procedure of the senate. All recording or broadcasting shall be done from areas reserved or set aside for such activities by news media representatives by the president pro tem.

Rule 18. It is the duty of the secretary to keep an exact Journal of the proceedings of the senate and he shall, from time to time, be subject to further orders as the senate may direct. It shall be sufficient in recording action on bills by the senate for the Journal to refer to them by number only, except when the bills are presented for the first time, or when final action is taken on third reading, in which case the title shall be set out in full.

Rule 19. When a bill or joint resolution passes it shall be certified by the secretary, noting the day of its passage.

Rule 20. When a motion is made for an amendment to any bill or resolution, the mover's name shall be inserted in the Journal.

Rule 21. The secretary shall see that all amendments and substitutes are incorporated in any bill amended or substituted for when printed as perfected or truly agreed to, and shall perform such other duties as may be required by the Committee on Rules, Joint Rules, Resolutions, and Ethics.

Rule 22. It is the duty of the sergeant-at-arms to attend the senate during its sittings, to keep order in the lobby, to require all persons therein to be seated, and to execute the commands of the senate and the orders of the president, together with all such process issued by authority thereof as shall be directed to him by the president, and he shall, five minutes before the opening of each session, clear the floor of the senate chamber of all persons not entitled to the privilege of the floor, and he shall at all times keep all persons from using or occupying the seats or desks furnished for the use of the members of the senate.

Rule 23. The senate chamber shall not be used during any session by any committee or committees or gathering of any kind unless the unanimous consent of the members has first been obtained.

A recommendation to consider bills out of order shall require approval by a majority of the committee with the concurrence of two-thirds of the senate members. No floor debate shall be allowed on the motion to adopt the committee report. Rule 29. 1. Senate offices and seats in the senate chamber shall be assigned by the committee on administration to the majority and minority caucuses. Each caucus shall make office and senate seat assignments on the basis of seniority as defined in this rule, unless otherwise determined within a caucus, except that Rooms 326 and 327 shall be known as the president pro tem's office and shall be occupied by the senate's president pro tem. Upon retirement from service as pro tem, that senator shall vacate the pro tem's office and shall have first choice of available vacant offices of his caucus, regardless of his seniority status. Except for the outgoing president pro tem, who is required to vacate the designated pro tem's office, no senator shall be required to relinquish any office or seat once assigned to him.

2. Seniority shall be determined by each caucus on the basis of length of service. Length of service means:

- (a) Continuous senate service;
- (b) In the case of equal continuous senate service, prior non-continuous senate service;
- (c) In the case of equal continuous and prior non-continuous senate service, prior house service.

3. When two or more members of the same party have the same length of service, their respective seniority shall be determined by their party caucus.

Rule 30. A senator appointed to a committee may resign at any time by leave of the senate.

Rule 31. 1. The standing committees of the senate on Administration, Appropriations, and such other committees as the president pro tem shall designate, may function within the state unless otherwise approved by the president pro tem during the interim between the end of the first regular session and the commencement of the second regular session, at such times and places as are considered necessary to consider bills and other matters referred to them, to hold hearings, hear testimony, receive evidence, make such studies as are deemed necessary and to perform any other necessary legislative function pertinent to their respective powers and duties.

2. The actual and necessary expenses of each committee functioning during the interim pursuant to the provisions of this rule, and the expenses of its members and the research and clerical personnel assigned to it incurred in attending meetings of the committee or of any subcommittee thereof, shall be paid from the senate contingent fund upon the approval of the chairman of the committee on administration and the president pro tem of the senate.

Rule 32. Reports of special or standing committees of the senate relating to appropriations, expenditures or improper use of money, and senate reports relating to the duties of management of any board of managers, directors, trustees or agents of any of the educational and eleemosynary institutions of the state, or of any state officer or coordinate branch of the state government, shall without further order be printed in the appendix of the Journal.

Rule 33. No report of a committee of conference, or any house amendment to a senate bill shall be declared adopted without the assent of the majority of all the senators elected, and the yeas and nays taken thereon and entered upon the Journal.

Rule 34. When motions are made to refer any subject and different committees are proposed, the question of reference shall be in the following order: a Standing Committee, a Select Committee, the Committee of the Whole.

Rule 35. No committee shall sit during the sitting of the senate without special leave.

Rule 36. It shall be a standing order of the day through the session for the senate to resolve itself into a Committee of the Whole.

Rule 37. In forming the Committee of the Whole, the president pro tem of the senate shall appoint a chairman to preside.

Rule 38. Upon a bill being committed to the Committee of the Whole, it shall be read by the secretary and then read and debated by clauses or sections, as determined by the committee, leaving the preamble to be considered last. After the report, the bill shall be subject to be debated and amended by clauses or sections before a vote on the question to perfect and print it is taken.

Rule 39. All amendments made to an original motion in committee shall be incorporated with the motion and so reported.

Rule 40. All amendments made to reports, resolutions and other matters committed to Committee of the Whole shall be noted and reported as in all cases of a bill.

Rule 41. The rules and proceedings of the senate shall be observed in Committee of the Whole insofar as they are applicable.

Rule 42. A majority of the senators elected shall be a quorum to do business and if the committee finds itself without a quorum, the chairman shall cause the roll of the senate to be called, and thereupon the committee shall rise, the president resume the chair and the chairman report the cause of rising of the committee and the names of the absentees to the senate shall be entered in the Journal.

Rule 43. A motion for the rising of the Committee of the Whole is always in order, unless a member of the committee is speaking or a vote is being taken and shall be decided without debate.

Rule 44. Beginning on July first of each year, members and members-elect may deposit bills and joint resolutions for the next regular session with the secretary of the senate at any time. The secretary shall hold the bills and joint resolutions so deposited in the order filed. After the close of business on December first, the secretary shall assign numbers to bills and joint resolutions deposited in that office by seniority of the member first signing the measure, with a limit of three bills or joint resolutions per rotation of the seniority list from the total number of measures deposited. All measures deposited through December first shall stand as pre-filed without further action by the member or member-elect. At the close of business on each day thereafter until the opening day of the session, bills and joint resolutions received during the day shall be assigned numbers in the order in which the bill or joint resolution is filed with the secretary.

Once filed, bills and joint resolutions shall not be changed except to correct patent typographical, clerical or drafting errors that do not involve changes of substance, nor shall substitutions be made therefor. Any bill may be withdrawn but the number shall not be reassigned once a number has been given.

Seniority for the purposes of this rule shall be determined as follows:

- (1) Continuous senate service;
- (2) In the case of equal continuous senate service, majority party members shall have seniority over minority party members;
- (3) In the case of equal continuous senate service by members of the same party, prior non-continuous senate service;
- (4) In the case of equal continuous and prior non-continuous senate service by members of the same party, prior house service;
- (5) In the case of equal continuous and equal prior non-continuous senate service and equal prior house service by members of the same party, seniority shall be determined by the caucus of that party.

Rule 45. There shall be a senate consent calendar. The sponsor of a senate bill shall first give notice of desire to have a bill placed upon the senate consent calendar by filing in writing, with the chairman of the committee to which the bill was referred, a notice of intent one day prior to a committee hearing. The notice of intent shall set forth the nature of the legislation, the fact that it is not a controversial bill, and a request that the senate committee recommend that the bill be placed upon the consent calendar. A bill shall not be considered as consent if it increases net expenditures of the state by more than \$100,000, reduces net revenue of the state by more than \$100,000, increases an existing civil or criminal penalty or if it creates a new civil or criminal penalty. The bill will go to the senate consent calendar if, a quorum being present, it receives a unanimous affirmative vote of do pass by all members present at the senate committee to which the bill was referred, and there is thereafter a motion made and unanimously carried by affirmative vote of all those present that it be placed upon the consent calendar. Any bill approved by committee, for consent, may be reported to the consent calendar at any time the Senate goes to the order of business of committee reports. When a bill is placed upon the consent calendar, third reading shall not commence until the fifth legislative day. During this four-day period, starting with the first day the bill appears on the consent calendar in the Journal any member or the Committee on Rules, Joint Rules, Resolutions, and Ethics may, by filing written objection with the Secretary of the Senate, direct that it be returned to the senate committee from which it was reported for action in accordance with the rules of the senate. A bill placed upon the senate consent calendar shall not be subject to amendment, except for committee amendments, and after the committee amendments have been disposed of shall be third read as though it had previously been perfected. If returned to committee, the chairman may report the bill to

the senate at the next time that order of business is taken up, without further action of the committee. No senate bill may be placed on the consent calendar after March fifteenth and no house bill shall be placed on the consent calendar after April fifteenth.

Rule 46. Any bill or joint resolution which proposes the amendment or reenactment of an existing statutory or constitutional provision with changes in the language thereof, in setting forth the provision as amended or changed, shall upon introduction, after perfection, and upon final passage have the matter which is to be omitted included in its proper place enclosed in brackets and all new matter to be inserted shall be underscored when typewritten for introduction. When printed the amendatory or reenacting bill or joint resolution shall show the matter to be omitted enclosed in bold-faced brackets and the new matter shall be shown in bold-faced Roman type. A footnote shall be annexed to the first page of each bill which contains material enclosed in bold-faced brackets to the following effect:

"Explanation--Matter enclosed in bold-faced brackets in the above bill is not enacted and is intended to be omitted from the law."

When a section is completely rewritten, the existing section shall be set forth in bold-faced brackets in a note following the new section, but the changes need not be distinguished. When any section is to be repealed and no reenactment of the material therein is proposed, the section shall be set forth in the bill in bold-faced brackets. Statutory section numbers of any senate bill or joint resolution or any substitute for a house bill shall be presented, as nearly as practicable, sequentially throughout the body of the bill followed by any undesignated sections. Any bill or joint resolution or substitute therefor which does not comply with this rule shall not be placed upon the calendar of the senate.

Rule 47. Each bill or joint resolution shall, before being finally acted upon by any committee, be submitted to the committee on legislative research for preparation of a fiscal note examining the cost of the proposed legislation to the state for the first two years that public funds will be used to fully implement the provisions of the Act, whether or not the proposed legislation will establish a program or agency that will duplicate an existing program or agency, whether or not there is a federal mandate for the program or agency, whether or not the proposed program or agency will have significant direct fiscal impact upon any political subdivision of the state, or whether or not any new physical facilities will be required.

The fiscal note for a bill shall accompany the bill throughout its course of passage, and may from time to time be revised to reflect changes made in the bill prior to its presentation to the governor for his approval.

Rule 48. No bills, other than appropriation bills, shall be introduced in the senate after March first of any regular session unless consented to by a majority of the elected members of the senate, and no bills other than appropriation bills shall be introduced in the senate after the sixtieth legislative day of any regular session, unless consented to by a majority of the elected members of the house and senate, or the governor requests consideration of the proposed legislation by a special message. (Constitution, Art. III, Sec. 25.)

Rule 49. Up to one thousand copies of all bills and joint resolutions shall be printed after their first reading and before a second reading is permitted, unless otherwise ordered. Bills and resolutions for the senate shall be printed in pamphlet form, as for the last and previous sessions, in page size eight and one-half by eleven inches. A copy of the printed bill shall be attached to the original bill when it is referred to committee, and thereafter the original and the printed copy thereof shall be kept together. The bill shall not be re-typed, but upon perfection a printed copy of the bill with all amendments or substitutes adopted incorporated shall be attached to the original bill. Upon final passage by the senate, the original, with a printed copy of the bill as perfected attached thereto, shall be transmitted to the house. Upon final passage by both houses the bill shall be printed as truly agreed and finally passed, shall be signed by the presiding officers in printed form, and shall be presented to the governor in printed form with appropriate spaces for signatures, and such printed bill, appropriately signed, shall constitute the original roll for the bill.

Rule 50. Referrals of bills and appointments to committee shall be made by the president pro tem; and no bill shall be considered for final passage unless it has been reported on by a committee and printed for the use of the senators. A report of all bills recommended "do pass" by a committee shall be submitted to the senate by the chairman and all committee amendments accompanying the report shall be printed in the Journal.

After a bill has been referred to a committee, one-third of the senators elected has the power to relieve a committee of further consideration of a bill and place it on the calendar for consideration. In any case where a committee has been relieved of further consideration of a bill as herein provided, a majority of the senators present but not less than one-third of the senators elected, may, at any time before final passage thereof, again refer the bill to the same or some other committee for consideration. No bill or resolution shall be reported adversely by any committee until the author of the bill or resolution has been given an opportunity to appear and be heard before the committee to which it is referred.

One-third of the senators elected may relieve a committee of an appointment and a motion to grant advice and consent of the Senate to that appointment is then in order upon a vote of the majority of the Senate.

Rule 51. A majority of the members of a committee constitutes a quorum. No committee shall take final action on a bill unless a quorum is present. Each committee shall keep a record of the members present when a bill is finally considered; and this record and the record of the votes cast shall be filed by the committee with its report. (Constitution, Art. III, Sec. 22.) No bill shall be reported from a committee unless

such action is approved by affirmative vote by a majority of those present. Votes of "present" and abstentions from voting shall not be counted in the affirmative or negative. Executive sessions may be used only for purposes of discussion.

Rule 52. Senate bills reported to the senate from any committee shall lie on the table one day before being perfected and ordered printed. Senate bills reported perfected and house bills reported from committee shall lie over one day before being third read.

Rule 53. Senate bills reported adversely from standing committees shall not be placed on the calendar, but on motion made within two legislative days after the report is filed, the author of the bill being present, it may be placed on the calendar by a vote of the majority of senators elected. If no such vote is taken within that time, the bill shall lie on the table. House bills reported adversely from the standing committees shall not be placed on the calendar, but on motion made within two legislative days after the report is filed may be placed on the calendar by a majority vote of the senators elected. If no such vote is taken within that time, the bill shall lie on the table.

Rule 54. No law shall be passed except by bill, and no bill shall be so amended in its passage through the senate as to change its original purpose. (Constitution, Art. III, Sec. 21.)

Rule 55. Every bill shall be read by title on three different days. (Constitution, Art. III, Sec. 21.)

Rule 56. Bills, whether they originate in the senate or in the house, may be amended or rejected. (Constitution, Art. III, Sec. 21.)

Rule 57. No bill shall contain more than one subject which shall be clearly expressed in its title, except bills enacted under the third exception in Section 37 of Article III of the Constitution, and general appropriation bills, which may embrace the various subjects and accounts for which moneys are appropriated. (Constitution, Art. III, Sec. 23.)

Rule 58. No act shall be revived or reenacted unless it shall be set forth at length as if it were an original act. (Constitution, Art. III, Sec. 23.)

Rule 59. On all bills containing an emergency clause, the vote shall be taken on the bill, excluding the emergency clause, and if the bill receives the vote of a majority of all the senators elected then the vote shall be taken on the emergency clause without debate, and if two-thirds of the senators elected vote in favor of it, the bill takes effect at the time described in the preamble of the emergency clause thereof. (Constitution, Art. III, Sec. 29.)

Rule 60. An amendment shall not go beyond the second degree to an original bill. All amendments adopted by either house to a bill pending and originating in the same shall be incorporated in the bill, and the bill as perfected shall before the third reading and final passage, be printed for the use of the members. The printing of bills ordered to third reading and final passage shall be under the supervision of the Committee on Rules, Joint Rules, Resolutions and Ethics, whose report shall set forth that they find the printed copy of such bills as theretofore agreed and furnished for the use of the members is correct. A correct record of each day's proceedings in each house shall be furnished for the use of the members of the general assembly before the record is approved and no bill shall be signed by the presiding officer of either house until such printed copy thereof shall have been furnished for the use of the members of the general assembly and the record of the previous day shall have been approved. When agreed to by both houses, the bill as finally passed shall be typed or printed and signed by the presiding officer of each house and transmitted to the governor.

Rule 61. If a bill passed by the senate is returned thereto, amended by the house, the senate shall cause the amendment or amendments received to be printed and copies distributed among the members before final action on such amendments. (Constitution, Art. III, Sec. 24.)

Rule 62. No amendment to bills by the house shall be concurred in by the senate except by a vote of the majority of the senators elected taken by yeas and nays, and the names of those voting for and against recorded upon the Journal, and if amendments are concurred in by the senate, the bill, as amended, shall be submitted to the vote of the senate by yea and nay vote, and the names of those voting for or against recorded on the Journal; and reports of committees of conference shall be adopted in the senate only by a vote of a majority of the senators elected thereto, taken by yeas and nays, and the names of those voting recorded on the Journal. (Constitution, Art. III, Sec. 27.) If a bill passed by the Senate is returned thereto, amended by the House in the form of a substitute with adopted amendments, it shall be considered as a whole without the amendments being subject to consideration individually. The same shall apply to House bills returning to the Senate which have been passed by the Senate in the form of Substitutes with adopted amendments.

Rule 63. No act shall be amended by providing that designated words be stricken out, or that designated words be inserted, or that designated words be stricken out and others inserted in lieu thereof, but the words to be stricken out, or the words to be inserted, or the words to be stricken out and those inserted in lieu thereof, together with the act or section amended, shall be set forth in full as amended. (Constitution, Art. III, Sec. 28.)

Rule 64. A substitute for the text of a bill is not in order until all pending amendments thereto have been disposed of. A substitute bill for an original bill or for a committee substitute shall take the form of an original bill and be subject to floor amendments, except that it shall not be subject to amendment by a further floor substitute. No further amendments or substitutes may be entertained after the senate adopts a substitute bill.

Rule 65. The withdrawal of a pending motion by its maker or a motion to place a bill on the informal calendar, along with any pending amendments or substitutes, by its sponsor is a privilege that may be exercised at any time, even while another member is addressing the senate or if an amendment or substitute is pending. When the senate returns to the bill, the sponsor of the pending amendment or substitute shall be first recognized by the chair on the pending amendment or substitute.

Rule 66. 1. To effect the passage of a bill on the final reading thereof, the vote shall be taken by yeas and nays, and the names of the senators voting for and against the same shall be entered and recorded in the Journal, and if a majority of the senators elected vote in favor thereof, the bill shall be declared passed. No senator shall be allowed to cast or change his or her vote after the senate's action on said question is announced by the president.

2. Any member may offer an amendment or amendments for the portion of a joint resolution or bill to be submitted to the voters by the General Assembly that contains the proposed official summary statement and fiscal note summary. Such amendment may be further amended as provided by the rules of the Senate.

Rule 67. When a bill is put upon its final passage and, failing to pass, a motion is made to reconsider the vote by which it was defeated, the presiding officer shall briefly state the nature of the bill. Thereupon the vote on the motion to reconsider shall be immediately taken, without interrogation or debate, and the subject finally disposed of without interrogation or debate before the senate proceeds to any other business.

Rule 68. No bill shall become a law until after it has been signed by the presiding officer of the senate, in open session. Before the presiding officer affixes his or her signature to any bill he or she shall suspend all other business, declare that the bill will now be read, and that if no objection be made he or she will sign it to the end that it may become a law. The bill shall then be read and if no objection is made, he or she shall, in the presence of the senate, in open session, and before any other business is entertained affix his or her signature, which fact shall be noted in the Journal, and the bill immediately sent to the other house. If any senator objects that any substitution, omission or insertion has occurred, so that the bill proposed to be signed is not the same in substance and form as when considered and passed by the senate or house, or that any particular clause of Article III of the Constitution has been violated in its passage, such objection shall be passed upon by the senate, and if sustained, the presiding officer shall withhold his or her signature; but if the objection is not sustained, then any five members may embody it over their signature, in a written protest, under oath, against the signing of the bill. The protest, when offered in the senate, shall be noted upon the Journal, and the original shall be annexed to the bill, to be considered by the governor in connection therewith; and if the bill is one that has not been first signed by the presiding officer of the house, it shall immediately be sent to the house after it has been so read and signed in the senate, for such action thereon in the house as is prescribed by the constitution. (Constitution, Art. III, Sec. 30.)

Rule 69. When any bill passed by both houses has been signed as provided for in the preceding rule, it is the duty of the secretary of the senate, if the bill originated in the senate, to present it in person, on the same day on which it was signed, as aforesaid, to the governor, take his or her receipt therefor and enter the fact of such delivery and the time thereof upon the Journal. Every bill presented to the governor and returned within fifteen days to the house in which it originated, with the approval of the governor shall become a law unless it is in violation of some provision of the constitution.

Rule 70. Bills vetoed by the governor and returned to the senate by the governor or by the house shall stand as reconsidered and such action shall be taken thereon as prescribed by the constitution and by the Joint Rules of the Senate and House of Representatives. (Constitution, Art. III, Sec. 32.)

Rule 71. All resolutions proposing amendments to the constitution shall be treated, in all respects, in the introduction and form of proceedings on them in the senate, in the same manner as bills. All other orders and resolutions (except courtesy resolutions) shall be referred to a committee unless the senate otherwise expressly allows by a majority vote of senators elected. Courtesy resolutions will be read only upon request of the senator offering the resolution. Courtesy resolutions shall be printed in the Journal only upon the request of the senator offering the resolution. A senator who wishes to offer a courtesy resolution which is not to be read or printed may file the resolution with the secretary of senate who will show the resolution in the Journal as having been adopted by the senate.

Rule 72. A motion to adjourn and a motion to fix the day to which the senate shall adjourn is in order, unless a senator is speaking, or the yeas and nays are being taken, or a call is being made, and shall be decided without debate; and no senator shall leave his or her seat until the result is declared.

Rule 73. When a question is under debate, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone to a day certain, to commit or amend, to postpone indefinitely, which several motions shall have precedence in the order in which they are arranged. Pending the motion to lay on the table, the merits of the question shall not be discussed, and no motion to postpone to a certain day, to commit or postpone indefinitely, being decided, shall again be allowed on the same day, at the same stage of the bill or proposition.

Rule 74. When a question is postponed indefinitely it shall not be acted on during the session.

Rule 75. When a question is laid on the table, it may not thereafter be considered except by vote of two-thirds of the senators elected, except that all measures, other than bills which stand as reconsidered having been returned by the governor with his or her objections, not finally acted upon on adjournment of the senate in odd-numbered years shall lie on the table and the subject matter of such measures may be taken from the table only by reintroduction of a measure at a subsequent session of the senate.

Rule 76. When a senator is about to speak, he or she should rise respectfully and address himself or herself to the chair, standing at his or her seat, and wait until his or her name or designation is announced, when he or she shall proceed, addressing himself or herself always to the chair. If a senator is unable to stand due to a permanent physical disability, he or she, after seeking recognition from the chair, shall be recognized in lieu of standing. If a senator is unable to stand due to a temporary physical disability, he or she shall send a letter to the secretary of the senate, which shall be printed in the journal and subsequently shall be recognized from the chair in lieu of standing. In order to maintain the recognition of the chair, the senator must be engaged in debate or in discourse. When a senator is engaged in debate or discussion and seeks to have the senate stand at ease, the senator must seek unanimous consent of the body.

Rule 77. If two or more senators seek recognition in accordance with Rule 76 at once, the chair shall name the senator who is to speak first, the other seeking recognition having the preference next to speak. However, nothing in this rule shall be interpreted to prevent any senator not chosen to speak first from immediately making any motion that is in order under the rules.

Rule 78. The chair shall preserve decorum, and if any senator transgresses the rules of the senate, the chair shall, or any senator may, call him or her to order, in which case the senator called to order shall immediately sit down, unless permitted to explain; and the senate, if appealed to, shall decide on the case. If there is no appeal, the decision of the chair shall prevail. If the decision of the chair is in favor of the senator called to order, he or she shall be at liberty to proceed.

Rule 79. If a senator is called to order for words spoken in debate, the senator calling him or her to order shall repeat the words excepted to, and they shall be taken down in writing on the secretary's table, and no senator shall be held to answer, or be subject to the censure of the senate for words spoken in debate, if any other senator has spoken or business has intervened after the words spoken and before exception to them has been taken.

Rule 80. No senator shall speak more than once on the same question without leave of the senate, unless he or she is the mover, proposer or introducer of the matter pending, in which case he or she shall be permitted to speak or reply, but not until every senator choosing to speak has spoken. After a senator has been recognized to close, no other senator is permitted to speak on the pending matter, except that in the case of a proposed amendment to a bill or resolution, the proponent of the amendment and the author of the bill or resolution to be amended may be interrogated, but, in the case of a bill or resolution, only the author of the bill or resolution may be interrogated. If a senator refuses to exercise his or her right to close, the motion and subject matter of said motion before the body are deemed to be withdrawn.

Rule 81. In proceedings and debate of the senate, the senators shall not be spoken of or addressed by their individual names.

Rule 82. If the question in debate contains several points, any senator may have it divided if it comprehends propositions in substance so distinct that by one being taken away a substantive proposition remains for the decision of the senate. On motion to strike out and insert, it shall not be in order to move for a division of the question, but a rejection of the motion to strike out and insert a different proposition shall not prevent a subsequent motion simply to strike out, nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert. If the question in debate is a bill or a substitute thereof, a request to divide the bill or substitute shall not be in order.

Rule 83. On the discussion of any business which may, in the opinion of a senator require secrecy, the president shall order the gallery to be cleared, and during the discussion the doors shall remain closed unless otherwise directed by the senate. When nominations are made in writing by the governor of the state to the senate for confirmation, the confirmation shall, without debate, be sent to the senate for confirmation, the confirmation shall, without debate, be referred to the appropriate committee for investigation, and their report shall be made to the senate as soon as practicable.

Rule 84. The previous question shall be in this form: "Shall the main question be now put?". It shall only be admitted on written demand of ten senators, and sustained by a vote of a majority of the senators elected, and in effect shall be put without debate, and bring the senate to direct vote upon a motion to commit, if such motion shall have been made; and if this motion does not prevail, then upon amendments, and then upon the main question. On demand for the previous question, a call of the senate shall be in order, but after a majority of the senators elected have sustained such a motion, no call shall be in order prior to the decision on the main question.

Rule 85. On motion of the previous question, no debate shall be allowed and all incidental questions of order arising after the motion is made for the previous question, and pending such motion, shall be decided on appeal or otherwise without debate; if, on a vote for the previous question, the motion is not sustained by a majority of the senators elected, then the further consideration of the subject matter shall be in order.

Rule 86. Every motion, except motion to recess or adjourn, shall be reduced to writing if two or more senators request it.

Rule 87. When a motion is made it shall be stated by the chair, or being in writing, it shall be handed to and read aloud by the secretary before debate.

Rule 88. After a motion is stated by the chair, it is deemed to be in possession of the senate, but may be withdrawn at any time by the sponsor or handler before a vote on said motion.

Rule 89. All questions, whether in committee or senate, shall be first stated in the order in which they are moved, but voted upon in reverse order, except privileged questions, which shall be propounded as stated in Rule 73; and in filling up blanks, the largest sum and longest time shall be put first.

Rule 90. The yeas and nays shall not be ordered on any question after a vote has been taken thereon and declared by the chair.

Rule 91. Every senator who is within the bar of the senate when a question is put shall assume his or her seat, and shall vote when his or her name is called unless the senator, for special reasons, excuses himself or herself from voting. A senator shall seek to excuse himself or herself from voting before the senate divides, or before the call for yeas and nays is commenced. In taking the yeas and nays, each senator shall declare distinctly his or her vote yea or nay. In the event a senator within the chamber refuses to cast his or her vote, then, at the direction of the president, he or she shall be removed from the chamber and such action noted in the Journal.

Rule 92. When a question has once been decided by a vote of the senate, any senator voting on that side which prevails may move for a reconsideration of the vote at any time within three legislative days, excluding legislative days wherein the roll is not called, after the day on which the vote was had, except votes ordering bills printed as perfected, which may be reconsidered at any time before third reading of such bills. When a motion is made to reconsider the vote by which a bill failed of perfection, the presiding officer shall briefly state the nature of the bill and, thereupon, the vote on the motion to reconsider shall be immediately taken without interrogation or debate. All motions to reconsider shall be decided by a majority vote of the senators elected. Only one motion to reconsider shall be allowed on any question.

Rule 93. Any senator voting in the minority on any subject, and protesting against the vote of the senate, may have his or her protest entered on the Journal, if the tenor and language of the protest would have been admissible in the discussion of the subject.

Rule 94. No person except members of the house of representatives, former members of the senate, the governor, the secretary of state, the state auditor, the state treasurer, judges of the supreme court, courts of appeals or circuit courts, attorney general and the congress, shall be admitted within the senate chamber during the sitting of the senate, unless invited by the senate; except that the seats at the north and south ends of the senate chamber may be reserved for spouses and families of members of the senate, and other persons may be admitted to the senate chamber on special request of any senator when the senate is in session. Access to the third floor rear gallery shall be limited to senators during the hours in which the senate is engaged in floor session. Any use of the gallery when the senate is not in session must be approved by the Chairman of the Committee on Administration.

Rule 95. No senator shall absent himself or herself from the session of the senate unless he or she has leave or is sick or unable to attend. A member who is absent from the chamber for attendance at a standing committee meeting, or a conference committee meeting shall be shown as absent with leave (committee). It shall be the responsibility of the member to advise the secretary of the senate of his or her attendance at such committee meeting.

Rule 96. 1. Laptop computers may be used by Senators, Senators' staff and senate staff at the staff table, by the Secretary of the Senate at the dais, and by the research staff at the research table in the Senate Chamber as long as their use does not violate Rule 78 or is otherwise disruptive to the business of the Senate. An electronic device approved by the Committee on Administration and provided by the Senate that is capable of monitoring legislation may be used by a Senator in the chamber. Any such approved electronic device shall not be a laptop computer. No person shall take any photograph in the Senate Gallery. Persons with cameras, flash cameras, lights, or other paraphernalia may be allowed to use such devices at committee meetings with the permission of the Chairman as long as they do not prove disruptive to the decorum of the committee. Smoking is not permissible in the Senate Chamber or Gallery, the Kirchoff Gallery, the Pershing Gallery, the Bingham Gallery, committee rooms, lounge, the hallways, restrooms or elevators.

2. For the purpose of compliance with the Americans with Disabilities Act, the President Pro Tem may designate a portion of the Senate Chamber as handicap accessible and such areas shall not be considered a part of the floor of the Senate for the purposes of section 21.420, RSMo. Persons using such area shall not lobby members of the Senate while going to and from or while using the designated area.

Rule 97. In cases not provided for in these rules, the senate shall be governed by the rules laid down in the practice and procedures adopted by the Senate of the United States and Jefferson's Manual, including the U.S. Senate practice that a substitute amendment to a first degree amendment is subject to a second degree perfecting amendment.

Rule 98. No standing rule or order of the senate shall be rescinded or changed without one day's notice being given of the motion thereof, which notice shall be printed in the journal of the senate, and then only by a vote of at least a majority of the senators elected; except that any rule, including this rule, may be suspended for a special purpose, stated in the motion to suspend, by a vote of a two-thirds majority of the members elected to the senate, and such rule shall remain suspended only until the senate proceeds to the consideration of business other than

that for which the rule was suspended. Upon one day's notice of the proposed rule change having been given, the senate resolution adopting such rule change shall not be assigned to a committee without consent of the sponsoring senator and shall be in order to be considered by the senate at any day or time thereafter upon motion of the sponsor during the order of business of Resolutions.

Rule 99. No senator shall be permitted to interrupt a roll call and no senator shall be allowed to change his or her vote after a verification is requested by any senator, or after the final vote is announced. When verification is requested, any senator within the chamber who has not voted shall vote prior to the verification of the roll.

Rule 100. A roll call vote of the senate shall be taken upon any question at the request of five senators.

Rule 101. All senate committees shall meet on call of the chairman and the regular meetings of the committees shall be held at the times and places designated by the Committee on Administration.

Rule 102. Public introduction of guests shall not be allowed in the Senate Chamber during the last ten calendar days of the session.”.

REMONSTRANCES

Senator Nurrenbern offered the following remonstrance:

SENATE REMONSTRANCE NO. 1

Whereas, congressional redistricting is governed by Article III, Section 45 of the Missouri Constitution, which states: "*When the number of representatives to which the state is entitled in the House of the Congress of the United States under the census of 1950 and each census thereafter is certified to the governor, the general assembly shall by law divide the state into districts corresponding with the number of representatives to which it is entitled...*"; and

Whereas, Article III, Section 45 has existed, unaltered, since the Constitution was adopted in 1945; and

Whereas, the plain language of Article III, Section 45 mandates that the General Assembly draw new congressional districts every ten years, when the census is certified to the Governor; and

Whereas, under the plain language of Article III, Section 45, congressional redistricting may only occur in the period immediately following the certification of the census to the governor and may not occur again until the next census is completed and certified; and

Whereas, in *Pearson v. Koster*, the Missouri Supreme Court directly addressed the timing aspect of congressional redistricting, stating: "*Article III, Section 45...was triggered when the results of the 2010 United States Census revealed that...Missouri would lose one member of its delegation... It is the responsibility of the Missouri General Assembly to draw new congressional election districts. The new districts will take effect for the 2012 election and remain in place for the next decade or until a Census shows that the districts should change*"; and

Whereas, the above analysis necessarily flows from the plain language of Article III, Section 45. Specifically, the General Assembly is only authorized to draw new congressional districts when the census is certified to the governor, which only occurs once every ten years; and

Whereas, the temporal limitation in Article III, Section 45 prohibits the General Assembly from enacting more than one map after the census data is released, but before new data is released; and

Whereas, if the authors of the 1945 Constitution had wanted to grant the General Assembly authority to redraw congressional lines "from time to time", they would have included such authority. Instead the language they used is clear that congressional redistricting may only occur when new census data is available; and

Whereas, Article III, Section 45 specifies when congressional redistricting may take place; and

Whereas, to hold otherwise would grant the General Assembly plenary power to engage in the legislative act of redistricting whenever it pleased. The only possible purpose of inserting this timing component is to establish that it is the sole time when such power may be exercised, meaning the timing for the General Assembly to draw congressional districts is limited; and

Whereas, other states have interpreted provisions similar to Article III, Section 45 of the Missouri Constitution to prohibit mid-cycle redistricting; and

Whereas, in 2003, the Supreme Court of Colorado held that its similarly worded constitutional provisions did not permit mid-cycle congressional redistricting; and

Whereas, like Article III, Section 45 of the Missouri Constitution, the Colorado Constitution states that the legislature shall redistrict when "a new apportionment shall be made by Congress" and the court ruled that there is no language empowering the General Assembly to redistrict more frequently or at any other time; and

Whereas, the plain language of the Missouri Constitution and the Missouri Supreme Court's precedent make clear that mid-cycle congressional redistricting is prohibited; and

Whereas, any attempt at mid-cycle congressional redistricting will draw substantial legal challenges which will succeed and invalidate this ill-conceived, politically motivated attempt to re-draw Congressional maps:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred and Third General Assembly, Second Extraordinary Session, hereby remonstrate against the Governor for calling an extraordinary session of the General Assembly for an expressly unconstitutional purpose; and

Be It Further Resolved that the Secretary of the Senate be instructed to send a copy of this remonstrance to the Governor and the Missouri Supreme Court.

Senator May raised the point of order that the order of business of Introduction of Guests was not called.

The point of order was referred to the President Pro Tem, who ruled it not well taken.

SIGNING OF BILLS

The President Pro Tem announced that all other business would be suspended and **HB 1**, having passed both branches of the General Assembly, would be read at length by the Secretary, and, the objection notwithstanding, the bill would be signed by the President Pro Tem to the end that it may become law. The bill was so read by the Secretary and signed by the President Pro Tem.

OBJECTIONS

Senator Beck submitted the following:

September 12, 2025

Kristina Martin
Secretary of the Senate
201 W. Capitol Avenue
Jefferson City, MO 65101

CONSTITUTIONAL OBJECTION TO HB 1

Congressional redistricting is governed by Article III, Section 45 of the Missouri Constitution, which states: *"When the number of representatives to which the state is entitled in the House of the Congress of the United States under the census of 1950 and each census thereafter is certified to the governor, the general assembly shall by law divide the state into districts corresponding with the number of representatives to which it is entitled..."*

Article III, Section 45 has existed, unaltered, since the Constitution was adopted in 1945. The plain language of Article III, Section 45 mandates that the General Assembly draw new congressional districts every ten years, when the census is certified to the Governor. Under the plain language of Article III, Section 45, congressional redistricting may only occur in the period immediately following the certification of the census to the governor and may not occur again until the next census is completed and certified.

In Pearson v. Koster, the Missouri Supreme Court directly addressed the timing aspect of congressional redistricting, stating: *"Article III, Section 45...was triggered when the results of the 2010 United States Census revealed that...Missouri would lose one member of its delegation... It is the responsibility of the Missouri General Assembly to draw new congressional election districts. The new districts will take effect for the 2012 election and remain in place for the next decade or until a Census shows that the districts should change."*

The analysis above necessarily flows from the plain language of Article III, Section 45. The General Assembly is only authorized to draw new congressional districts when the census is certified to the governor, which only occurs once every ten years. The temporal limitation in Article III, Section 45 prohibits the General Assembly from enacting more than one map after the census data is released, but before new data is released.

Proponents of purely politically motivated mid-decade redistricting argue that the lack of express language prohibiting mid-decade redistricting means the General Assembly may redistrict whenever it sees fit. If the authors of the 1945 Constitution had wanted to grant the General Assembly authority to redraw congressional lines *"from time to time,"* they would have included such authority. Instead the language they used is clear that congressional redistricting may only occur when new census data is available.

Article III, Section 45 specifies when congressional redistricting may take place. To hold otherwise would grant the General Assembly plenary power to engage in the legislative act of redistricting whenever it pleased. The only possible purpose of inserting this timing component is to establish that it is the sole time when such power may be exercised, meaning the timing for the General Assembly to draw congressional districts is limited.

Other states have interpreted provisions similar to Article III, Section 45 of the Missouri Constitution to prohibit mid-decade redistricting. In 2003, the Supreme Court of Colorado held in Salazar v. Davidson that its similarly worded constitutional provisions did not permit mid-decade congressional redistricting. Like Article III, Section 45 of the Missouri Constitution, the Constitution of Colorado states that its legislature shall redistrict when "*a new apportionment shall be made by Congress*" and the court ruled that there is no language empowering the General Assembly to redistrict more frequently or at any other time.

The plain language of the Missouri Constitution and the Missouri Supreme Court's precedent make clear that mid-decade congressional redistricting is prohibited. Any attempt at mid-decade congressional redistricting will draw substantial legal challenges which will succeed and invalidate this ill-conceived, politically motivated attempt to re-draw Congressional maps.

Further, Article III, Section 20, of the Missouri Constitution requires a quorum for either legislative body to "*conduct business*." The Missouri House, when First Reading and Second Reading this bill, did not meet this requirement. A quorum was not present. Article III, Section 21 of the Missouri Constitution requires every bill be read by title on three different days in each house of the General Assembly before it can pass and become a law. Complying with this provision certainly constitutes "*conducting business*."

Further, the Missouri Senate violated its own rules multiple times in its haste to pass this unconstitutional Gerrymandered Congressional map. One such example occurred on Wednesday, September 10, 2025. Before the Senate had adopted any rules governing the body for the Extra Session, the majority employed a provision, the previous question, to force a vote, despite the fact that no rules containing the authority to move the previous question had been adopted. When Senator Webber made a point of order on this subject, the Pro Tem ruled that the US Senate Rules were the rules temporarily governing the body, for which there was no reason or logic. Even if utilizing the US Senate rules at the beginning of the session is correct, (it is not), the US Senate Rules would not authorize a previous question motion since the US Senate Rules do not contain a previous question provision. Another example of the Missouri Senate violating its own rules occurred on September 11, 2025, when the minority was denied the ability to appeal an incorrect ruling of the chair, despite the fact that Rule 10 (of the majority's "new" rules) explicitly states that "*all rulings on points of order shall be subject to an appeal to the senate*."

For the reasons listed above, and many others, I object to this unconstitutional legislation.

Senate Minority Leader,

Doug Beck

The President Pro Tem announced that all other business would be suspended and **HCS** for **HJR 3**, having passed both branches of the General Assembly, would be read at length by the Secretary, and if no objections be made, the joint resolution would be signed by the President Pro Tem to the end that it may become law. No objections being made, the joint resolution was so read by the Secretary and signed by the President Pro Tem.

On motion of Senator Luetkemeyer, the Senate adjourned sine die, pursuant to the Constitution.
